**The Christians' God Does Not Exist! Yes, He/She Does!** Proncell F. Johnson Jr., 2018-02-22 The Christians God Does Not Exist Yes He She Does By Proncell F Johnson Jr Carl Sagan popular astronomer cosmologist astrophysicist and astrobiologist wrote We are Star Stuff which has taken its destiny into its own hands The scientific community basically agrees that everything is made of atoms Proncell F Johnson Jr says that they are all wrong Johnson shows that the material universe along with us mortals is one big illusion for all things are actually incorporeal spiritual the manifestation of the spiritual being we Christians have come to call God He says that the realization of and utilization of this fact will enable one to duplicate for himself the so called miracles of Christ Jesus in degrees thus proving the existence of this God and the non existence of matter Johnson s proof is based upon a law of physics that make it all but impossible to refute as the below reviews confirm

**The Struggle of Faith in a World of Beliefs** Henry F. Lazenby, 2000-06-14 Christians have always struggled with what should characterize their lives and actions in the world Often they have inferred that their identity as Christians should revolve around either a list of doctrines proposed as orthodox or a set of ethics designed to promote a common morality Usually this emphasis on doctrines and ethics obscures the essential character of Christian faith As a result the real struggle has been to keep ones Christian faith intact while different and sometimes opposing beliefs or traditions compete for ones loyalty This book presents a way to resolve this struggle by noting the definitive characteristics of a Christian and the roles a church plays in helping Christians develop their full potential as human beings

Jewish Jesus Research and its Challenge to Christology Today Walter Homolka, 2016-10-05 Historical Jesus research Jewish or Christian is marked by the search for origins and authenticity The various Quests for the Historical Jesus contributed to a crisis of identity within Western Christianity The result was a move back to the Jewish roots For Jewish scholars it was a means to position Jewry within a dominantly Christian culture As a consequence Jews now feel more at ease to relate to Jesus as a Jew For Walter Homolka the Christian challenge now is to formulate a new Christology between a Christian exclusivism that denies the universality of God and a pluralism that endangers the specificity of the Christian understanding of God and the uniqueness of religious traditions including that of Christianity

**Ethics of Industrial Man** Fred Blum, 2024-11-01 How do people actually experience God Jesus Christ the Kingdom and the Church Does this experience affect their awareness of capitalism socialism competition the relationship of markets to men and their participation in politics Does modern man have an ethical concern First published in 1970 Ethics of Industrial Man explores the interrelationship between people s experience of a deeper reality of life their awareness of society and their participation in it It is usually assumed that religion has lost its impact on the daily life of man This is true inasmuch as most people live their working lives divorced from religiously grounded ethics But the author shows that it ceases to be true if we explore the significance of the universal ground in which all religious awareness and every

social order is rooted Using intensive interviews in Great Britain and the United States over a number of years the author gives empirical evidence that the ethical impulse is not absent but is thwarted by the absence of bridges between the socio economic sphere of life and people s ethical awareness Decisive in this connection is the confusion between what is universal and what is historically specific This confusion the author believes underlies the apathy the sense of powerlessness the prevalence of a false consciousness the decline of traditional religious forms It is he concludes the core of the ethical corrosion of our time      *The 2023 Canterbury Preacher's Companion* Catherine Williams,2022-07-11 A longstanding annual favourite continues under its new editorship bringing a wide variety of preaching voices together to offer a resource for preaching at the principal and the second service every Sunday of the coming year plus on principal feast days and seasonal services Ideal for preachers in all churches that use the Revised Common Lectionary it also includes sermons for holy days major saints days and special occasions such as Mothering Sunday harvest rogation and Christmas services If preparation time is short the sermons are complete and can be used as they are but they will also act as a framework for creating your own sermon texts It also includes an introductory essay for preachers all age talks for special occasions hymn suggestions throughout the year an index of topics and names A boon for hard pressed clergy readers and local preachers everywhere

**The Living Church** ,1964      *Tao: The Golden Gate, Vol 1* Osho,2024-05-15 THE CLASSIC OF PURITY is one of the most profound insights into nature I call it an insight not a doctrine not a philosophy not a religion because it is not intellectual at all it is existential The man who is speaking in it is not speaking as a mind he is not speaking as himself either he is just an empty passage for existence itself to say something through him      **Always Being Reformed: Faith for a Fragmented World** Shirley C. Guthrie Jr.,1996      *Esotericism, Mysticism, and the Politics of Transcendence in Modern Asia* Soumen Mukherjee,Toshio Akai,2025-07-15 This invaluable anthology examines histories of esotericism mysticism and occultism in modern Asia understood here as the period roughly stretching from the late nineteenth through the twentieth century and paving eventually the way for the so called New Age The idea of histories in plural has to do with the complexities of their lineages the many pathways through which their affinities encounters and entanglements flowed and or developed during the period under review The contributors hail from different disciplines history literature and religious studies for instance and in what accounts for a cutting edge of the book provide truly multidisciplinary insights on the subject in one single volume Their select case studies illuminate key aspects of contemporaneous socio religious processes They explicate how aspects of mysticism esotericism and occultism were closely tied to wider socio political and intellectual processes of the period that were at once transregional even global and frequently transcultural and or cosmopolitan in character Postgraduate students research scholars and academics in general working in the fields of religious studies and or Asian religions in modern times will find this collection to be of great interest      *The Cambridge Companion to Christian Ethics* Robin Gill,2012 Twenty essays providing an authoritative introduction to Christian ethics addressing issues such as

war social justice ecology sexuality and medicine     Direct Internal Quotation in the Gospel of John Jeffrey M. Tripp,2019-08-02 Do the characters in the Gospel of John quote and re quote each other even important sayings of Jesus Jeffrey M Tripp examines this often overlooked feature of the Fourth Gospel in the contexts of first century pedagogy and literature as well as early Christian tradition and practices Pg 4 of cover     **Mark** Robert H. Gundry,2000-05 This monumental work presents a careful well argued alternative reading of the Greek text of Mark a reading that pays special attention to such literary devices as word order chiasm inclusio asyndeton and the historical present tense Driving the commentary is Gundry s provocative seldom defended thesis that Mark s Gospel constitutes a straightforward apology for the shameful manner of Jesus death as such Mark is essentially an evangelistic tract rather than an obliquely written handbook of Christian discipleship and church life Sure to become recognized as the heavyweight English commentary on the Gospel of Mark This massive commentary rich with exegetical detail and critical assessment of the secondary literature makes an important contribution not only to Markan research but also to the study of the historical Jesus Christian Scholars Review

**Who Was Muhammad?** Doug Hardt, 2016-04-20. Whether we will admit it or not, it happens all the time. We often judge individuals, families, churches, and other organizations based on a lack of information. We hear something negative about a teenager in our child's class and assume that the parents are slacking off; we get reprimanded by the church greeter for our attire and assume that the whole church is unfriendly and cold; we listen to the news about a greedy CEO and assume the whole company is out to rip us off. Following this train of thought, what do you think of when you hear the name Muhammad? Do you think of a prophet of God sent to the Arabs, or do you think of a leader who formed a blood-thirsty religion? Your perception will most likely be skewed by what you know about Muslims today. But that begs the question: What do you really know about Muhammad and Islam? Are you willing to study and learn about his life and teachings? Are you willing to reach across the divide and get to know the descendants of Abraham so that we can relate to them better?

**Who Was Muhammad: An Analysis of the Prophet of Islam in Light of the Bible and the Quran** engages readers in a fascinating study of the life and times of Muhammad from a historical and prophetic standpoint. Pastor Doug Hardt then launches readers into an in-depth study of the Quran and Muhammad's teachings to see if they agree or disagree with the Word of God. This book will deepen your understanding of the origin of the second largest religion in the world.

Newton: Kosmos, Bios, Logos Irena Štěpánová, 2014-09-01. Irena Štěpánová in this book explores Isaac Newton's engagement with ancient wisdom, the Hexameral tradition, Hermeticism, theology, alchemy, as well as natural philosophy. In so doing, she brings together the established historiography with her own new insights. Štěpánová's study is more than a study of Newton's thought; for it contains a good deal of background on ancient e.g. Hermeticism and early modern thought e.g. the Cambridge Platonists. She also uses the interpretative lenses of several contemporary Newton and non-Newton scholars in her work. Moreover, it provides helpful summaries of Newton's thought e.g. his theology. Štěpánová has provided Newton scholarship a great service in this book, not only by making her Czech language work available in English, but by bringing to the English language reader learning on Hebrew thought, philosophy of life, and Hermeticism originally published in Czech.

Abstract from the review by Stephen David Snobelen, Associate Professor, History of Science and Technology Programme, University of King's College, Halifax, Nova Scotia, Canada, and Director of Newton Project Canada.

**Israelology - The Birthright, House of Israel, Kingdom, and Sons of God** Paul H. Andree, III, 2008-04. The Houses of Israel and Judah dominate the scriptures from the time of King David until they both were sent into captivity. Each House had a destiny to fulfill. These destinies are being worked out today. What drives the destiny of these Houses? The Birthright is a term that many in the Church are aware of, but without an understanding of its presence throughout the scriptures. It is manifested as the Dominion Mandate and the Fruitfulness Mandate through the

Houses of Israel and Judah What are the implications for the coming Kingdom of God and the Sons of God We cannot know or comprehend this answer unless we understand the many foundational scriptures and concepts that establish God s Heart and Plan for the last days This study will challenge each person to be teachable and open to another perspective of God s Plan for Redemption God will reveal His Plan for you and your place in His Coming Kingdom God is maturing His Believers to rule and reign with Him
