

Ethical Problems in Corruption

✓ Exclusively available on IvyPanda

Introduction

Allegations of corruption mean different things to different people. Traditionally, has been defined as the use of position or status for personal gain. This could be in the form of an economic or other favors which may include sexual favors, among others (Martinelli & Thomas, 2006).

This means that corruption is a form of abuse of power. There are various forms of corruption in the police force, including bribery, fabrication of evidence, violence and brutality, favoritism, nepotism and even racism.

In addition, others are involved in drug syndicates. Whenever police are called in, it is normally expected that they will provide solutions to the social problems or crimes. However, one form of corruption that threatens the conduct of those involved in law enforcement is the noble cause corruption.

The police are normally entrusted by the society to provide security but whenever they go beyond the powers and authority vested upon them in trying to accomplish legitimate ends, it is normally referred to as "noble cause corruption" (Martinelli & Thomas, 2006).

Noble cause corruption is corruption committed by the law enforcement officers with good intentions in order to achieve good ends (Martinelli & Thomas, 2006).

It normally occurs when police officers care very much about their work and therefore violate the set ethical and legal standards in order to pursue what they consider to be in the best interest of the society. This implies that they involve in unethical behaviors in order to remove the bad guys in the society from the streets.

Ethically-informed decisions

Noble cause corruption is normally aimed at protecting the public and the police usually go out their way and involve every possible means to ensure safety of

Term Paper On Corruption:

A Research Agenda for Studies of Corruption Alina Mungiu-Pippidi, Paul M. Heywood, 2020-05-29 This interdisciplinary Research Agenda contains state of the art surveys of the field of corruption and points towards an agenda for future research. This comprehensive work covers the main approaches to diagnosing analysing and measuring corruption as well as the ways to tackle it. Chapters explore top political and grassroots corruption buying and stealing votes corruption in relation to gender and the media digital anti corruption and an examination of whistleblowing and market based tools. *Greed, Corruption, and the Modern State* Susan Rose-Ackerman, Paul Lagunes, 2015-09-25 What makes the control of corruption so difficult and contested Drawing on the insights of political science economics and law the expert contributors to this book offer diverse perspectives. One group of chapters explores the nature of corruption in democracies and autocracies and reforms that are mere facades. Other contributions examine corruption in infrastructure tax collection cross border trade and military procurement. Case studies from various regions such as China Peru South Africa and New York City anchor the analysis with real world situations. The book pays particular attention to corruption involving international business and the domestic regulation of foreign bribery. *Handbook of Global Research and Practice in Corruption* Adam Graycar, Russell G. Smith, 2011-01-01 Graycar and Smith's excellent edited volume studies corruption as a pervasive global phenomenon. The chapters move from general overviews to in depth studies of corruption prone sectors such as forestry financial markets public procurement and trade in diamonds and art. The volume is an important contribution to the international study of corruption that mixes scholarly analysis with practical recommendations for the control and prevention of corruption both international initiatives and country or sector specific policies. Susan Rose Ackerman Yale Law School US Corruption is on top of the agendas of practitioners and scholars in public administration all over the world. This volume addresses questions no one can neglect and comes up with answers we should not miss. Leo Huberts VU University Amsterdam The Netherlands This Handbook will serve as an invaluable resource for scholars students and public officials interested in understanding corruption and its control. James B Jacobs NYU School of Law US Corruption is a global phenomenon with costs estimated to be in the trillions of dollars. This source of original research and policy analysis deals with the most important concepts and empirical evidence in foreign corrupt practices globally. Handbook of Global Research and Practice in Corruption includes research from all continents and provides a critical analysis of the key issues of corruption and its control. Through rigorous analysis and theoretical foundations this book provides a multi disciplinary and international account of corruption from the perspectives of public policy criminal law and criminology as well as considering principles of prevention and control in both the public and private sectors. With original and empirical analyses this unique book will appeal to academics researchers and students in international business and international law staff of crime and corruption commissions and police integrity agencies as well as international organisations such as the World Bank IMF Transparency International and the World

Economic Forum **Corruption in Public Administration** Davide Torsello, 2016-08-26 Despite the growth in literature on political corruption contributions from field research are still exiguous This book provides a timely and much needed addition to current research bridging the gap and providing an innovative approach to the study of corruption and integrity in public administration

The Routledge Handbook of Anti-Corruption Research and Practice Joseph Pozsgai-Alvarez, Roxana Bratu, 2025-06-30 The Routledge Handbook of Anti Corruption Research and Practice takes a multidisciplinary and multidimensional approach to provide a comprehensive exploration of the processes conditions and activities that hold the potential to control corruption Building on existing knowledge gathered from a variety of social science sources it strives to provide analytical emancipation of and coherence to anti corruption studies Anti corruption transcends the traditional boundaries of state actors involving individual and organizational business actors civil society groups members of the media accounting and legal professions as well as sports associations and other non traditional actors This handbook adopts a holistic approach to reflect the rich nature of the manifestations of anti corruption past and present and the possible shapes it may still take in the future This handbook is a key reference for scholars students and practitioners engaged in the study and practice of anti corruption corruption democracy public administration comparative politics as well as more broadly to the wider social sciences

Anti-Corruption Evidence Rick Stapenhurst, Rasheed Draman, Brooke Larson, Anthony Staddon, 2019-05-03 This book discusses parliamentary oversight and its role in curbing corruption in developing countries Over the past decade a growing body of research at the global and regional levels has demonstrated that parliamentary oversight is an important determinant of corruption and that effective oversight of public expenditure is an essential component of national anti corruption strategies and programs However little research has been undertaken at the country level regarding how parliamentary oversight is undertaken which oversight mechanisms are effective or on how national parliaments interact with other anti corruption stakeholders This book presents the results of a new large scale quantitative analysis which identifies the mechanisms through which institutional arrangements impact corruption specifically through country case studies on the Caribbean region Ghana Myanmar Nigeria Tanzania and Uganda Addressing a gap in scholarly knowledge while presenting practical policy advice for parliaments and for anti corruption assistance agencies this book will be of use to scholars interested in development anti corruption public finance as well as members of parliament anti corruption practitioners and organizations working in parliamentary strengthening

The Social Construction of Corruption in Europe Dirk Tänzler, Konstadinos Maras, 2016-02-24 The volume demonstrates the suitability of the theory of social constructivism in portraying and analyzing the diversity of the phenomenon of corruption The approach of social constructivism taken in this volume is able to reconstruct the construction of corruption both from a societal perspective by assessing it as generally accepted or tolerated behaviour in more or less standardized rule governed social situations and from the perspective of actors who perceive corrupt behaviour as problem solving in everyday life The volume proves the

usefulness of a social construction perspective for empirical research It contains case studies of social definitions of corruption in eleven European countries that contribute in different ways to establishing a grounded theory of the phenomenon of corruption **Institutional Corruption** Seumas Miller,2017-10-12 This book integrates theoretical accounts of corruption with practical approaches to combating corruption in various public and private sector settings

Handbook on Corruption, Ethics and Integrity in Public Administration Adam Graycar,2020-07-31 This timely Handbook unpacks the underlying common factors that give rise to corrupting environments Investigating opportunities to deliver ethical public policy it explores global trends in public administration and its vulnerability to corruption today as well as proposing strategies for building integrity and diminishing corruption in public sectors around the globe Corrupt Exchanges Donatella Della Porta,Alberto Vannucci,1999-01-01 Political corruption has traditionally been presented as a phenomenon characteristic of developing countries authoritarian regimes or societies in which the value system favored tacit patrimony and clientelism Recently however the thesis of an inverse correlation between corruption and economic and political development and therefore democratic maturity has been frequently and convincingly challenged Countries with a long democratic tradition such as the United States Belgium Britain and Italy have all experienced a combination of headline grabbing scandals and smaller scale cases of misappropriation In Corrupt Exchanges primary research on Italian cases judicial proceedings in depth interviews parliamentary documents and press databases combined with a cross national comparison based on a secondary analysis of corruption in democratic systems is used to develop a model to analyze corruption as a network of illegal exchanges The authors explore in great detail the structure of that network by examining both the characteristics of the actors who directly engage in the corruption and the resources they exchange These processes of degeneration have caused a crisis in the dominant paradigm in both academic and political considerations of corruption The book is organized around the analysis of the resources that are exchanged and of the different actors who take part Politicians in business illegal brokers Mafia members protected entrepreneurs and party appointed bureaucrats exchange resources on the illegal market altering the institutional system of interactions between the state and the market In this complex web of exchanges bonds of trust are established that allow the corrupt exchange to thrive The book will serve both as a theoretical approach to a political problem of large bearing on democratic institutions and a descriptive warning of a system in peril Governance, Corruption, and Economic Performance Mr.Sanjeev Gupta,Mr.George T. Abed,2002-09-24 This volume presents 18 IMF research studies on the causes and consequences of corruption as well as how it can most effectively be combated to improve governance increase economic growth and reduce poverty The authors examine how civil service wages affect corruption the impact of natural resource availability on corruption the impact of corruption on a country s income distribution and incidence of poverty and the effect of corruption on government expenditures on health and education **The Political Economy of Corruption** Arvind K. Jain,2001-06-07 Grand corruption generally used to

define corruption amongst the top political elite has drawn increasing attention from academics and policy makers during recent years Our understanding of the causes and mechanisms of this type of corruption however falls short of its importance and consequences This volume provides theoretical analysis of The Transnationalization of Anti-Corruption Law Régis Bismuth, Jan Dunin-Wasowicz, Philip M. Nichols, 2021-05-27 The last twenty years have witnessed an astonishing transformation the fight against corruption has grown from a handful of local undertakings into a truly global effort Law occupies a central role in that effort and this timely book assesses the challenges faced in using law as it too morphs from a handful of local rules into a global regime The book presents the perspectives of a global array of scholars of policy makers and of practitioners Topics range from critical theoretical understandings of the global regime as a whole to regional and local experiences in implementing and influencing the regime including specific legal techniques such as deferred prosecution agreements addressing corruption issues in dispute resolution whistleblower protection civil and administrative prosecutions as well as blocking statutes The book also includes discussions of the future shape of the global regime the emergence of transnational compliance standards and discussions by leaders of international organizations that take a leading role in the transnationalization of anti corruption law The Transnationalization of Anti Corruption Law deals with the most salient aspects of the global anti corruption regime It is written by people who contribute to the structure of the regime who practice within the regime and who study the regime It is written for anyone interested in corruption or corruption control in general anyone with a general interest in jurisprudence or in international law and especially anyone who is interested in critical thinking and analysis of how law can control corruption in a global context

The Macroeconomics of Corruption Maksym Ivanyna, Alex Mourmouras, Peter Rangazas, 2021-04-20 This textbook examines corruption through a macroeconomic lens exploring the relationship between corruption fiscal policy and political economy It merges macroeconomic growth models with elements of political economic theory to address important applied topics such as income inequality within and across countries growth slowdowns and fiscal crises Revised and updated to include new research findings and recent policy discussions the second edition contains 15 new sections and 2 new chapters on topics such as public defaults the wage elasticity of work and the interest elasticity of saving and the economic and fiscal impact of the 2020 pandemic Most of the basic ideas are illustrated using a two period model of government investment that captures the future cost of policies that favor the present The more subtle and advanced issues are illustrated and in some cases quantified using the overlapping generations model of economic growth The models used to illustrate the mechanisms of economic growth are extended to incorporate politics and the behavior of public official The text concludes with a thorough discussion of policy reforms designed to address the issues discussed in earlier chapters Intended for students familiar with intermediate level economics the second edition contains a technical appendix expanded end of chapter questions and problems and a complete solutions manual The second edition also offers updated resources for instructors including sample

syllabi and over 550 multiple choice questions Offering a unified explanation for the causes and consequences of government failure fiscal crisis and needed policy reforms this text is appropriate for advanced undergraduate and beginning graduate courses in macroeconomics political economy and public policy *Political Corruption* Arnold J. Heidenheimer, Michael Johnston, Victor T. LeVine, 2024-12-20 Are phenomena labeled as corrupt subject to systematic social science investigation or does corruption lie so much in the eye of the beholder as to frustrate serious analysis The editors of this volume which follows up an important earlier work on the same subject hold that the comparative perspective involving both comparisons over time and comparisons between systems is crucial if the study of corruption is to reach the point where it can be studied as a socio political phenomenon The studies of political corruption included here pertain to all areas of the world but especially to the United States Communist systems and Europe Most were published during the last fifteen years and some were written especially for the volume Although the editors are political scientists scholars from all social science disciplines as well as law history and communications are represented among the authors of the approximately sixty selections included in this volume The first of the book's four parts deals with changing conceptualization and definition in the study of corruption The second part examines the incidence of corruption in the context of political development and modernization The third part examines the special vulnerability of some local national and international systems to corrupt practices In the final part perceptions of corruptions are related to scandal and other social control efforts as well as to studies of the effect and consequences of corruption *Corruption in Higher Education* Elena Denisova-Schmidt, 2020-06-08 The lack of academic integrity combined with the prevalence of fraud and other forms of unethical behavior are problems that higher education faces in both developing and developed countries at mass and elite universities and at public and private institutions While academic misconduct is not new massification internationalization privatization digitalization and commercialization have placed ethical challenges higher on the agenda for many universities Corruption in academia is particularly unfortunate not only because the high social regard that universities have traditionally enjoyed but also because students young people in critical formative years spend a significant amount of time in universities How they experience corruption while enrolled might influence their later personal and professional behavior the future of their country and much more Further the corruption of the research enterprise is especially serious for the future of science The contributors to *Corruption in Higher Education Global Challenges and Responses* bring a range of perspectives to this critical topic

Integrity, Transparency and Corruption in Healthcare & Research on Health, Volume I Kıymet Tunca Çaliyurt, 2020-02-03 This book grapples with the numerous risks organizations face in order to succeed These include economic risks disaster risks supply chain risks regulatory risks and technology risks all of which affect organizations in different ways and in varying degrees Referencing Mahatma Gandhi's seven unethical behaviors in the business world wealth without work pleasure without conscience knowledge without character commerce without morality science without

humanity religion without sacrifice and politics without principle the authors analyze the healthcare sector As competition in the health sector increases there has also been a rise in unethical behavior Corruption in the health sector results in severe consequences as it could affect the health of millions This volume explores fraud schemes and cases legislation to avoid cheating lack of law transparency ethical issues corporate governance and transparency in the health and pharmaceutical sector bringing together the perspectives of practitioners professionals as well as academic authors *Handbook of Research on Theory and Practice of Financial Crimes* Rafay, Abdul,2021-03-18 Black money and financial crime are emerging global phenomena During the last few decades corrupt financial practices were increasingly being monitored in many countries around the globe Among a large number of problems is a lack of general awareness about all these issues among various stakeholders including researchers and practitioners The Handbook of Research on Theory and Practice of Financial Crimes is a critical scholarly research publication that provides comprehensive research on all aspects of black money and financial crime in individual organizational and societal experiences The book further examines the implications of white collar crime and practices to enhance forensic audits on financial fraud and the effects on tax enforcement Featuring a wide range of topics such as ethical leadership cybercrime and blockchain this book is ideal for policymakers academicians business professionals managers IT specialists researchers and students *Directors' Duties and Corporate Anti-Corruption Compliance* Patrick J. O'Malley,2021-01-29 This discerning book examines good governance developments concerning anti bribery efforts in the US and the UK recognising that with each new major case of corporate malfeasance the parameters of directors duties change and expand Taking this expansion of roles and expectations into account and acknowledging the respective increase in exposure to civil criminal and reputational liabilities Patrick J O Malley compares the fundamental national compliance experiences of the US and UK Investigating anti bribery corporate and securities law and guidance this engaging book explores systemic expectations of directors executive officers and compliance personnel in public and private companies **Sector-Based Action Against Corruption** Mark Pyman,Paul M. Heywood,2024-05-31 This open access book provides an accessible insight into how to tackle corruption in organisations and institutions It explains how to recognise and analyse corruption issues together with knowledge and advice on how they can be avoided prevented or minimised It also provides a framework through which readers can examine what strategies are available to tackle corruption issues a rationale for how to prioritise strategies depending on circumstances and context and guidance on how to critique various options The book will appeal to professionals and practitioners as well as academics interested in governance and corruption
