## The Montefeltro Conspiracy A Renaissance Mystery Decoded:

The Montefeltro Conspiracy Marcello Simonetta, 2008 The attempted assassination of the Medici brothers is one of the best known events of the Renaissance However questions have always lingered about who orchestrated the attack In this work Simonetta reveals a coded letter that implicates the involvement of Pope Sixtus IV *Книготорговец из Флоренции* Росс Кинг, 2022-06-10 **Culture** Martin Puchner, 2023-02-07 A writer of genius William Dalrymple Can anyone really own a culture This magnificent account argues that the story of global civilisations is one of mixing sharing and borrowing It shows how art forms have crisscrossed continents over centuries to produce masterpieces From Nefertiti's lost city and the Islamic Golden Age to twentieth century Nigerian theatre and Modernist poetry Martin Puchner explores how contact between different peoples has driven artistic innovation in every era whilst cultural policing and purism have more often undermined the very societies they tried to protect Travelling through Classical Greece Ashoka's India Tang dynasty China and many other epochs this triumphal new history reveals the crossing points which have not only inspired the humanities but which have made us human Indisciplinabile Marion Elias, 2009-06-18 Indisciplinabile italienisch und nicht in Zucht zu halten Iter auch unlenkbar der nicht zu ziehen ist Der italienische Ausdruck indisciplinabile ist abgeleitet vom Lateinischen indisciplinabilis dem Gegensatz von disciplinabilis was lernfähig schulungsfähig aber auch dressierbar bedeutet Wir sind daran gewöhnt da die Welt vor allem die akademische oder universitäre unterteilt ist in Disziplinen streng reglementiert Kompetenzhoheit inklusive Gleichzeitig sind die Begriffe interdisziplinär beziehungsweise multidisziplinär zu einer Art modischem Kanon geworden obwohl sie sich allzu oft als bloße Pathosformeln erweisen Das scheinbar barbarische Indisciplinabile zum Teil auch im Sinne eines Wortspiels aufgenommen verweist unter anderem auf Freiheit auf die Freiheit des Denkens und künstlerischen Tuns und klingt absichtlich vielleicht sogar ein wenig nach gefährlich Was nicht zu bedingen ist behält seinen bedrohlichen ungesamen Kern Meines Erachtens entsteht jeder Gedanke der etwas Wert ist und jedes Kunstwerk das eines sein soll aus einer derartigen Situation Unter dieser Prämisse versteht sich der Titel Indisciplinabile nicht als Apologie einer kontemporären Disziplinen Vermantschungsstrategie sondern als Votum für Unordnung mit Fragezeichen für die Berprfung der Ordnung und Ordnungen die wir um die Kunst und das Denken gelegt sehen Für die Debatte um die angeblichen Gegensätze für die Ermittlung vertretbarer Ähnlichkeiten Berührungspunkte bergende Für einen offenen Bogen von Möglichkeiten Estetické čtení Vladaře Jan Bíba, 2022-07-01 Kniha nabízí koment k Machiavelliho Vladaři z nejznámějšímu dílu politické teorie Vklad seznamuje ten se s hlavními idejemi a koncepty Machiavelliho politického myšlení a jejich historickým ideovým a literárním kontextem Machiavelli je vylén jako představitel estetické politické teorie která nastočí i zdrazuje roli smyslového vnímání jako předpokladu existence politického společenství Krom toho kniha vnuje pozornost Machiavelliho specifickému pojetí sociálního konfliktu a jeho kritice oligarchie Studie vychází z souasných nově publikovaných Vladaře *□□□□□□□□ □□ □*, 2024-05-31 15 1 15 500 Geschichte bei Twilight Nancy Reagin, 2010-12-01 Die Twilight Reihe von

Stephenie Meier war einer der Überraschungserfolge in der Jugendliteratur der letzten Jahre. Die Liebesgeschichte um die menschliche Bella Swan und den vegetarischen Blutsauger Edward Cullen haben einen neuen Boom des Vampirthemas ausgelöst, der auch nach dem Erscheinen des vierten und letzten Buches durch die sukzessive Verfilmung der Romane weiterhin lebendig gehalten wird. Die Romane selbst halten sich mit Millionenauflagen stabil an der Spitze der Belletristik-Bestsellerlisten, während die Verfilmung des ersten Teils *Twilight* bis zum Morgengrauen allein in Deutschland 2,4 Millionen Zuschauer in die Kinos gelockt hat. Teil zwei *New Moon* bis zur Mittagsstunde, der im November anlief, hatte in den USA den erfolgreichsten Filmstart aller Zeiten. Die dritte Verfilmung *Eclipse* bis zum Abendrot läuft in Deutschland voraussichtlich im Juli 2010 an. Die Ewigkeit ist eine ziemlich lange Zeit. Zwar scheinen die Vampire in *Twilight* wie uerst attraktive Teenager und Mitdreiiger der Gegenwart, tatsächlich führen sie ihr untotes Dasein, jedoch teilweise schon seit Jahrhunderten. Dieses Buch ist das erste, das einen Einblick in die historischen Hintergründe der Figuren bietet und dabei auch erklärt, wie es für Edward gewesen sein muss, als er sich freiwillig für den Ersten Weltkrieg meldete, sein Leben dann jedoch durch die Spanische Grippe einbüßte. Von Carlisle Ursprüngen im Puritanischen England über Jaspers Leben als Konföderierter im Amerikanischen Bürgerkrieg bis hin zur Stammesgeschichte der Quileute Indianer verbindet das Buch Realität und Fiktion. Das ideale Buch für alle Fans der *Bis*-Reihe, die mehr über die beliebten Charaktere erfahren wollen.

**Ippolita Maria Sforza** Jerydene M. Wood, 2020-06-04. In April 1455 ten year old Ippolita Maria Sforza, a daughter of the Duke and Duchess of Milan, was betrothed to the seven year old crown prince of the Kingdom of Naples as a symbol of peace and reconciliation between the two rival states. This first full scale biography of Ippolita Maria follows her life as it unfolds at the rival courts of Milan and Naples amid a cast of characters whose political intrigues too often provoked assassinations, insurrections and wars. She was conscious of her duty to preserve peace despite the strains created by her husband's arrogance, her father in law's duplicity and her Milanese brothers' contentiousness. The duchess's intelligence and charm calmed the habitual discord between her families and in time her diplomatic savvy and her great friendship with Lorenzo de Medici of Florence made her a key player in the volatile politics of the peninsula for almost 20 years. Drawing on her letters and contemporary chronicles, memoirs and texts, this biography offers a rare look into the private life of a Renaissance woman who attempted to preserve a sense of self while coping with a tempestuous marriage, dutifully giving birth to three children and supervising a large household under trying political circumstances.

*Castiglione's Allegory* W.R. Albury, 2016-04-08. Castiglione's *Book of the Courtier* (*Il libro del cortegiano*, 1528) is a dialogue in which the interlocutors attempt to describe the perfect courtier. It was one of the most influential books of the Renaissance. In recent decades a number of postmodern readings of this work have appeared, emphasizing what is often characterized as the playful indeterminacy of the text and seeking to detect inconsistencies which are interpreted as signs of anxiety or bad faith in its presentation. In contrast to these postmodern readings, the present study conducts an experiment: What understanding does one gain of Castiglione's book if one attempts

an early modern reading The author approaches The Book of the Courtier as a text in which some of its most important aspects are intentionally concealed and veiled in allegory W R Albury argues that this early modern reading of The Book of the Courtier enables us to recover a serious political message which has a great deal of contemporary relevance and which is lost from sight when the work is approached primarily as a courtly etiquette book or as a lament for the lost influence of the aristocracy in an age when autocratic nation states were coming into being or as an impersonal textual field upon which a free play of transformations and deconstructions may be performed

**The Enemy in Italian Renaissance Epic** Andrea Moudarres, 2019-04-10 In The Enemy in Italian Renaissance Epic Andrea Moudarres examines influential works from the literary canon of the Italian Renaissance arguing that hostility consistently arises from within political or religious entities In Dante's *Divina Commedia* Luigi Pulci's *Morgante* Ludovico Ariosto's *Orlando Furioso* and Torquato Tasso's *Gerusalemme Liberata* enmity is portrayed as internal taking the form of tyranny betrayal and civil discord Moudarres reads these works in the context of historical and political patterns demonstrating that there was little distinction between public and private spheres in Renaissance Italy and thus little differentiation between personal and political enemies Distributed for the University of Delaware Press

*The Renaissance in Italy* Kenneth Bartlett, 2019-11-15 The Italian Renaissance has come to occupy an almost mythical place in the popular imagination The outsized reputations of the best known figures from the period Michelangelo Niccolò Machiavelli Lorenzo the Magnificent Pope Julius II Isabella d'Este and so many others engender a kind of wonder How could so many geniuses or exceptional characters be produced by one small territory near the extreme south of Europe at a moment when much of the rest of the continent still labored under the restrictions of the Middle Ages How did so many

of the driving principles behind Western civilization emerge during this period and how were they defined and developed And why is it that geniuses such as Leonardo Raphael Petrarch Brunelleschi Bramante and Palladio all sustain their towering authority to this day To answer these questions Kenneth Bartlett delves into the lives and works of the artists patrons and intellectuals the privileged educated influential elites who created a rarefied world of power money and sophisticated talent in which individual curiosity and skill were prized above all else The result is a dynamic highly readable copiously illustrated history of the Renaissance in Italy and of the artists that gave birth to some of the most enduring ideas and artifacts of Western civilization

Mysteries and Secrets Revealed Loren Pankratz, 2021-04-01 Mysteries and Secrets Revealed uncovers the reality behind mysteries of nature and secrets of frauds that eluded common understanding The journey begins in the ancient Greek city of Delphi where priests claimed the gift of a priceless gold lion was an acknowledgement of their clairvoyant powers But their concocted story concealed an embarrassing blunder Those sufficiently savvy to catch the lie became aware of even deeper problems Author Loren Pankratz then guides us through the conflicts of Renaissance scholars including Galileo who explained things in ways that enraged philosophers and infuriated priests Galileo's methods of investigation were perpetuated by the meticulous work of the Academy of Experiment and Bernard Fontenelle's enthralling dialogue enabled common people to accept life in the rearranged sun centered universe Clairvoyants in a mesmeric trance claimed they could visit distant planets and endure brutal surgical procedures If any of this was real how was it possible One nineteenth century mesmeric savant Alexis Didier was so convincing that someone claimed no case of clairvoyance could be made for anyone if his accomplishments were not real This unchallenged declaration is now unraveled here for the first time through information gleaned from uncommon documents and rare antiquarian pamphlets The surprising manifestations of modern spiritualism quickly escalated into a psychic arms race that included mysterious tipping and turning of tables Scientist Michael Faraday devised ingenious experiments to show how subtle muscle reactions outside of awareness created these manifestations On the other hand explanations for table levitations and mysterious writing on slates could only be solved by individuals with acute observational skills and acquainted with the methods of trickery Each story in Mysteries and Secrets Revealed captures the tension of conflict the thrill of discovery and the strategies of science that unmasked frauds fakes false belief and the enigmas of our natural world

**A Short History of Florence and the Florentine Republic** Brian Jeffrey Maxson, 2023-02-23 The innovative city culture of

Florence was the crucible within which Renaissance ideas first caught fire. With its soaring cathedral dome and its classically inspired palaces and piazzas it is perhaps the finest single expression of a society that is still at its heart an urban one. For as Brian Jeffrey Maxson reveals it is above all the city state the walled commune which became the chief driver of European commerce culture banking and art that is medieval Italy's enduring legacy to the present. Charting the transition of Florence from an obscure Guelph republic to a regional superpower in which the glittering court of Lorenzo the Magnificent became the pride and envy of the continent the author authoritatively discusses a city that looked to the past for ideas even as it articulated a novel creativity. Uncovering passionate dispute and intrigue Maxson sheds fresh light too on seminal events like the fiery end of oratorical firebrand Savonarola and Giuliano de' Medici's brutal murder by the rival Pazzi family. This book shows why Florence harbinger and heartland of the Renaissance is and has always been unique.

*Botticelli's Secret: The Lost Drawings and the Rediscovery of the Renaissance* Joseph Luzzi, 2022-10-25 One of The New Yorker's Best Books of the Year. A lively book Luzzi brilliantly sets the operatic stage of vibrant violent Renaissance Florence and brings to life the characters who helped resurrect Botticelli. Max Norman Wall Street Journal. Some five hundred years ago Sandro Botticelli a painter of humble origin created works of unearthly beauty. A star of Florence's art world he was commissioned by a member of the city's powerful Medici family to execute a near impossible project to illustrate all one hundred cantos of The Divine Comedy by Dante Alighieri the ultimate visual homage to that divine poet. This sparked a gripping encounter between poet and artist between the religious and the secular between the earthly and the evanescent recorded in exquisite drawings by Botticelli that now enchant audiences worldwide. Yet after a lifetime of creating masterpieces including Primavera and The Birth of Venus Botticelli declined into poverty and obscurity. His Dante project remained unfinished. Then the drawings vanished for over four hundred years. The once famous Botticelli himself was forgotten. The nineteenth century rediscovery of Botticelli's Dante drawings brought scholars and art lovers to their knees. This work embodied everything the Renaissance had come to mean. From Botticelli's metaphorical rise from the dead in Victorian England to the emergence of eagle-eyed connoisseurs like Bernard Berenson and Herbert Horne in the early twentieth century and even the rescue of precious art during World War II and the fall of the Berlin Wall in 1989 the posthumous story of Botticelli's Dante drawings is if anything even more dramatic than their creation. A combination of artistic detective story and rich intellectual history Botticelli's Secret shows not only how the Renaissance came to life but also how Botticelli's art helped bring it about and most important why we need the Renaissance and all that it stands for today.
