**The Red Hotel** Alan Philips, 2023-07-04 The untold history of Moscow's Metropol hotel a fervent spot of intrigue secrets and the center of Stalin's nefarious propaganda during WWII A Washington Post Best Book of the Year In 1941 when German armies were marching towards Moscow Lenin's body was moved from his tomb on Red Square and taken to Siberia By 1945 a victorious Stalin had turned a poor country into a victorious superpower Over the course of those four years Stalin at Churchill's insistence accepted an Anglo American press corps in Moscow to cover the Eastern Front To turn these reporters into Kremlin mouthpieces Stalin imposed the most draconian controls unbending censorship no visits to the battlefield and a ban on contact with ordinary citizens The Red Hotel explores this gilded cage of the Metropol Hotel They enjoyed lavish supplies of caviar and had their choice of young women to employ as translators and share their beds On the surface this regime served Stalin well his plans to control Eastern Europe as a Sovietised outer empire were never reported and the most outrageous Soviet lies went unchallenged But beneath the surface the Metropol was roiling with intrigue While some of the translators turned journalists into robotic conveyors of Kremlin propaganda others were secret dissidents who whispered to reporters the reality of Soviet life and were punished with sentences in the Gulag Using British archives and Soviet sources the unique role of the women of the Metropol both as consummate propagandists and secret dissenters is told for the first time At the end of the war when Lenin returned to Red Square the reporters went home but the memory of Stalin's ruthless control of the wartime narrative lived on in the Kremlin From the weaponization of disinformation to the falsification of history from the moving of borders to the neutralization of independent

states the story of the Metropol mirrors the struggles of our own modern era      **The Red Hat** John Bayley,2025-06-25 If Oscar Wilde were alive and well and writing in the 1990s *The Red Hat* by renowned critic John Bayley is precisely the kind of playful coyly erotic work of fiction he would have written Set in Holland and in Provence the first part of this elegant literary jaunt follows a trio of young Vermeer aficionados as they set forth for the Hague to see a Vermeer exhibition What begins as a simple journey turns quickly into a cheerfully tortuous race against time when the group unwittingly and mistakenly becomes enmeshed in an international terrorist ring The second part of the novel is narrated by Roland a young man who has read the first narrator's account of the fiascos in the Hague Setting off incognito refusing to believe the account true Roland searches for the original narrator whom he expects to find living a lonely existence in a world of make believe As he conducts his search and the two parts begin to play off one another *The Red Hat* slips between reality and fantasy exploring the complex metaphysics of personality and art Told by two separate narrators the first of whom has an obscured gender *The Red Hat* continues to twist and confound the reader who thinks he or she knows what will happen next As our expectations are repeatedly built up and subsequently uprooted an exquisitely delicious tension gathers strength until it too is overturned by new developments Constantly turning voraciously upon itself this delightful romp refuses to be pinned down Indeed in the deft hands of a skilled novelist like John Bayley nothing is what it seems to be a book that masquerades as a noir mystery turns out to be a Moliere like comedy of errors a woman who is kidnapped turns out to be the wrong victim the horny elevator man who runs the lift in the charming pension becomes a insatiable lover who may in fact be a Mossad agent and the narrator whose identity is revealed in the second half becomes a slave cheerful in bondage refusing to return to England Nothing ever turns out as it was supposed to be but all is well we are reassured in this dashing fictional debut by one of the senior men of letters      **Endangered Species** Richard Woodman,2024-04-02 Captain John Mackinnon and his ship the *Matthew Flinders* are embarking on their last voyage Both endangered species they symbolize the irreversible quiet decline of the British merchant fleet But this journey to Hong Kong will prove to be anything but quiet Internal tensions among the crew provoke unrest and lead to a navigation error steering them right into the violent destructive path of Typhoon David Suddenly the crew of the *Matthew Flinders* are no longer fighting for their livelihood but for their very lives Yet on the same seas other lives are at stake as well When Mackinnon feels compelled to rescue a boatload of Vietnamese refugees fleeing to Hong Kong he sets off an explosive chain of events that will lead to mutiny confrontation with Hong Kong authorities and the greatest challenge of his career      **Deconstructing Will Smith** Willie Tolliver,2022-01-10 Acclaimed actor and rap artist Will Smith has achieved a level of Hollywood fame rarely attained by a Black celebrity Early in his career Smith aspired to be the world's most famous movie star and being named the world's top film attraction in 2008 fulfilled his goal While his rise to a place of worldwide prominence and cultural relevance has made him iconic his accomplishments have not received the full and thorough acknowledgement and analysis they merit This is the first full length critical look at the significance of Will

Smith's achievements over a more than 30 year career. Many of his films have broken cultural norms by depicting Black men in groundbreaking social settings like the role of the world saving hero in his most popular films. In addition to analyzing Smith's filmography, this work contextualizes other popular and common portrayals of Black men in media and society. Finally, this book examines Smith's work in his middle age, ruminating on his ability to adapt to the realities of a new Hollywood.

Kortsch, 2016-05-13. In her immensely readable and richly documented book, Christine Bayles Kortsch asks us to shift our understanding of late Victorian literary culture by examining its inextricable relationship with the material culture of dress and sewing. Even as the Education Acts of 1870, 1880, and 1891 extended the privilege of print literacy to greater numbers of the populace, stitching samplers continued to be a way of acculturating girls in both print literacy and what Kortsch terms dress culture. Kortsch explores nineteenth-century women's education, sewing, and needlework, mainstream fashion, alternative dress movements, working-class labor in the textile industry, and forms of social activism, showing how dual literacy in dress and print cultures linked women writers with their readers. Focusing on Victorian novels written between 1870 and 1900, Kortsch examines fiction by writers such as Olive Schreiner, Ella Hepworth Dixon, Margaret Oliphant, Sarah Grand, and Gertrude Dix, with attention to influential predecessors like Elizabeth Gaskell, Charlotte Brontë, and George Eliot. Periodicals, with their juxtaposition of journalism, fiction, and articles on dress and sewing, are particularly fertile sites for exploring the close linkages between print and dress cultures. Informed by her examinations of costume collections in British and American museums, Kortsch's book broadens our view of New Woman fiction and its relationship both to dress culture and to contemporary women's fiction.     *The Mirror of Literature, Amusement, and Instruction*, Thomas Byerly, John
