The Princess And The Huntsman:

Grimm's fairy tales, Andersen's fairy tales, and The Arabian nights Jacob Ludwig C. Grimm, 1882 **Two Secrets and A Man of His Word** Hesba Stretton, 2020-09-28

About a stone's throw from the last house in the small country town of Armitage stood a cottage which had scarcely changed in aspect since it had been built two hundred years ago. The gambrel roof was high pitched and closely thatched with deep eaves under which the swallows built their nests; the little elbow in the slope of the gable gave it a quaint look as if the cottage had drawn a hood over its head. Along the top of the roof grew a row of purple flags which contrasted well with the brown thatch and golden lichens. Casements with small diamond windows glistened in the light. A garden full of old-fashioned flowers ran down from the road to the little porch which sheltered the door from rough weather and made a pleasant and shady seat in the summer. It was certainly the most picturesque dwelling in the neighbourhood. What is the name of your cottage, asked an artist who had just finished a sketch of it? Oh, it hasn't any name, sir, answered Joanna Terry; it's nothing only our home. She had been born there and had not been away from it for a whole week at a time for fifty-five years. She hardly knew any other house. The ground floor of the cottage contained a large old-fashioned living room with two very small ones opening out of it, one of which was a kind of scullery and the other the bedroom in which she had been born and where she had slept all her life. Under the gable of the thatched roof there was a large attic covering the whole area of the cottage with sloping ceiling and two windows, one at each end looking east and west. Joanna's mind could not grasp the idea of any improvement in the arrangement of her little homestead. The tall spare old woman was still very active and alert with an eye keen to detect every weed venturing to grow in the garden and every speck of dust that might blow in through the open window and door. Scarcely a bud opened on the roses and clematis climbing up the half-timber wall without her notice. The hollyhocks and sunflowers standing as erect as herself were every one known to her. The potato patch behind the cottage which her husband Amos Terry cultivated in his leisure time, the long rows of peas and beans, the beds of onions and lettuce, the fruit trees which paid their rent, they were almost like children to her. Indoors the old oak settle by the fireside, the oak table and dresser all shining with the active work of her own hands, teemed with associations and memories which formed the sum and substance of her life. The roof-tree was not more planted to the spot than Joanna was. Still more firmly rooted there, if possible, was her only child, Charlotte, who lived in the pleasant attic under the roof. She was lame and an invalid from a spinal complaint, the result of a fall when she was a little child. It was very seldom that she felt well enough to creep painfully down the rude staircase to the ground floor. But from her two windows her eye could overlook both of the garden patches lying before and behind the house and she knew everything growing in them as well as her mother did. Eastward her view was bounded by a low ridge of hill above which the morning clouds hung tinged with lovely hues, some time before the sun showed itself over the wooded outline. To the west there was a wide stretch of undulating land with meadows and coppices and scattered cottages ending far off in a glimpse of the sea.

which often glittered like gold under the setting of the sun Charlotte seldom missed seeing both sunrise and sunset She was thirty years of age now pallid and emaciated with the pathetic look in her eyes which cripples and deformed people so often have She looked almost as old as her mother The mother and daughter had been slowly changing places for the last fifteen years Charlotte was the adviser now the head of the little household the referee to whom every question was brought She was always brooding over schemes for her father and mother s comfort and suggesting gently what their actions should be from day to day Joanna was still young in spirit apt to act impetuously occasionally giving way to almost girlish fits of temper which she confessed and repented of by Charlotte s bedside It did not seem possible there could ever come a secret between these two

The Original Folk and Fairy Tales of the Brothers Grimm Jacob Grimm, Wilhelm Grimm, 2016-10-13 The original vision of Grimms tales in English for the first time When Jacob and Wilhelm Grimm published their Children s and Household Tales in 1812 followed by a second volume in 1815 they had no idea that such stories as Rapunzel Hansel and Gretel and Cinderella would become the most celebrated in the world Yet few people today are familiar with the majority of tales from the two early volumes since in the next four decades the Grimms would publish six other editions each extensively revised in content and style For the very first time The Original Folk and Fairy Tales of the Brothers Grimm makes available in English all 156 stories from the 1812 and 1815 editions These narrative gems newly translated and brought together in one beautiful book are accompanied by sumptuous new illustrations from award winning artist Andrea Dezs From The Frog King to The Golden Key wondrous worlds unfold heroes and heroines are rewarded weaker animals triumph over the strong and simple bumpkins prove themselves not so simple after all Esteemed fairy tale scholar Jack Zipes offers accessible translations that retain the spare description and engaging storytelling style of the originals Indeed this is what makes the tales from the 1812 and 1815 editions unique they reflect diverse voices rooted in oral traditions that are absent from the Grimms later more embellished collections of tales Zipes s introduction gives important historical context and the book includes the Grimms prefaces and notes A delight to read The Original Folk and Fairy Tales of the Brothers Grimm presents these peerless stories to a whole new generation of readers

Sixty Folk-Tales from Exclusively Slavonic Sources Albert Henry Wratislaw, 2011-11-04 There was a king who was already old and had but one son Once upon a time he called this son to him and said to him My dear son you know that old fruit falls to make room for other fruit My head is already ripening and maybe the sun will soon no longer shine upon it but before you bury me I should like to see your wife my future daughter My son marry The prince said I would gladly father do as you wish but I have no bride and don t know any The old king put his hand into his pocket took out a golden key and showed it to his son with the words Go up into the tower to the top story look round there and then tell me which you fancy The prince went without delay Nobody within the memory of man had been up there or had ever heard what was up there When he got up to the last story he saw in the ceiling a little iron door like a trap door It was closed He opened it with the golden key lifted it and went up above it There there was a large circular room The ceiling was blue like the sky on a clear night and silver stars glittered on it the floor was a carpet of green silk and around in the wall were twelve high windows in golden frames and in each window on crystal glass was a damsel painted with the colours of the rainbow with a royal crown on her head in each window a different one in a different dress each handsomer than the other and it was a wonder that the prince did not let his eyes dwell upon them When he had gazed at them with astonishment the damsels began to move as if they were alive looked down upon him smiled and did everything but speak Now the prince observed that one of the twelve windows was covered with a white curtain he drew the curtain to see what was behind it There there was a damsel in a white dress girt with a silver girdle with a crown of pearls on her head she was the most beautiful of all but was sad and pale as if she had risen from the grave The prince stood long before the picture as if he had made a discovery and as he thus gazed his heart pained him and he cried This one will I have and no other As he said the words the damsel bowed her head blushed like a rose and that instant all the pictures disappeared When he went down and related to his father what he had seen and which damsel he had selected the old king became sad bethought himself and said You have done ill my son in uncovering what was curtained over and have placed yourself in great danger on account of those words That damsel is in the power of a wicked wizard and kept captive in an iron castle of all who have attempted to set her free not one has hitherto returned But what s

done cannot be undone the plighted word is a law Go try your luck and return home safe and sound The prince took leave of his father mounted his horse and rode away in search of his bride It came to pass that he rode through a vast forest and through the forest he rode on and on till he lost the road And as he was wandering with his horse in thickets and amongst rocks and morasses not knowing which way to turn he heard somebody shout behind him Hi stop The prince looked round and saw a tall man hastening after him Stop and take me with you and take me into your service and you won't regret it Who are you said the prince and what can you do My name is Long and I can extend myself Do you see a bird's nest in that pine yonder I will bring you the nest down without having to climb up Long then began to extend himself his body grew rapidly till it was as tall as the pine he then reached the nest and in a moment contracted himself again and gave it to the prince You know your business well but what's the use of birds' nests to me if you can't conduct me out of this forest Ahem that's an easy matter said Long and began to extend himself till he was thrice as high as the highest fir in the forest looked round and said Here on this side we have the nearest way out of the forest He then contracted himself took the horse by the bridle and before the prince had any idea of it they were beyond the forest Before them was a long and wide plain and beyond the plain tall gray rocks like the walls of a large town and mountains overgrown with forest trees [A New English Grammar](#) John
