Mikhail Bulgakov's novel *The Master and Margarita* is among other things a satire. The author criticises real people in the Soviet Union of the 30s and creates absurd situations by mixing reality and fiction. That mix is hidden everywhere throughout the novel in small details which at first sight seem to be trivial but which are significant for those who know why they are mentioned. In this book you can find annotations ordered by chapter explaining the names, locations, situations, quotations, and other elements which Mikhail Bulgakov used to illustrate his view of Soviet society with the aim of better understanding the novel. The terms are mentioned in the order of their first appearance in the novel.
