Poetic Justice Jill Frank,2018-01-20 Plato set his dialogues in the fifth century BCE when written texts were disseminated primarily by performance and recitation He wrote them in the fourth century when literacy was expanding Jill Frank argues that there are unique insights to be gained from appreciating Plato s dialogues as written texts to be read and reread At the center of these insights is the analogy in the dialogues between becoming literate and coming to know or understand something and two different ways of learning to read One approach treats literacy as a top down affair in which authoritative teachers lead students to true beliefs Another recommended by Socrates in the

Republic encourages trial and error and the formation of beliefs based on students cognitive and sensory experiences The first approach to learning to read aligns with philosophy as authoritative knowledge and politics as rule by philosopher kings Following the second approach Poetic Justice argues that the Republic neither endorses nor enforces fixed hierarchies in knowledge and politics but offers instead an education in ethical and political self governance one that prompts citizens to challenge all claims to authority including those of philosophy

Sidney's Poetic Justice Robert E. Stillman, 1986 The first book length study of *The Old Arcadia* as a Renaissance pastoral romance Stillman focuses attention on the 27 eclogues that Sidney sets within his prose narrative

Thinking the Poetic Measure of Justice Charles Bambach, 2013-05-21 What is the measure of ethics What is the measure of justice And how do we come to measure the immeasurability of these questions *Thinking the Poetic Measure of Justice* situates the problem of justice in the interdisciplinary space between philosophy and poetry in an effort to explore the sources of ethical life in a new way Charles Bambach engages the works of two philosophical poets who stand as the bookends of modernity Friedrich Hölderlin 1770 1843 and Paul Celan 1920 1970 offering close textual readings of poems from each that define and express some of the crucial problems of German philosophical thought in the twentieth century tensions between the native and the foreign the proper and the strange the self and the other At the center of this philosophical conversation between Hölderlin and Celan Bambach places the work of Martin Heidegger to rethink the question of justice in a nonlegal nonmoral register by understanding it in terms of poetic measure Focusing on Hölderlin's and Heidegger's readings of pre Socratic philosophy and Greek tragedy as well as on Celan's reading of Kabbalah he frames the problem of poetic justice against the trauma of German destruction in the twentieth century

The Poetics of Dante's Paradiso Massimo Verdicchio, 2010-01-01 In the world of Dante scholarship there is a real need for studies such as *The Poetics of Dante's Paradiso* which challenge our notions of the principal souls of the *Paradiso* Rooted in a close analysis of the poem Massimo Verdicchio's intelligent interpretation is supported by relevant textual evidence and provides an important counterpoint to the canonical readings of the *cantica* Traditional readings of Dante's *Paradiso* have largely considered this third *cantica* of the *Commedia* as a poem apart It deals with those blessed souls in Paradise who are free of sin and beyond punishment in contrast to the sinners in the previous two *cantica* and is thus no longer based on the principle of contrapasso At the literal level this is true in that all the characters one encounters are either those who have been saved religious leaders or saints However at the allegorical level as Massimo Verdicchio argues in *The Poetics of Dante's Paradiso* the blessed souls still have something to hide something shameful in their past earthly life which is revealed nonetheless In this book Verdicchio provides a canto by canto analysis of *Paradiso* He maintains that the *cantica* can allegorically be seen as a commentary on the political and religious establishment framed as the punitive action of the DXV announced at the end of Purgatorio denouncing the illicit and destructive alliance between the House of Anjou and the Church Verdicchio focuses on the relationship that Dante establishes among the ten heavens into which the poet

divides the cantica and their equivalent in the Arts and Sciences of the Trivium and Quadrivium as outlined in the Convivio. This approach provides the key to interpreting the cantos and the discourse of the inhabitants of Paradise who appear on the surface blameless. However, it is the earthly and human side of the blessed souls that captures Dante's attention, and this dichotomy is revealed in his characterization of the heavens. Poetic allegory and irony are the two principal modes of this cantica, and the source of much of its comedic complexity. As one of the characters puts it in Heaven, we do not repent but we smile. A highly original and comprehensive reading, *The Poetics of Dante's Paradiso* demonstrates that the intricacies of Dante's text reveal subversive undercurrents and a subtle irony employed to deliver a critique of the Church and Empire of his own time.

Sacred Groves and Local Gods Eliza F. Kent, 2013-06-20. Drawing on fieldwork conducted in the southern Indian state of Tamil Nadu over seven years, Eliza F. Kent offers a compelling examination of the religious and social context in which south India's sacred groves take on meaning for the villagers who maintain them and shows how they have become objects of fascination and hope for Indian environmentalists.

Justice in Young Adult Speculative Fiction Marek C. Oziewicz, 2015-04-17. This book is the first to offer a justice-focused cognitive reading of modern YA speculative fiction in its narrative and filmic forms. It links the expansion of YA speculative fiction in the 20th century with the emergence of human and civil rights movements with the communitarian revolution in conceptualizations of justice and with spectacular advances in cognitive sciences as applied to the examination of narrative fiction. Oziewicz argues that complex ideas such as justice are processed by the human mind as cognitive scripts that, when narrated, take the form of multiply indexable stories and that YA speculative fiction is currently the largest conceptual testing ground in the forging of justice consciousness for the 21st-century world. Drawing on recent research in the cognitive and evolutionary sciences, Oziewicz explains how poetic, retributive, restorative, environmental, social, and global types of justice have been represented in narrative fiction from 19th-century folk and fairy tales through 21st-century fantasy, dystopia, and science fiction. Suggesting that the appeal of these and other nonmimetic genres is largely predicated on the dream of justice, Oziewicz theorizes new justice scripts as conceptual tools essential to help humanity survive the qualitative leap toward an environmentally conscious, culturally diversified global world. This book is an important contribution to studies of children's and YA speculative fiction, adding a new perspective to discussions about the educational as well as social potential of nonmimetic genres. It demonstrates that the justice imperative is very much alive in YA speculative fiction, creating new visions of justice relevant to contemporary challenges.

The Credibility of Science and Religion Paul Weingartner, 2025-01-27. Weingartner compares criteria and basic assumptions for the credibility of scientific and religious belief systems. It is shown that mankind has access to basic knowledge about a higher spiritual power and knowledge by conscience about what is obligatory or forbidden. This is defended by further axiomatizations on basic terms as natural goods, natural and moral law, and conscience. Scientific and religious belief systems are then compared thoroughly and by logical deduction and verisimilitude. One main argument is that every kind of belief

system has an upper and a lower bound of credibility yet a degree of credibility that leads to the impossibility of rational justification for scientific belief systems must not be required from religious belief systems Further topics are internal and external consistency local refutation mutual complementation between religion and theory of evolution as well as a comparison of the five world religions leading to general features of religion It is shown that one main yet basic axiom of morality is the principle of charity Finally the book concludes with the credibility requirements of science towards religion and those of religion towards science

Poetic Justice and Legal Fictions Jonathan Kertzer,2010-03-25 Literature reveals the intense efforts of moral imagination required to articulate what justice is and how it might be satisfied Examining a wide variety of texts including Shakespeare s plays Gilbert and Sullivan s operas and modernist poetics Poetic Justice and Legal Fictions explores how literary laws and values illuminate and challenge the jurisdiction of justice and the law Jonathan Kertzer examines how justice is articulated by its command of or submission to time nature singularity truth transcendence and sacrifice marking the distance between the promise of justice to satisfy our moral and sociable needs and its failure to do so Poetic Justice and Legal Fictions will be invaluable reading for scholars of the law within literature and amongst modernist and twentieth century literature specialists

The Incomparable God Brent A. Strawn,2023-05-30 My Lord There is no one like you among the gods Attempting to describe the nature of God often prompts the exclamation of the psalmist that God is unlike anyone or anything else And yet the claim is not simply the overflow of an adoring heart God s incomparability is a truth lodged deep within Christian Scripture In The Incomparable God Old Testament scholar Brent Strawn offers thoughtful insight into this theological mystery This volume collects eighteen of Strawn s most provocative essays on the nature of God several of which are published for the first time here Strawn covers the following topics the complex portrayal of God in Genesis God s mercy in Exodus poetic description of God in the Psalms the Trinity in both testaments pedagogy of the Old Testament integration of faith and scholarship Encompassing close readings of Scripture biblical theological argument and considerations of praxis The Incomparable God is essential reading for Old Testament scholars and students

Cruciformity Michael J. Gorman,2021-07-27 When it was first published in 2001 Cruciformity broke new ground with a vision of Pauline spirituality that illuminated what it meant to be a person or community in Christ Beginning with Paul s express desire to know nothing but Christ crucified Gorman showed how true spirituality is telling the story in both life and words of God s self revelation in Jesus so that we might practice cruciformity

the impossible possibility of conformity to the crucified Christ Two decades later Gorman's seminal work is still a powerful model for combining biblical studies and theological reflection to make Paul's letters more immediately relevant to contemporary Christian life This twentieth anniversary edition includes a new foreword by Nijay Gupta a next generation Pauline scholar heavily influenced by Gorman as well as an afterword by the author in which he reflects on the legacy of Cruciformity in the church and the academy including his own subsequent work in Pauline theology

Jewish Drama & Theatre Eli Rozik, 2013-07-01 Jewish drama and theatre has followed a tortuous path from extreme rabbinical intolerance to eventual secular liberalism with its openness to the heritages of both Judaism as a culture and prominent foreign cultures to the extent of multicultural integration No wonder therefore that since biblical times until the seventeenth century there are only examples of tangential theatre practices This initial intolerance shared by the Church was rooted in pagan connotations of theatre rather than in the neutral nature of the theatre medium capable of formulating and communicating contrasting thoughts Whereas by the tenth century the Church understood that theatre could be harnessed to its own ends Jewish theatre was only created seven centuries later through spontaneous and amateurish theatrical practices such as the Yiddish *purim shpil* and the *purim rabbi* Due to their carnivalesque and cathartic nature these practices were tolerated by the rabbinical establishment albeit only during the Purim holiday But as a result Jewish drama and theatre were created and emerged despite rabbinical antagonism Under the influence of the Jewish Enlightenment Yiddish speaking theatres were increasingly established a trend that became central in the cultural enterprise of the Jews in Israel This process involved a renewed use of Hebrew as a spoken language and the transition from a profound religious identity to a secular Jewish one characterised by a basic liberalism to the extent of openness to cultures traditionally perceived as archetypal enemies of Judaism This book sets out to analyse play scripts and performance texts produced in the Israeli theatre in order to illustrate these trends and concludes that only a liberal society can bring about the full realisation of theatre's potentialities

Jesus Shall Reign Gary Tuck, 2021-10-14 Centuries before his birth in Bethlehem God announced through many prophets that he would send the Savior of the world After he came and purchased redemption and returned to heaven God announced that he would send him again Revelation is God's last word before Jesus comes again this time to seize the throne of Earth never ever to relinquish it In Revelation he has disclosed his determined plans for the end of this first creation history as we know it and the inauguration of his glorious eternal kingdom There is a palpable fever in the church today for cracking the code of Revelation This book argues Revelation is not as arcane as many think it to be It is understandable With a little help of the right kind the book is accessible It is largely a matter of recognizing the primary themes and the macro structure The discovery and integration of those are the particular groundbreaking contribution of this book With those the big picture message of Revelation opens like a flower Is your appetite whetted

God's Unfailing Purpose Michael P. V. Barrett, 2016-03-01 This is often the question of skeptics scoffers and even troubled souls Trials and tribulations of one sort

or another crowd our personal lives while corruption conflict and catastrophe command the world scene Indeed where is God in all of this Asking the question is fair enough Answering demands caution God's Unfailing Purpose The Message Of Daniel is a cautious and biblical answer to that question This book focuses on the heavenly throne from which God rules according to His perfect will and unchangeable unfailing purpose God is in absolute control of all things the big issues of the world as well as the seemingly bigger issues of our lives Daniel's view of history and prophecy shows that God's kingdom is coming and that God's will is being done on earth as certainly as it is in heaven Daniel's message is simply Not to worry everything is under control
