Jeff Benedict

Open By Andre Agassi Knopf November 29 2009:

LeBron Jeff Benedict,2024-04-09 Presents a definitive biography of one of the greatest athletes of all time that chronicles not only LeBron James meteoric rise to fame but also his solid family political activism and business empire **The End of Work** John Tamny,2018-05-07 From the author of Popular Economics comes a surprisingly sunny projection of America's future job market Forget the doomsday predictions of sour faced nostalgists who say automization and globalization will take away your dream job The job market is only going to get better and better according to economist John Tamny who argues in **The End of Work** that the greatest gift of prosperity beyond freedom from painful want is the existence of work that is interesting **The Only Way to Win** Jim Loehr,2012-05-08 Why Winning with Character Is the Only Way to Win The conditioning begins early in our lives Great achievements will bring lasting happiness and fulfillment great achievements form the bedrock of stable self esteem and strong character great achievements will become the foundation for a successful life If these well intentioned promises are true why does winning never seem to be enough In **The Only Way to Win** Jim Loehr draws upon two decades of work with Fortune 500 executives world class athletes such as Monica Seles Dan Jansen and Eric Lindros and other high achievers at the Human Performance Institute HPI to reveal surprising insights about achievement motivation Specifically Loehr finds that the blind pursuit of external achievement often results in emptiness addiction and ironically poor performance It's not really about what you achieve he argues it's about who you become as a consequence of the chase As Loehr powerfully demonstrates success at work and fulfillment in life require a complete re purposing of achievement one where value is derived from growth in areas such as integrity honesty gratefulness humility optimism and compassion To help readers start this process he provides them with the tools they need to develop these character traits as well as the plan they need to use them effectively A compelling practical and hopeful read filled with relatable stories and useful exercises **The Only Way to Win** will serve as a powerful wake up call for business leaders employees teachers and coaches It will also provide inspiration for readers looking to perform better achieve more and change both their own lives and those of the people they influence Jim Loehr is a world renowned performance psychologist co founder of the Human Performance Institute and author of fifteen books including his most recent *The Power of Story* He also co authored the national bestseller *The Power of Full Engagement* *The Publishers Weekly* ,2009 **The Geek Way** Andrew McAfee,2023-11-14 The Economist's Best Books of 2023 Forbes Top 10 Business Books of 2023 Financial Times Monthly Best Business Books to Read Pick In this handbook for disruptors Eric Schmidt **The Geek Way** reveals a new way to get big things done It will change the way you think about work teams projects and culture and give you the insight and tools you need to harness our human superpowers of learning and cooperation What is being geeky It's being a perennially curious person one who's not afraid to tackle hard problems and embrace unconventional solutions McAfee shows how the geeks have created a new culture based around four norms science ownership speed and openness The geek way seems odd at first It's not

deferential to experts fond of planning and process afraid of mistakes or obsessed with winning But it explains everything from why Montessori babies turn out to be creative tinkerers to how newcomers are disrupting industry after industry and still just getting started When all four norms are in place a culture emerges that is freewheeling fast moving egalitarian evidence driven argumentative and autonomous Why does the geek way work so much better McAfee provides an original answer because it taps into humanity's superpower which is our ability to cooperate intensely and learn rapidly By providing insights from the young discipline of cultural evolution McAfee shows that when we come together under the right conditions we quickly figure out how to build reusable spaceships and self correcting organizations Under the wrong conditions though we create bureaucracy chronic delays cultures of silence and the other classic dysfunctions of the Industrial Era Mixing cutting edge science history analysis and stories that show the geek way in action McAfee offers a new way to see the world and empowering tools for seizing the big opportunities of today and tomorrow

Ambition Deborah L. Rhode, 2021-08-02 An engaging account of ambition the forces that drive and constrain it and whether it serves our deepest needs Ambition is a dominant force in for human civilization driving its greatest achievements and most horrific abuses Our striving has brought art airplanes and antibiotics as well as wars genocide and despotism This mixed record raises obvious concerns about how we can channel ambition in the most productive directions In Ambition Deborah L Rhode offers a comprehensive and engaging survey of the topic that focuses in particular on the nature of ambition in contemporary American life To do this she first explores three central focuses of ambition recognition power and money and argues that an excessive preoccupation with these external markers for success can be self defeating for individuals and toxic for society She then shifts to discussing the obstacles to constructive ambition and the consequences when ambitions are skewed or blocked by inequality and identity related characteristics such as gender race class and national origin Rhode further addresses the ways that families schools and colleges might play a more effective role in developing positive ambition Finally she examines what sorts of ambitions contribute to sustained well being such as building relationships and contributing to society rather than chasing extrinsic rewards such as wealth power and fame Drawing upon leading thinkers on the topic and contemporary social science research while laying out an agenda for how ambition can be better developed Ambition will force us reconsider the factors that shape our ambitions and whether those ambitions meet our deepest needs and highest aspirations

Open: An Autobiography Andre Agassi, 2009-11-09 He is one of the most beloved athletes in history and one of the most gifted men ever to step onto a tennis court but from early childhood Andre Agassi hated the game

The Whirl Andre Agassi, 2015-08-25 What's heaven to seven year old Andre Agassi To never play tennis again Yet his father has other plans Mike Agassi was born in Iran where Allied soldiers gave him a racket after the war and introduced him to the game He shaves without soap or cream boxed in the Olympics and speaks five languages The sixth is tennis And his greatest dream is for his son to become number one in the world A selection from the acclaimed autobiography Open this is the tumultuous

first confrontation between father and son between the lines of the court a searching portrait of Agassi before fame and success **Open** Andre Agassi, 2009 J'ai sept ans et je parle tout seul parce que je suis effrayé et parce que je suis le seul qui veuille bien m'écouter Je murmure entre mes dents Abandonne André laisse tomber Pose ta raquette et va t'en de ce court immédiatement Est-ce que ce ne serait pas une bonne idée Est-ce que ça ne ressemblerait pas au paradis André De laisser tomber De ne plus jamais jouer au tennis André Agassi découvre le tennis Il a joué pendant vingt ans poussé par un père tyrannique s'est battu porté par la rage de vaincre il a gagné souvent souvent parfois mais surtout il a toujours électrisé les foules Et l'engouement du public pour l'athlète doit beaucoup à l'homme qu'il est son charisme et sa force sa vitalité Et c'est ainsi qu'il se livre ici sans concession ni masque sulfureux parfois humain surtout De ses erreurs ses conquêtes du chaos punk des années 1980 sa Fondation dédiée aux enfants défavorisés le kid de Las Vegas revient sur son parcours extraordinaire celui d'un homme qui a choisi d'utiliser son succès pour changer le monde
