The Moses Prophecy:

Prophecy Howard Kreisel, 2012-12-06 More than any other topic prophecy represents the point at which the Divine meets the human the Absolute meets the relative How can a human being attain the Word of God In what manner does God when conceived as eternal and transcendent address corporeal transitory creatures What happens to God's divine Truth when it is beheld by minds limited in their power to apprehend and influenced by the intellectual currents of their time and place How were these issues viewed by the great Jewish philosophers of the past who took the divine communication and all it entails seriously while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention This book offers an in depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers R Saadiah Gaon R Judah Halevi Maimonides Gersonides R Hasdai Crescas R Joseph Albo and Baruch Spinoza It attempts to capture the original voice of these thinkers by looking at the intellectual milieus in which they developed their philosophies and by carefully analyzing their views in their textual contexts It also deals with the relation between the earlier approaches and the later ones Overall this book presents a significant model for narrating the history of an idea

Prophets, Prophecy, and Prophetic Texts in Second Temple Judaism Michael Floyd, Robert D. Haak, 2006-02-28 Essays examine the work of prophets in Second Temple Judaism *Imagery*

Techniques in Modern Jewish Mysticism Daniel Reiser, 2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism

Thinking Biblically about Islam Ida Glaser, Hannah Kay, 2016-02-14 In this careful double exposition of the Bible and Islam Ida Glaser and Hannah Kay emphasise godly attitudes loving action and a deep appreciation of God's grace and goodness as essential traits of any Christian The authors walk the reader through two underlying frameworks necessary to think biblically about Islam The first is to understand the dynamic of religion in people's lives through Genesis 4:11's account of the world after the fall and hence to understand Bible stories within the religious contexts in which they occurred The second is at the heart of the book the idea that Islam inverts the exaltation of Christ above the prophets in the narrative of the transfiguration in Luke 9 and 10 Examining the themes of the land zeal law and the cross in these chapters of Luke's Gospel and the Old Testament stories of Moses and Elijah we are led to better understand the Bible Islam and God's heart towards Muslims

Dissertations on the prophecies, which have remarkably been fulfilled ... The ninth edition Thomas NEWTON (Bishop of Bristol.), 1826 *Four Approaches to the Book of Psalms* Uriel Simon, 2012-02-01 Uriel Simon describes the fascinating controversy that raged from the tenth to the twelfth centuries regarding the theological status and literary genre of the Psalms Saadiah Gaon who initiated the controversy claimed that the Psalter was a second Torah the Lord's word to David and by no means man's prayer to God Salmon ben Yerucham and Yefet ben Ali insisted on the Karaite view that the Book of Psalms was the prophetic common prayerbook of Israel Totally opposing both of these concepts Rabbi Moses Ibn Gikatilah regarded the Psalms as non prophetic prayers authored by different poets beginning with David and ending with the captive Levites in the Babylonian exile Finally Rabbi Abraham Ibn Ezra reverted to the belief held by the Talmudic sages

that the Psalms were Israel's divinely inspired and most sacred poetry The book also includes the full text of a previously unknown introduction to Ibn Ezra's lost commentary on the Psalms which is much more elaborate and revealing than the introduction to his familiar classical commentary Philosophy in a Time of Crisis Seymour Feldman,2012-12-06 The expulsion from Spain did not only result in the destruction and dispersion of Spanish Jewry but led to a crisis in Jewish faith Don Isaac Abravanel provided a systematic treatment of the main philosophical and theological beliefs of Judaism in an attempt to resolve the inner doubts of his co religionists In their Italian exile his son Judah too recognized that Jews were now living in a new cultural world but he forged a different road for Jews to pursue in their entry into the culture of the Renaissance This book presents a picture of one family facing the challenges of a new era in Jewish history Maimonides and the Book That Changed Judaism Micah Goodman,2015-05 A publishing sensation long at the top of the best seller lists in Israel the original Hebrew edition of Maimonides and the Book That Changed Judaism has been called the most successful book ever published in Israel on the preeminent medieval Jewish thinker Moses Maimonides The works of Maimonides particularly The Guide for the Perplexed are reckoned among the fundamental texts that influenced all subsequent Jewish philosophy and also proved to be highly influential in Christian and Islamic thought Spanning subjects ranging from God prophecy miracles revelation and evil to politics messianism reason in religion and the therapeutic role of doubt Maimonides and the Book That Changed Judaism elucidates the complex ideas of The Guide in remarkably clear and engaging prose Drawing on his own experience as a central figure in the current Israeli renaissance of Jewish culture and spirituality Micah Goodman brings Maimonides's masterwork into dialogue with the intellectual and spiritual worlds of twenty first century readers Goodman contends that in Maimonides's view the Torah's purpose is not to bring clarity about God but rather to make us realize that we do not understand God at all not to resolve inscrutable religious issues but to give us insight into the true nature and purpose of our lives *The Truth of Islam and Christianity* B.T.,2014-10-16 In this book The Truth of Islam and Christianity I present the truth and facts about both religions When I stood at the crossroads of both religions I viewed them without any biases Dear earnest reader I leave the choice to you to discern and decide which way is better for your destiny I request you to understand the truth and recognize it While you are reading you will hear a still and soft voice to which you have to yield Then only you will be benefited May peace be upon you while you read this book *The Psychedelic Sacrament* Dan Merkur,2001-08-01 Reveals the secret teachings from the Judeo Christian traditions that promote the use of psychedelic substances to enhance religious transcendence Explains how special meditations were designed to be performed while partaking of the psychedelic sacrament In The Mystery of Manna religious historian Dan Merkur provided compelling evidence that the miraculous bread that God fed the Israelites in the wilderness was psychedelic made from bread containing ergot the psychoactive fungus containing the same chemicals from which LSD is made Many religious authorities over the centuries have secretly known the identity and experience of manna and have left a rich record of their involvement with this

sacred substance In *The Psychedelic Sacrament* a companion work to *The Mystery of Manna* Dan Merkur elucidates a body of Jewish and Christian writings especially devoted to this tradition of visionary mysticism He discusses the specific teachings of Philo of Alexandria Rabbi Moses Maimonides and St Bernard of Clairvaux that refer to special meditations designed to be performed while partaking of the psychedelic sacrament These meditations combine the revelatory power of psychedelics with the rational exercise of the mind enabling the seeker to achieve a qualitatively enhanced state of religious transcendence *The Psychedelic Sacrament* sheds new light on the use of psychedelics in the Western mystery tradition and deepens our understanding of the human desire for divine union *Israel's Prophets and the Prophetic Effect of Pope Francis* Michael Ufok Udoekpo, 2018-07-11 Given that Pope Francis is a popular global religious leader and in the light of the lessons drawn from the nature meaning and functions of Israel's prophets this tripartite work historically pastorally and theologically examines whether and how Francis' teaching visits outreach to the poor preaching and recent biblically based writings *Lumen Fidei Evangelii Gaudium Amoris Laetitia Laudato Si Gaudete et Exsultate* Letters and Messages have had any prophetic effects or impact on contemporary society **Wellhausen and Kaufmann** Aly Elrefaei, 2016-01-15 The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study While Wellhausen's hypothesis introduces a synthesis of the religious development of ancient Israel Kaufmann's work emphasizes the singularity of the Israelite religion Their respective works which represent the methodologies presuppositions and the ideologies of their times remain an impetus to further inquiry into the history of ancient Israel and its religion Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text This book illustrates the real clash between Wellhausen and Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles As becomes clear in this study Wellhausen reconstructed the religion of Israel in the framework of its history Kaufmann by contrast proposed that monotheism emerged in Israel as a new creation of the spirit of Israel
