Reminiscences Of A Stock Operator Illustrated:

The Reminiscences of a Stock Operator Collection Edwin Lefèvre, Jon D. Markman, 2012-05-04 A classic collection of titles featuring one of the world's greatest traders Jesse Livermore. Jesse Livermore won and lost tens of millions of dollars playing the stock and commodities markets during the early 1900s at one point making ten million dollars in one month of trading an astronomical sum for this time. His ideas and keen analyses of market price movements are as true today as they were when he first implemented them. Now for the first time ever The Reminiscences of a Stock Operator Collection brings together three classic titles based on this unique individual and offers profound insights into his motivations, attitudes, and strategies. Reminiscences of a Stock Operator the fictionalized biography of Jesse Livermore has endured over seventy years because traders and investors continue to find lessons from Livermore's experiences that they can apply to their own endeavors. Reminiscences of a Stock Operator Illustrated Edition reproduces the original articles by Edwin Lefèvre and drawings by M. L. Blumenthal published in the Saturday Evening Post in the 1920s. Reminiscences of a Stock Operator Annotated Edition bridges the gap between Edwin Lefèvre's fictionalized account of Livermore's life and the actual historical events, places, and people that populate the book. Throughout the book there are notes that detail the actual companies, people, or situations that Livermore encountered. Engaging and informative, this collection provides a complete picture of Livermore's life and trading strategies and offers tremendous value to today's serious investor or trader.

Reminiscences of a Stock Operator Edwin Lefèvre, 2006 There is nothing new in Wall Street. There can't be because speculation is as old as the hills. Whatever happens in the stock market today has happened before and will happen again. The desire for constant action irrespective of underlying conditions is responsible for many losses in Wall Street even among professionals. I never lose my temper over the stock market. I never argue the tape. Getting sore at the market doesn't get you anywhere. They say you can never go poor taking profits. No, you don't. But neither do you grow rich taking a four point profit in a bull market. Where I should have made twenty thousand I made two thousand. That was what my conservatism did for me. Remember that stocks are never too high for you to begin buying or too low to begin selling. A man may see straight and clearly and yet become impatient or doubtful when the market takes its time about doing as he figured it must do. That is why so many men in Wall Street nevertheless lose money. The market does not beat them. They beat themselves because though they have brains they cannot sit tight. After spending many years in Wall Street and after making and losing millions of dollars I want to tell you this. It never was my thinking that made the big money for me. It always was the sitting. Got that? My sitting tight. Losing money is the least of my troubles. A loss never bothers me after I take it. But being wrong, not taking the loss, that is what does the damage to the pocketbook and to the soul. Prices like everything else move along the line of least resistance. They will do whatever comes easiest. The speculator's chief enemies are always boring from within. It is inseparable from human nature to hope and to fear. In speculation when the market goes against you hope that every day will be the last day and you lose more than you should.

had you not listened to hope the same ally that is so potent a success bringer to empire builders and pioneers big and little And when the market goes your way you become fearful that the next day will take away your profit and you get out too soon Fear keeps you from making as much money as you ought to The successful trader has to fight these two deep seated instincts Instead of hoping he must fear instead of fearing he must hope **Reminiscences of a Stock Operator.**
