Women's Contribution to Higher Education and Social Transformation Lucy A. Wakiaga, 2022-05-16 This book provides deep insights about women in higher education and their contributions to society Using Kenya as a case study it places women in higher education at the center of the socioeconomic political and cultural discourse both within and outside the higher education institution It is notable that even with the progress made both in Kenya and globally gender considerations in social economic political and cultural spheres is still minimal In higher education gender imbalance is still distinct in varied areas such as career advancement leadership mentorship and scholarship opportunities In society women s efforts still seem to go unnoticed The aim of these chapters therefore is to share women s research in higher education and in society especially innovative policy and practice concepts all aimed at contributing to social transformation      *Proceedings of the 10th Focus Conference (TFC 2023)* Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, Ntombikhona Khuzwayo, Mandlenkosi Mhlongo, 2023-11-03 This is an open access book The 2023 Focus Conference will focus on Goal Four Quality Education of the United Nations UN Sustainable Development Goals SGD Goal Four is seized with providing equal access for all women and men to affordable and quality technical vocational and tertiary education including university Quality education in this context means the ability to function provide and derive value in society The theme of the conference is therefore coined as The Role of Higher Education in the Attainment of Sustainable Quality Education Through this theme the conference will provide a space for participants to share practical knowledge experiences and possible solutions to the myriad of problems that confront the higher education sector Universities are often thought of as ivory towers far removed from the realities that confront global societies To compound this higher education is increasingly being questioned for its relevance in providing practical and innovative solutions to existing societal problems

Such questions often navigate around the relevance of the academic programmes being offered curriculum the capacity of staff employability of graduates and generally the ability of these institutions to understand why they exist Indeed higher education s role in creating a sustainable future will presumably take on greater importance as the world continues to become increasingly globalised and interdependent
