

O.G.T. SCIENCE TEST: *QUICK STUDY GUIDE*

PLATE TECTONICS

The Earth's outer layer is broken up into 7 **lithospheric plates**. This is sometimes referred to as the **CRUST**.

The plates move due to **convection currents** inside the **ASTHENOSPHERE** or **MANTLE**.

When the plates move, many things can happen including **volcano eruptions**, **earthquakes**, **mountain building**, **seafloor spreading**, etc..

ATOMS

protons = positive charge, found inside the nucleus.

electrons = negative charge, found in the "electron cloud" (surround the nucleus)

neutrons = neutral charge, found inside the nucleus

THE PERIODIC TABLE

The **atomic number** is equal to the **number of protons**. The *number of protons is equal to the number of electrons* in a neutral atom.

The **atomic mass** is equal to the **number of protons plus the number of neutrons**.

The **group number** (found at the top of each column) is equal to the **number of valence electrons**. This is used when drawing *electron dot structures*.

POTENTIAL ENERGY VS. KINETIC ENERGY

potential energy – an object's stored energy

Objects that are higher up or have more mass have a higher potential energy.

kinetic energy – an object's energy while in motion

DENSITY

$\text{density} = \text{mass/volume}$

Objects or substances that are **MORE** dense **SINK**.

Objects or substances that are **LESS** dense **RISE**.

NEWTON'S LAWS OF MOTION & GRAVITY

Newton's 1st Law: an object in motion stays in motion and an object at rest stays at rest

Newton's 2nd Law: $F = ma$

Newton's 3rd Law: for every action there is an equal and opposite reaction

Gravity: Under ideal conditions, objects fall to the ground at the same rate.

FOOD WEBS & ENERGY PYRAMIDS

FOOD WEBS show the **feeding relationships** between **plants and animals** in an ecosystem. *Arrows* show the relationships. They show the direction of energy transfer.

ENERGY PYRAMIDS show the **relative amounts of energy** at each **trophic level**. The amount of energy is greatest at the bottom of the pyramid and lowest at the top of the pyramid.

PYRAMID OF NUMBERS shows the **relative number of individuals** at each **trophic level**.

trophic level – each step in a food web or pyramid

SCIENTIFIC INQUIRY

Observations are made by gathering information about events or processes. An **inference** is a **logical interpretation** based on prior knowledge or experience.

A **hypothesis** is a **proposed scientific explanation** for a set of observations.

The variable that is **deliberately changed** is called the **manipulated variable**. The variable that is observed and changes in response to the manipulated variable is called the **responding variable**. A *control group* is not exposed to the independent variable so that it can be used as comparison to the experimental data.

LAST MINUTE NOTES:

Indigenous

Wellbeing and Enterprise Rick Colbourne, Robert B. Anderson, 2020-07-09 In this book we explore the economic wellbeing of Indigenous peoples globally through case studies that provide practical examples of how Indigenous wellbeing is premised on sustainable self-determination that is in turn dependent on a community's evolving model for economic development its cultural traditions its relationship to its traditional territories and its particular spiritual practices Adding to the richness

geographically these chapters cover North Central and South America Northern Europe the Circumpolar Arctic Southern Europe the Middle East Asia and Oceania and a resulting diverse set of Indigenous peoples The book addresses key issues related to economic environmental social and cultural value creation activities and provides numerous examples and case studies of Indigenous communities globally which have successfully used entrepreneurship in the pursuit of sustainable development and wellbeing Readers will gain practical understandings of the nature of sustainable economic development from a cross section of case studies of Indigenous perspectives globally The chapters map out the international development of Indigenous rights and the influence that this has had on Indigenous communities globally in asserting their sovereignty and acting on their rights to develop sustainable governance and economic development practices Readers will develop insights into the intersection of Indigenous governance with sustainable practice and community wellbeing through practical case studies that explain the need for Indigenous led economic development and governance strategies which are responsive to local regional national and international realities in developing sustainable Indigenous economies focused on economic environmental social and cultural value creation This book will be useful for Indigenous and non Indigenous business students studying undergraduate business or MBA programs who seek to understand the global context and the varied experiences of Indigenous peoples in developing sustainable economic development strategies that promote community wellbeing The Cumulative Book Index ,1973 A world list of books in the English language The Telegrapher ,1868

The American Catalogue ... July 1, 1876-Dec. 31, 1910 ,1941 Hoping to avoid the worry of caring for a valuable object Miss Teaberry gives away the locket her cat finds in the garden only to find herself enmeshed in a situation of escalating chaos *Frontiers in Natural Product Chemistry* Atta-ur-Rahman,2016-11-22 *Frontiers in Natural Product Chemistry* is an Ebook series devoted to publishing monographs that highlight important advances in natural product chemistry The Ebook series covers all aspects of research in the chemistry and biochemistry of naturally occurring compounds including coverage of work on natural substances of land and sea and of plants microbes and animals Reviews of structure elucidation biological activity organic and experimental synthesis of natural products as well as developments of new methods are included The second volume of the series brings seven reviews covering polyphenols of various types *Sambucus nigra* as a health promoter corrinoids in food samples flavonoids in infected plants and much more

Eventually, you will no question discover a supplementary experience and expertise by spending more cash. yet when? do you consent that you require to get those every needs gone having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more all but the globe, experience, some places, afterward history, amusement, and a lot more?

It is your categorically own period to do something reviewing habit. in the middle of guides you could enjoy now is **Ogt Science Short Answer Study Guide** below.
