[Tove Jansson Life, Art, Words](#) Boel Westin, 2013-12-18 The Finnish Swedish writer and artist Tove Jansson achieved worldwide fame as the creator of the Moomin stories written between 1945 and 1970 and still in print in more than twenty languages However the Moomins were only a part of her prodigious output Already admired in Nordic art circles as a painter cartoonist and illustrator she would go on to write a series of classic novels and short stories She remains Scandinavia's best loved author Tove Jansson's work reflected the tenets of her life her love of family and special bond with her mother of nature and her insistence on freedom to pursue her art Love and work was the motto she chose for herself and her approach to both was joyful and uncompromising If her relationships with men foundered on her ambivalence towards marriage those with women came as a revelation especially the love and companionship she

found with her long time partner the artist Tuulikki Pietil with whom she lived on the solitary island of Klovharu In this meticulously researched authorised biography Boel Westin draws together the many threads of Jansson s life from the studies interrupted to help her family the dark shades of war and her emergence as an artist with a studio of her own to the years of Moomin mania and later novel writing Based on numerous conversations with Tove and unprecedented access to her journals letters and personal archives Tove Jansson Life Art Words offers a rare and privileged insight into the world of a writer whom Philip Pullman described simply as a genius Modern Finland Harald Haarmann,2016-10-04 Providing a multifaceted view of modern Finland this book describes its history culture language geography natural history and the mythology of early peoples Topics include Fenno Scandia inhabitants and their environment traditional naturalism and modern environmentalism and the salient features of Finnishness including an analysis of the Finnish educational system and gender equality Finland s art architecture and music are highlighted along with its peace keeping missions worldwide The country s several ethnic groups and their languages are discussed the Saami Finns Finland Swedes Russian speaking peoples Jews and Gypsies The author examines Finland s late but rapid development in commerce and industry with a focus on the history of Nokia Corporation which grew from a 19th century manufacturer of pulpwood and rubber boots to a 21st century international digital communications company

Children's Literature and the Posthuman Zoe Jaques,2015-02-11 An investigation of identity formation in children s literature this book brings together children s literature and recent critical concerns with posthuman identity to argue that children s fiction offers sophisticated interventions into debates about what it means to be human and in particular about humanity s relationship to animals and the natural world In complicating questions of human identity ecology gender and technology Jaques engages with a multifaceted posthumanism to understand how philosophy can emerge from children s fantasy disclosing how such fantasy can build upon earlier traditions to represent complex issues of humanness to younger audiences Interrogating the place of the human through the non human whether animal or mechanical leads this book to have interpretations that radically depart from the critical tradition which in its concerns with the socialization and representation of the child has ignored larger epistemologies of humanness The book considers canonical texts of children s literature alongside recent bestsellers and films locating texts such as Gulliver s Travels 1726 Pinocchio 1883 and the Alice books 1865 1871 as important works in the evolution of posthuman ideas This study provides radical new readings of children s literature and demonstrates that the genre offers sophisticated interventions into the nature boundaries and dominion of humanity *Beyond Babar* Sandra L. Beckett,Maria Nikolajeva,2006-08-19 All too often attention is paid only to those children s novels that were written in English with non English language works being passed over and neglected Beyond Babar The European Tradition in Children s Literature examines eleven of the most celebrated European children s novels in substantial critical essays written by well known international scholars This approach provides a comprehensive discussion of the selected works from a variety of theoretical

perspectives Each essay offers a critical introduction to the text that can serve as a point of departure for literary scholars professors of children s literature primary and secondary school teachers and librarians who are interested in texts that cross languages and cultures Beyond Babar is especially meant to assist instructors of children s literature who would like to use these texts in the classroom in order to begin to redress the English language dominance of many children s literature courses This volume will also be of interest to the general public as its ultimate aim is to bring to the attention of all English speaking readers the literature from other parts of the world in this case from Europe Beyond Babar helps to facilitate the border crossings of these European masterpieces of children s literature into the English speaking world *Poets, Prophets, and Texts in Play* Ehud Ben Zvi, Claudia V. Camp, David M. Gunn, Aaron W. Hughes, 2015-06-18 In this volume a list of esteemed scholars engage with the literary readings of prophetic and poetic texts in the Hebrew Bible that revolve around sensitivity to the complexity of language the fragility of meaning and the interplay of texts These themes are discussed using a variety of hermeneutical strategies In Part 1 Poets and Poetry some essays address the nature of poetic language itself while others play with themes of love beauty and nature in specific poetic texts The essays in Part 2 Prophets and Prophecy consider prophets and prophecy from a number of interpretive directions moving from internal literary analysis to the reception of these texts and their imagery in a range of ancient and modern contexts Those in Part 3 on the other hand Texts in Play take more recent works from Shakespeare to Tove Jansson s Moomin books for children as their point of departure developing conversations between texts across the centuries that enrich the readings of both the ancient and modern pieces of literature **Arctic Hysteria and Other Strange Northern Emotions** Elise Nykänen, 2024-11-08 Arctic Hysteria and Other Strange Northern Emotions Case Studies in Finnish Literature opens a new perspective on the thriving area of research on the imagined North by studying emotions in the light of case studies in Finnish literature The volume addresses the cultural history of Arctic hysteria and maps other strange emotions depicted and evoked in literature of the Finnish North The volume comprises seven case studies which range from the works of internationally renowned authors such as Rosa Liksom Emmi Itäranta and Tove Jansson to the affectively controversial and provocative writings of Timo K. Mukka Marko Tapio and Pentti Linkola Drawing from the study of the imagined North and theories and tools in the study of literature and emotions the analyses show how such moods as melancholia ecstasy or a peculiar sense of November are generated in texts and how literary emotions entangle with the Northern environment they depict By focusing on the imagined North in Finnish modernism and contemporary literature the authors offer original views on experiences of late modernity merging with the changing Northern environment in the age of the Anthropocene Tove Jansson Tuula Karjalainen, 2014-11-27 The definitive illustrated biography of one of the most unique and beloved children s authors of the 20th century the creator of the Moomins Tove Jansson 1914-2001 led a long colourful and productive life impacting significantly the political social and cultural history of 20th century Finland And while millions of children have grown up with Little My Snufkin Moomintroll and
