**Envisioning the Worst** Linda Merians,2001 Tracing all the pre colonial representations of Hottentots and Hottentotism operative in early modern England allows us to see the birth and the development of a prejudice that became central to the nation In their constructions of Hottentots the English found a way to vent their own fear anger and conflict about themselves and their society particularly as they were transforming and redefining their nation as imperial Great Britain The very invention of the Hottentots shows that the English needed to envision a worst people in order to imagine themselves as the world s most advanced people **BOOK JACKET** Biblical Studies on the Internet Roland H.
