The McKenzie Files 3 Obliteration:

The McKenzie Files, Book 3: Obliteration Barry K. Nelson, 2015-01-10 The three reprogrammed Brelac Replids forming the special team Silencers still faithfully serve the United Protectorate under the watchful monitoring of the Central Intelligence Division Stationed on Maseklos Prime Colin McKenzie Diane Christy and Kelly Lytton are called to a hostage scene and end up with clues that lead to the elusive Dr Arthur Trevors Although initially a traitor who worked undercover with the Brelac Trevors was in large part responsible for the capture and reprogramming of Colin Diane and Kelly so they could serve their current function as weapons for the Protectorate The war with the Brelac is not going well and the Silencers are given an advanced warp drive ship and sent beyond their home quadrant Poseidon to the last known coordinates of a missing ship Their mission is to locate the missing ship part of an original task force of five ships sent out to find other human colonies and enlist their help with the war against the Brelac As soon as Colin and his team leave the quadrant they run into trouble and things go downhill from there They find themselves in the midst of a war between local factions on a planet far from home and feel obliged to aid the human faction against a clearly superior force that seems to have help from a monster who leaves a wake of death and destruction wherever it goes The more they find out the weirder things get and they end up stranded with no way home much less any hope of completing their original mission to find the lost task force ship This new enemy they face seems invincible and they wonder if they ll survive as everything and everyone around them is destroyed Maybe this time not even their Replid powers will save them But what other hope does humanity have

Fleming, **A Chronology and Calendar of Documents Relating to the London Book Trade 1641-1700** Donald Francis McKenzie, Maureen Bell, 2005-12-15 The Chronology and Calendar of Documents relating to the London Book Trade 1641 1700 presents abstracts of documents

relating to the book trade and book production between 1641 and 1700 It brings together in one sequence edited abstracts of entries referring to named books printers and booksellers selected from the manuscripts of the Stationers Company Court Books all references to printing publishing bookselling and the book trade occurring in major historical printed sources Calendar of State Papers Domestic the Journals of the Houses of Lords and Commons Reports of the Royal Commission on Historical Manuscripts and entries for contemporary pamphlets The labour records of the printing and bookselling trades probably represent the fullest account of any work force in early modern England and the printed products of the trade survive in such great numbers that they enable us to examine them for evidence not only of who made and sold them but also of how they were made These volumes constitute a reference work of importance not only for literature specialists bibliographers and historians of book production but also for economic social and political historians Not only do they bring together records from a variety of separate printed sources thereby making explicit their interconnections but also they make accessible some less well known manuscript sources notably from the Stationers Company archives Most importantly the Chronology and Calendar extends the earlier work of Arber Greg and Jackson on the earlier seventeenth century As a chronological sequence the volumes meet the need for a preliminary narrative history of the trade in the later seventeenth century and the provision of title name and topic indexes renders this an indispensable reference tool for research into the social political and economic contexts of the book trade its personnel and its printed output Pratt and Mackenzie's Law of Highways John Tidd Pratt,1911 The Secret Journal of Alexander Mackenzie Brian Fawcett,1985 An industrial biography that investigates personal myths and the great machines that drive the world to the abyss of development Elihu Root Collection of United States Documents ,1895 Elihu Root Collection of United States Documents Relating to the Philippine Islands ,1898 **Sounds Like a Plan** Pamela Samuels Young,Dwayne Alexander Smith,2024-07-09 One Missing Person Two Rival Detectives Infinite Chemistry This rollicking thrill ride told in alternating he said she said perspectives is an irresistible blend of mystery sexual tension and humor Jackson Jones and Mackenzie Cunningham have a lot in common They are both hard working private investigators with their own firms in Los Angeles each happily single and very good at their jobs But when they re together they are like oil and water After they find themselves working the same missing persons case the idea of collaborating seems about as likely as a blizzard in Beverly Hills But once it s clear that they have been set up to take the fall for a murder they have no choice but to join forces and make a plan that will expose the truth Bickering their way from Century City to Malibu and beyond they find it increasingly hard to deny the sparks flying between them But with a small army of mercenaries in hot pursuit and a killer intent on covering his tracks there s not a lot of time to sort through their complicated feelings Told in alternating perspectives this rollicking romantic thrill ride makes for a swoon worthy mystery **North of Athabasca** Lloyd Keith,2001-03-29 Using unused or little known documents Keith fills in gaps and corrects inconsistencies in previous information about the company North of Athabasca not only includes the extensively

annotated texts of eleven North West Company documents but Keith's introductory essay amplifies what is known about the context of the fur trade. His biographical notes provide personal details about the proprietors and clerks involved in the fur trade as well as the engagés and aboriginal trading leaders. A sketch of the trading activities of every Native mentioned in the journals is included. Engagés are shown to be more than labouring drones. Keith demonstrates that men such as Jean Baptiste LaPrise were as important in furthering the interests of the North West Company north of Athabasca as any of the clerks or proprietors who kept the accounts and wrote the journals included here. The journals often in fractured English or colloquial Canadian French and incorporating aboriginal terminology make intriguing reading. A glossary is provided to assist with some of the more arcane terms. North of Athabasca fills an important void in the literature on this period and region. Readers interested in fur trade history as well as students of exploration, genealogy, ethnography, and Native studies will find this a welcome addition to the literature on a fascinating topic.
