Endres,Andrea Lauser,2012-03-01 In many parts of the contemporary world spirit beliefs and practices have taken on a pivotal role in addressing the discontinuities and uncertainties of modern life The myriad ways in which devotees engage the spirit world show the tremendous creative potential of these practices and their innate adaptability to changing times and circumstances Through in depth anthropological case studies from Indonesia Malaysia Thailand Myanmar Laos and Vietnam the contributors to this book investigate the role and impact of different social political and economic dynamics in the reconfiguration of local spirit worlds in modern Southeast Asia Their findings contribute to the re enchantment debate by revealing that the spirited modernities that have emerged in the process not only embody a distinct feature of the contemporary moment but also invite a critical rethinking of the concept of modernity itself From Colonization to Nation-State Riwanto Tirtosudarmo,2022-03-26 This book examines the history of the political demography of Indonesia Chronologically the book begins by introducing the colonization program as a predecessor of transmigration program after independence The transmigration program Indonesia s state policy on migration is discussed at length in the book but other migration related issues are also presented to show the complex relationship between migration and other social economic and political issues in Indonesia In the final chapter the book discusses the contemporary issues and challenges of disintegration that is facing Indonesia as a nation state The book ends with an epilog that shows Indonesia s political demography challenges in the 21st Century *Alan S. Wolf Pact: Escape from Captivity Gerald L. Guy, 2018-01-29 After rescuing abused siblings on a dark Wisconsin highway, the Cossibye clan is catapulted headlong into a search for the orphans' relatives and face off with a madman whose killing spree is claiming lives almost daily. Jefferson, Reeny, Sebbie and Sherry must rely on cunning and all of their special powers to preserve the children's safety and return peace to the plush countryside where they are commissioned to build a New Order, a species of shape-shifting humans who can walk on two legs or four and live comfortably in modern society.

The United Nations Charter as the Constitution of the International Community Bardo Fassbender, 2009-04-07

The constitutionalization of international law is one of the most intensely debated issues in contemporary international legal doctrine. The term is used to describe a number of features which distinguish the present international legal order from classical international law, in particular its shift from bilateralism to community interest and from an inter-state system to a global legal order committed to the well-being of the individual person. The author of this book belongs to the leading participants of the constitutionalization debate. He argues that there indeed exists a constitutional law of the international community that is built on and around the Charter of the United Nations. In this book he explains why the Charter has a constitutional quality and what legal consequences arise from that characterization.

Quran 5 Joseph C. Cods, 2010-04-29 The Forbidden Rumi and I Rumi is a great Muslim mystic and poet. His faith in God does not deter him from riding the winds

of dangerous thinking and free expression His most audacious poems were published in a collection called The Forbidden Rumi I have chosen one of them and interspersed its verses between the chapters of my book I wanted to let some fresh air in my dry discussion of the Quranic text You see the fifth chapter of the Quran was the last one to have been composed It discusses theological questions and lacks the poetic rhythm of the much shorter chapters of the early days I am neither a poet nor a mystic I am not even a Muslim And yet I feel I have something in common with a Rumi I do not let the requirements of Islamic tradition the strict rules of modern scholarship and the taboos of our time constrict my freedom to say what I think and to explain my forbidden views I do so however in a friendly manner and without any animosity My study of the Quran is based on knowledge not on faith My purpose is not to provide spiritual ammunition to the faith It is much more prosaic I propose a new way of reading the Quranic text Instead of seeing in it a divine revelation I see in it the work of a man called Muhammad I do what is forbidden for a believer But I recognize the believer s right to see in the Book the very words of God The Mystery and the Passion David G. Buttrick, 2002-09-06 resurrection and death in order to connect modern preaching with the excitement of a changed world Although we may be jaded by sermons that chase Bible verses tediously for twenty minutes or more original listeners heard the gospel as a huge excitement The apostles announced a changed world The human world they claimed had begun all over again we are living now in a new creation They invited startled listeners to join God s new humanity From the Introduction Buttrick s treatment is no romanticizing of early Christianity The church then was as dismaying as it is now Instead this book focuses on the early Christian sense that they had passed from death to new life a reversal that began with Jesus resurrection then explored his passion and finally his ministry and life This book carefully examines the Gospel traditions so that this great reversal can be captured in Christian theology and proclamation *Federal Register* ,2013-12 **Hearings** United States.
