What To Do If Your Traxxas Model Breaks Traxxas Service and Support Guide

Welcome to Traxxas Support

All of us at Traxxas want to assure you that your Traxxas model is backed by the best service and support team in the industry. We're here to help. And Traxxas support is there for the life of the product.

At Traxxas, we want you to make ownership enjoyable for you. If you have questions about your model, or about having a problem with your model and we find you what to do, then simply call us at 1-800-TRAXXAS. Our customer care representatives speak with you in English, Spanish, and French. Our customer support staff is available from 9 AM to 5 PM, seven days a week. For more questions, you can also visit us at www.traxxas.com. Troubleshooting support, how-to's, and videos of information are available online from our website at www.traxxas.com. The Traxxas online community through Facebook is a great, accessible reference for many topics. It is available online from the Traxxas website.

This guide will take you through the various options you have for obtaining service for your Traxxas model, including warranty and non-warranty service.

Traxxas Warranty Coverage Electronic Components

Traxxas electronic components are warranted to be free from defects in materials and workmanship for a period of thirty (30) days from the date of purchase. Electronic components covered by the warranty include: receiver, servos, switches, chargers, amplifiers, and receiver battery holders, and any other Traxxas electronic component. See the additional limitations that apply.

Chassis and Drivetrain

The chassis and drivetrain consist of all remaining parts of the model that are not considered electronic. This includes steering motor,

Your new model is considered to be a hobby class model. The Traxxas hobby class model is designed to be a fun-to-use model, and is not intended to be used in competitive racing or as a stunt vehicle. Because our products are high performance hobby class models that operate at a much higher level of performance than a "toy" model, we provide maintenance and are intended to be used in high performance applications that are extremely wide range of running conditions, and therefore, no warranty is provided or implied that cover damage caused by normal use or wear or abuse or simply how long any chassis or motor part will last before requiring replacement due to wear. Parts will wear from use and eventually require replacement. The chassis and drivetrain are only covered against manufacturing defects in materials, workmanship or assembly when they are not before being used.

If any component is found to be defective, internally made, or externally sourced within the warranty coverage time period (where applicable), it will be repaired or replaced at Traxxas' sole discretion. This will be done within a reasonable time period, and free of charge. If you believe a defect in materials, workmanship or assembly was not apparent about the product when new and

only became evident after the product was used, then please call us at 1-800-TRAXXAS. We will evaluate your problem and replacement and attempt to do our best to make sure you are satisfied with your Traxxas product.

Limitations

Any and all warranty coverage does not cover replacement of parts and components damaged by abuse, neglect, improper or unreasonable use, crash damage, water or excessive moisture, chemical damage, improper or improper maintenance, accident, unauthorized alteration or modification or items that we considered reasonable. Traxxas will not pay for the cost of shipping or transportation of a defective component to us. We make the return a charge. Also, warranty is limited to the charge only and does not cover batteries, switches, and other accessories used in conjunction with the charge.

Your Hobby Dealer's Role

All warranty claims are handled directly by Traxxas. Your dealer can assist you in contacting Traxxas and determining which components might be defective, but he is under no obligation to provide free replacement parts or service. Traxxas does not authorize dealers to make such the return exchanges or refunds for Traxxas products that have been used. Traxxas will make the sole and final determination if a product is component or the covered under warranty.

Limitations of Liability

Traxxas makes no other warranties expressed or implied. Traxxas shall not be liable for any special, indirect, incidental, or consequential damages arising out of the assembly, installation, or use of these products in any capacity or otherwise required to use these products. By the act of operating using the product, the user accepts all liability (including but not limited to) that Traxxas liability cannot be actual purchase price paid for the product. Traxxas reserves the right to modify warranty provisions without notice. All warranty claims will be handled directly by Traxxas. The Traxxas warranty gives the customer specific legal rights, which rights may vary from state to state. All state warranty claims are in United States dollars. The term "Traxxas" shall refer to the product's production. We at Traxxas Traxxas is not obligated to provide replacement products at a reduced rate when a previous product's production is no longer available.

Traxxas encourages you to register your model online at www.traxxas.com.

Non-Warranty Service

Traxxas offers an extensive electronic warranty plan. It requires no payment up front. The only pay after you need the service.

Traxxas Lifetime Electronic Warranty

After the registration date of the warranty period, Traxxas will repair electronic components for a flat rate. The electronic products covered by this extended service plan include electronic speed controls, servos, receivers, servos, and battery chargers, amplifiers, and motor/battery speed control are not covered. Other electronic components will be covered separately. The covered repairs are limited to non-mechanical components that have not been subjected to abuse, misuse, or improper use. We do not cover the electronic speed control, or speed may be subject to electronic changes. Electronic speed controls that have
