

The Outsiders - Questions - Chapter 7

Read a question and an answer provided for it, and choose whether it is True or False. If you decide False, discuss the correct variant given in the book.

Why did Pony get so confused when he was waiting in the waiting room for news?

Because of the reporters who fired one question right after another.

What did Sodapop do?

He kept the reporters in stitches. He grabbed one guy's press hat and another's camera and walked around interviewing the nurses and mimicking TV reporters

What did Jerry Wood tell Pony about his brothers?

He told him that if they hadn't been so good-looking, they wouldn't have taken so many pictures

Who was really getting a kick out of all this?

Sodapop. He reminded Pony a colt that has to get his nose into everything

How did Pony feel? What about Darry?

Pony felt lousy. Darry was exhausted

David Searles,2021-05-11 Alice Spencer Geddes Lloyd was a New England woman with a mission in life In 1916 she settled on Caney Creek in Eastern Kentucky determined to bring higher education to this remote corner of Appalachia The school she founded now Alice Lloyd College continues to serve the area and its people and to stand as a tribute to Lloyd s remarkable energy determination and vision Lloyd s program combined a rigorous academic curriculum with an intense effort to instill a sense of service in the school s graduates This education was provided free and required only that the students abide by Lloyd s strict rules of conduct and pledge to remain in the mountains after graduating In the first full scale study of Lloyd s life and work and the institution she founded David Searles shows how this courageous and complex woman struggled throughout her long life against seemingly insurmountable odds to create an institution dedicated to improving life in Appalachia But as he acknowledges Lloyd s fundraising activities relied on harmful stereotypes that caused resentment among her mountain neighbors and she often angered others working in the mountains Despite the negative aspects of Lloyd s activities Searles casts serious doubt on the now fashionable conclusion that the women who came to the mountains to do good created more problems than they solved Lloyd s story he argues demonstrates that much good was indeed accomplished and that the people of the mountains recognized and appreciated her achievement

Classical Rhetoric and Contemporary Law Kirsten K. Davis,Brian N. Larson,Francis J. Mootz,Kristen K. Tiscione,2024-04-30 From the twin birth of western rhetoric and law in the Greek speaking world in the first millennium BCE law and rhetoric were deeply connected in the ancient world In the modern era of legal practice the clear connections between law and classical rhetoric have largely been lost to both those trained in the law and those who study rhetoric This interdisciplinary reader reestablishes those lost connections by pairing primary source materials in classical rhetoric and contemporary law The chapters in this volume show that ancient rhetorical texts can deepen or disrupt contemporary notions about principles that lie at the root of western legal traditions and return to us our past making it possible for scholars across

several disciplines to build on work accomplished centuries before Broken into four parts this volume first covers the historical development of rhetoric In Part Two volume editor Mootz and scholar David A Frank look at rhetorical theorists at bookends of an era when classical rhetoric was de valued as a mode of thought Mootz discusses the hegemonic wave of Enlightenment epistemology that separated law from rhetoric and Frank shows that where Cartesian rationality fails in the modern era the humanistic tradition of rhetoric allows law to respond to the needs of justice Part Three consists of ten chapters that each 1 introduce a classical rhetorical theorist to the reader 2 provide an excerpt from a text by that theorist and then 3 demonstrate the relevance of that work to a contemporary court case Moving from the Sophists through Aristotle and Plato and their Greek contemporaries to the Roman rhetoricians Cicero and Quintilian and finally to the early medieval rhetorician St Augustine these reprinted classical texts are contextualized by leading scholars in law classics and rhetoric each with probing discussion questions for readers to engage and interact with the materials rhetorically This vital resource of primary texts demonstrates how rhetoric illuminates the operation of the legal system and reconnects law to its rhetorical roots Structured for use by scholars in critical inquiry and well suited for use in graduate or law school courses Classical Rhetoric and Contemporary Law will be of interest to law rhetoric English and communication scholars and as an interactive catalyst to examine the ways in which ancient rhetorical theory informs our understanding of law practice today

Causality and Objectivity in Macroeconomics Tobias Henschen, 2023-09-29 Central banks and other policymaking institutions use causal hypotheses to justify macroeconomic policy decisions to the public and public institutions These hypotheses say that changes in one macroeconomic aggregate e g aggregate demand cause changes in other macroeconomic aggregates e g in inflation An important perhaps the most important goal of macroeconomists is to provide conclusive evidence in support of these hypotheses If they cannot provide any conclusive evidence then policymaking institutions will be unable to use causal hypotheses to justify policy decisions and then the scientific objectivity of macroeconomic policy analysis will be questionable The book analyzes the accounts of causality that have been or can be proposed to capture the type of causality that underlies macroeconomic policy analysis the empirical methods of causal inference that contemporary macroeconomists have at their disposal and the conceptions of scientific objectivity that traditionally play a role in economics The book argues that contemporary macroeconomists cannot provide any conclusive evidence in support of causal hypotheses and that macroeconomic policy analysis doesn t qualify as scientifically objective in any of the traditional meanings The book also considers a number of steps that might have to be taken in order for macroeconomic policy analysis to become more objective The book addresses philosophers of science and economics as well as macro economists econometricians and statisticians who are interested in causality and macro econometric methods of causal inference and their wider philosophical and social context Law and Society in Puritan Massachusetts David Thomas Konig, 2004-01-21 Distinguished by the critical value it assigns to law in Puritan society this study describes precisely how the Massachusetts

legal system differed from England's and how equity and an adapted common law became so useful to ordinary individuals. The author discovers that law gradually replaced religion and communalism as the source of social stability and he gives a new interpretation to the witchcraft prosecutions of 1692. Democracy in Motion Tina Nabatchi, John Gastil, G. Michael Weiksner, Matt Leighninger, 2012-11-01. Although the field of deliberative civic engagement is growing rapidly around the world, our knowledge and understanding of its practice and impacts remain highly fragmented. *Democracy in Motion* represents the first comprehensive attempt to assess the practice and impact of deliberative civic engagement. Organized in a series of chapters that address the big questions of deliberative civic engagement, it uses theory, research, and practice from around the world to explore what we know about how we know it and what remains to be understood. More than a simple summary of research, the book is designed to be accessible and useful to a wide variety of audiences, from scholars and practitioners working in numerous disciplines and fields to public officials, activists, and average citizens who are seeking to utilize deliberative civic engagement in their communities. The book significantly enhances current scholarship, serving as a guide to existing research and identifying useful future research. It also has promise for enhancing practice, for example, by helping practitioners, public officials, and others better think through and articulate issues of design and outcomes, thus enabling them to garner more support for public deliberation activities. In addition, by identifying what remains to be learned about public deliberation, practitioners and public officials may be inspired to connect with scholars to conduct research and evaluations of their efforts.

The Ethics of Immigration Joseph Carens, 2013. Eminent political theorist Joseph Carens tests the limits of democratic theory in the realm of immigration, arguing that any acceptable immigration policy must be based on moral principles, even if it conflicts with the will of the majority.

Beyond Foreign Economic Policy Brian Hocking, Michael Smith, 1997-01-01. Investigates the ways in which the US responded to the European Community's Single Market Program launched in the 1980s, arguing that foreign economic policy is the product of interests and actions expressed by a wide range of groups and at many different levels. Analyzes changes faced by the US in the world political economy of the 1990s and details the process by which Congress, state governments, and US executives and firms responded to the Single Market Program, looking especially at issues of public procurement and standards testing and certification.
