English Language Learners in the Content Areas Florin Mihai, 2010-06-11 Assessing English Language Learners in the Content Areas A Research into Practice Guide for Educators seeks to provide guidance to classroom teachers staff developers and test item designers who want to improve ELL assessment outcomes particularly in the areas of math science and social studies The first two chapters of the book establish the background for the discussion of content area assessment for ELLs examining several important characteristics of this rapidly growing student population as well as critical legislation affecting ELLs and providing a description of various forms of assessment including how ELL assessment is different from the assessment of English proficient students Important assessment principles that educators should use in their evaluation of tests or other forms of measurement are provided Other chapters review ELL test accommodations nationwide because surprisingly most teachers do not know what they can and cannot allow and the research on the effectiveness of these types

of accommodations The book analyzes the characteristics of alternative assessment it discusses three popular alternative assessment instruments performance assessment curriculum based measurement and portfolios and makes recommendations as to how to increase the validity reliability and practicality of alternative assessments The book proposes fundamental assessment practices to help content area teachers in their evaluation of their ELL progress *Psalm 23 in the Classroom* Wayne McCamey, 2022-09-08 When I became a principal my teachers gifted me with a book written by Philip Keller who wrote a book about taking care of his own flock of sheep Treating sheep with kindness and always watching for their safety is not unlike being a parent teacher or school principal doing the same activities for children or students in their care Respected teachers voices are remembered and loved long after students graduate and have their own families Psalm 23 in the Classroom shares moments of kindness and difficulties that arise when working with students teachers and parents A shepherd and a teacher must have similar management skills for success to be achieved The last part of Psalm 23 in the Classroom contains eight biology lessons that were fun to teach because students were highly interested in the lessons The lesson comparing evolution to creation lasted for three days One day was spent on evolution theories one day on the biblical creation and one day on scientific information mentioned in scripture hundreds and even thousands of years before modern science confirmed what the Bible already explained The last lessons were about mankind s reproductive systems These lessons were taught for sixteen years without a problem from parents administrators or the Six O clock News When I became an elementary principal these same lessons were taught to grade 6 students without problems My favorite saying to students was Were the different components of male and female reproduction systems an accident of nature or were they planned to complement each other
