Feingold,2007-01-03 Leading scholar and author of the celebrated five volume series The Jewish People in America Henry L Feingold offers a fresh and inspiring look at the Russian Soviet Jewish emigration phenomenon Haunted by its sense of failure during the Holocaust the Soviet Jewry movement set for itself an almost unrealizable goal of finding sanctuary for Jews from a hostile Soviet government Working together with activists in Israel and Europe and with a remarkable group of refuseniks that had been denied the right to emigrate this courageous group mounted a relentless campaign lasting almost three decades Although Feingold credits Israel with initiating the struggle for Soviet Jewry and fostering it within American Jewry he maintains that it was the actions of a secure and confident American Jewry that finally delivered the Jews from the Soviet Union Feingold's mastery of detail and broadness of scope provide a prodigious and sweeping account of the American Jewish movement He finds early roots of the effort in the American Jewish involvement with Jewish emigration in late Tsarist Russia He highlights both the human dimension of the exodus and the complex international ramifications of the movement especially in the Middle East Silent No More concludes by pondering the role of the movement's effective public relations campaign which focused on the human right of freedom of movement in hastening the collapse of the Soviet empire Feingold's rigorous scholarship sheds light on an important yet rarely told episode in history one that will enliven further examination of the subject This book will be of

interest to scholars of American Jewish history the cold war Israeli studies and American ethnic and immigration history

The Oxford Handbook of Asian American History David Yoo,Eiichiro Azuma,2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion violence and racism to the social and political activism of the late twentieth century The authors explore many of the key aspects of the Asian American experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history *Schumann* Eric Frederick Jensen,2012-02-13 Robert Schumann is one of the most intriguing and enigmatic composers of the nineteenth century Extraordinarily gifted in both music and literature many of his compositions were inspired by poetry and novels For much of his life he was better known as a music critic than as a composer But whether writing as critic or composer what he produced was created by him as a reflection of his often turbulent life Best known was the tempestuous courtship of his future wife the pianist Clara Wieck Though marriage and family life seemed to provide a sense of constancy he increasingly experienced periods of depression and instability Mounting criticism of his performance as music director at Dusseldorf led to his attempted suicide in 1854 Schumann was voluntarily committed to an insane asylum near Bonn where despite indications of improvement and dissatisfaction with his treatment he spent the final two years of his life Drawing on original research and newly published letters and journals from the time author Eric Frederick Jensen presents a balanced portrait of the composer with both scholarly authority and engaging clarity Biographical chapters alternate with discussion of Schumann s piano chamber choral symphonic and operatic works demonstrating how the circumstances of his life helped shape the music he wrote Chronicling the romance of Robert and Clara Jensen offers a nuanced look at the evolution of their relationship one that changed dramatically after marriage He also follows Schumann s creative musical criticism which championed the burgeoning careers of Chopin Liszt and Brahms and challenged the musical tastes of Europe **Innovation in the Arts** Jason C. The Lucan Journey Maria Yen Thi Do, 2010 This work investigates the Lucan journey motif from a literary and theological perspective It starts by examining the indications of movement in the narrative sequence of the Gospel Using the historical critical method the author continues with a study of the Transfiguration Luke 9 28 36 and the Ascension Acts 1 6 11 narratives and presents a comparison between them The work concludes with an investigation of the Lucan journey in the two volume work of Luke On the literary level the author suggests that the Transfiguration and the Ascension narratives are composed as an architectural pair and in turn serve as the respective starting points for the parallel journeys in Luke Acts On the theological level she shows that the two journeys are in fact two stages of the one unique journey namely the journey of the Salvific Message Thus the author provides a further confirmation of the unity of the two volume work of Luke

Literatures of War Eve Patten, Richard Pine, 2020-11-09 The most terrible disaster that one group of human beings can inflict on another is war Wars cause misery on an indescribable scale Yet we go on doing it to one another generation after generation Why Warfare is a recurrent and universal characteristic of human existence The mythologies of practically all peoples abound in wars and the superhuman deeds of warriors and pre literate communities apparently delighted in the recital of stories about battles Since

our species became literate a mere 5 000 years ago written history has mostly been the history of wars Thousands who knew war evidently sickened of it and dreamt of lasting peace expressing their vision in literature and art in philosophy and religion They imagined Utopias freed of martial ambition and bloodshed which harked back to the Golden Age of classical antiquity to the Christian vision of a paradise lost and to the Arcadia of Greek and Latin poetry so richly celebrated in the canvases of Claude and Poussin All these things bear eloquent testimony to the human longing for peace but they have not triumphed over our dreadfully powerful propensity to war from the Introduction by Anthony Stevens In this multi disciplinary collection of essays on the manifestations of war in poetry fiction drama music and documentaries scholars and practitioners from an international context describe the transformation of the war experience into chronicles of hope and despair from Herodotus up to the present day **The Revival of China** MAO Min, The book is about the revival of China in the 20th century and the first decade of the 21st century It has eight parts 1 The civil revolution in China 2 The countryside bases 3 The Long March of the Red Army 4 The Anti Japanese War 5 Decisive civil battles before the establishment of the People s Republic of China 6 The Mao Era before the Great Cultural Revolution 7 The Great Cultural Revolution and 8 The Reform and opening up This version of the book is without pictures *The Evolution of the Art of Music* Charles Hubert Hastings Parry, 1897
