Hearings United States. Congress. House,1959 Belle Starr Michael Wallis,2025-06-24 In this definitive biography of the most infamous female outlaw of the nineteenth century best selling historian Michael Wallis challenges a notorious legacy In the annals of legendary Wild West desperadoes Belle Starr is remembered to this day as the Bandit Queen Shortly after her murder in 1889 a highly romanticized sensational book titled Bella Starr The Bandit Queen or the Female Jesse James was published the first in a series of high profile portraits to brand Starr as a villain Now celebrated author Michael Wallis parses over a century of mythmaking to reveal the woman behind the renegade legend Wielding compelling research including correspondence official records and contemporary newspaper accounts Wallis traces Starr s beginnings to Carthage Missouri where she was born Myra Maibelle Shirley in 1848 and was classically educated to be a Southern belle Myra s early years were characterized by the chaotic violence of the Civil War she was traumatized by the death of her brother who was killed riding with bushwhackers one of the many insurgent guerilla groups supporting the Confederate Army From then on she swore revenge against all Yankees and became a willing friend to any brave and gallant outlaw The crimes committed by Starr s innermost circle stagecoach stickups bank robbery horse theft would take her from war torn Carthage to rollicking Scyene Texas until she finally settled in Indian Territory present Oklahoma And although Starr indeed ran in the same circles as notorious outlaws Jesse James and the Younger brothers the crimes ascribed to her were greatly embellished including the fact that the allegedly bloodthirsty Starr more than likely never killed a single person Turning a redemptive eye to Belle Starr s tarnished legacy Wallis crafts an illuminating portrait of a woman demonized for refusing to accept the genteel Victorian ideals expected of her a woman who chose instead to live her life outside the law riding sidesaddle with a pearl handled Colt 45 strapped to her hip **Charlotte Brontë, Embodiment and the Material World**
