State of Justice in India: Key texts on social justice in India Raṇabīra Samāddāra,2009

The Majority Report Shri Ram Kumar Ohri, IPS (Retd.),Shri Jai Prakash Sharma, IPS (Retd.),2013-10-18 Untold Story of Heart Rending Discrimination Against Hindus in Our India The Congress led UPA government which came into power in 2004 on the support of Muslims took a number of policy decisions which are patently against non Muslims In keeping with the Muslim demands it set up Sachar Committee Ranganath Misra Commission Committee on Muslim Minority Education including a separate Ministry of Minority Affairs Those conversant with the history of pre Independence India would recall that the Muslim League was established in 1906 after a memorandum was presented two months earlier to Viceroy Minto The memorandum had emphasized that Muslims were a minority with a imperial past The government while considering concessions to the community should bear this in mind The demands inter alia included separate electorates reservation in jobs in government departments and a Muslim university The 1909 Morley Minto reforms agreed to the demands minus the setting up of a University as the British felt that this would breed separatism As the process of self government gained momentum Muslims went on inflating their demands including the creation of new provinces wherein Muslims were in a majority Bihar Orissa and Sind were separated accordingly the NWFP was declared a Governor s province When Mahatma Gandhi appeared on the Indian political horizon he surrendered to the demands in the hope that Muslims would support the Congress in its demand for Independence They did but insisted that India should be divided on the basis of religion into Hindustan and Pakistan To reinforce their demand for a separate homeland the Muslim League declared in March 1940 that Muslims were a Nation and not a Minority It is on this basis that

India was divided The tragedy of India is that Nehru while directing the framing of India's Constitution introduced the word minority again The Congress led government of UPA has unleashed a full fledged programme for the creation of an Islamic State within the Indian Republic Messers Ohri and Sharma's book The Majority Report provides a detailed picture of how the Congress government has relentlessly pursued this objective This reminds one of the League's demands made in pre Independence India The book a compact volume of about 200 pages shows in detail how statistics data have been manipulated by the Sachar Committee to justify a set of special schemes According to the author This book brings out serious irregularities in the composition functioning and blatant partiality towards Muslims in the Sachar Committee Report headed by a former Chief Justice of a High Court The authors go on to observe that Prime Minister Manmohan Singh made an astounding statement on December 9 2006 proclaiming that the Muslims will have first claim to India's resources Did the Prime Minister forget the fact that there were crores of poor Hindus among the so called higher castes who also deserved to be helped What is not realized by the Hindus at large is that all these pro Muslim programmes have their financial implications Eventually it is the Hindus who will bear the cost of running such schemes and programmes Therefore the book deserves to be read by all who want to know how Hindus are being discriminated against and exploited by the Congress leadership for vote bank politics The writers have done a yeoman's service to the majority community by producing this book Published by Carried Publication a unit of Samarth

Divorce and Democracy Saumya Saxena, 2022-08-25 This book captures the Indian state's difficult dialogue with divorce mediated largely through religion By mapping the trajectories of marriage and divorce laws of Hindu Muslim and Christian communities in post colonial India it explores the dynamic interplay between law religion family minority rights and gender in Indian politics It demonstrates that the binary frameworks of the private public divide individuals versus group rights and universal rights versus legal pluralism collapse before the peculiarities of religious personal law Historicizing the legislative and judicial response to decades of public debates and activism on the question of personal law it suggests that the sustained negotiations over family life within and across the legal landscape provoked a unique and deeply contextual evolution of both secularism and religion in India's constitutional order Personal law therefore played a key role in defining the place of religion and determining the content of secularism in India's democracy

Indian Muslims and Citizenship Julten Abdelhalim, 2015-10-05 Through the creation of post colonial citizenship India adopted a hybridisation of specific secular and western conception of citizenship In this democratic framework Indian Muslims are observed on how they make use of the spaces and channels to accommodate their Islamic identity within a secular one This book analyses how the socio political context shapes citizens perceptions of multiple variables such as their sense of political efficacy agency conception of citizenship rights and belief in democracy Based on extensive surveys and interviews and through presenting and investigating the various meanings of jih d the author explores the usage of non Eurocentric conceptual approaches to the study of postcolonial and Muslim societies in particular

the meaning it carries in the psyche of the Muslim community She argues that through means of argumentative and spiritual jih d Indian Muslims fight their battle towards a realisation of citizenship ideals despite the unfavourable conditions of intra and inter community conflicts Presenting new examinations of Islamic identity and citizenship in contemporary India this book will be a useful contribution to the study of South Asian Studies Religion Islam and Race and Ethnicity *New Dimensions of Politics in India* Lawrence Saez, Gurharpal Singh, 2017-01-04 Following India s general election in May 2009 this book undertakes a critical evaluation of the performance of the United Progressive Alliance UPA It presents a thorough analysis of the UPA coalition government and by providing an understanding of the new innovations in the UPA s policies the book goes on to evaluate the effectiveness of these policies against their aims and objectives This book suggests that there is an analytical framework for assessing the political consequences of the policies and the UPA s success both at the national and state levels with particular reference to new policies in governance secularism and security These three areas constitute important fault lines between the main national political parties in India and provide an interesting point of departure to explore the new emerging trends as well as the strong underlying continuities between the UPA administration and its predecessors The book offers new insights into the structure of Indian politics and is a useful contribution to studies in South Asian Politics Governance and Political Parties *Report of the Committee of the Bombay Chamber of Commerce and Industry* Bombay Chamber of Commerce & Industry, 1978 *Engineering Economics Text & Cases | 20+ Real World Cases | 3e* D N Dwivedi, Dr H L Bhatia & Dr S N Maheshwari, This book provides guidance to the administrative personnel on how economic principles and theories can be applied to ensure the most efficient performance of their engineering functions The engineering function involves the activities and works of designing and constructing machinery engines electrical devices and roads and bridges The performance of all these activities involves financial human and time costs and yields benefits to the performers of these activities and to the society as whole A comprehensive analysis of how economic concepts and economic theories can be applied to resolve the economic problems confronted by the people as consumers producers factor owners and marketers has been provided in the first edition of this book In this new edition some important contributions have been to the subject matter of the Engineering Economics to make its scope more comprehensive Primarily a new Part i e Part V has been added to this revised edition containing two new chapters Ch 21 Cash Flows Investment and Equivalence and Ch 22 Time Value of Money The purpose of Ch 21 is to analyse how cash flows and investments made by the business firms affect the economy and create opportunities for further investments And Ch 22 highlights the reasons for change in the value of money and its effects on business transactions The second important contribution to this revised edition is the addition of twelve Case Studies to economic theories of the relevant chapters The objective of adding Case Studies to the book is to illustrate how economic theories can be and are applied to test their theoretical validity and to test the efficacy of managerial decisions Incidentally the Case Studies have been provided by some reputed academic faculties In addition in the

Indian Social Justice L.M. Khanna,2014-08-12 1990 was a year of severe turmoil in social history of India The acceptance of reservations in services for socially and educationally backward classes created protests and a number of young students lost their lives After a protracted case hearing in 1992 the Supreme Court severely castigated the Hindu social structure for its lack of egalitarian ethos four watertight compartments of four Varnas and a fifth of outcastes or Panchama It blamed it for centuries of discrimination against other backward classes in which the victims were condemned to follow their hereditary occupations It rejected the notion of equality and said there could be no equality between the unequal Although much of the literature to contradict the above colonial times versions of Hindu social structure appeared later there was enough literature to show even in 1992 that Varnas were not four watertight compartments the theory of caste occupation nexus did not have universal support and for ages there had been nothing lower than once born Shudra This book is an effort to answer what constituted the Hindu social structure what were its essences and what aberrations and constructs and how the law got misapplied in post independence India
