Fairchild Ruggles, 2000-08-03 The first to combine the study of representation gender theory and Muslim women from a historical and geographical perspective this book examines where women have represented themselves in art architecture and the written word in the Muslim world The authors explore the gendering and implicit power relations present in the positioning of subject and object in the visual field and look specifically at occasions when women publically adopted the stance of the viewer speaker writer or patron The Division after Prophet Muhammad Hassan A. Nahim, 2012-08-28 While the Prophet was returning from his last pilgrimage to Medina he received this revelation from Allah at a place called Ghadir Khumm commanding the Prophet to read it to the people O Prophet proclaim what has been revealed to you from your Lord for if you do it not you have not conveyed His message and Allah will protect you from the evil designs of people Surah Al Maida Chapter 5 V 67 Then the prophet told his People the reason for this verse is to Proclaim Ali as the Chaliphate after him Immediately following the passing of the Prophet SAW his Sahabat and his fathers in law turned against Ali The home of Fatima daughter of the Prophet was burned down by the Sahabat despite several narrations from the Prophet about Fatima one of which is who ever upset Fatima upset me and who ever upset me upset Allah This book gives you summarized Ahadiths from Sunnis and Shias determining the Caliphate It shows why the Caliphate belongs to Ali and his descendants using Sunni Ahadiths to prove so This book differentiates between the beliefs of the Shias and the Sunnis and uses verses from the Holy Quran and from several Ahadith books **FATIMEH AL-ZAHRA** Sayyid Hussein Alamdar, 2014-07-26 By God They raised objection against the cutting swords of Ali his being indifference with respect to the death in the battlefield his power of the combat in the warfare and the scattering strokes By God If people have joined with each other and would have given the caliphate to some one about whom the Holy Prophet SAW has recommended any time if

the people had deviated from the path of the truth he would guided them towards the righteous path with out any pain and disturbance that neither the mount had become incapacitated nor its rider would have tired and sad Ultimately he would have lead them to the pure and pleasant fountainhead of water the canal that on both sides was saturated with the water that had never been polluted And then after the complete quenching of their thirst had returned them and as a result they would have found him their well wisher in hidden and apparent Ali would never had taken any benefit from the world and from it there had not been any advantage except the quenching of the thirsty and feedings of the hungry ones And here the world worshipper from the ascetic one righteous one from the liar had been explicit for all of them And in accordance of what God s has said in the Holy Qur an If the people of towns would have accepted faith and were pious We would have opened the gates of heaven s blessing upon them but since they denied We punished them for their evil deeds And Those who indulges in the tyranny and oppression their deeds would caught their skirt and they would never be able to escape from the divine punishment The second Sermon of Fatimeh al Zahra SA p 155

Feminist Theology and Social Justice in Islam

Mahjabeen Dhala,2024-02 First major feminist reading of Fatima s sermon of protest presenting the Prophet s daughter as a serious theologian and social activist *TRAGEDY OF FATIMA DAUGHTER OF PROPHET MUHAMMED* Yasin T.

al-Jibouri,2013-10-24 Fatima daughter of the Prophet of Islam did not enjoy this life for long and passed away only few days after the demise of her father She was not sick rather grief and sorrow snatched his soul away This book sheds light on certain historic circumstances as well as on the individuals who were bitter enemies of her husband Ali ibn Abu Talib and who were jealous of his merits and accomplishments The author wrote this book initially in response to another written by someone who cast doubts about certain very serious and shameful facts which the author of this book details He cites numerous references more than three hundred and fifty written by historians and biographers from both branches of the Islamic faith and throughout the Islamic history One who reads this book with an open mind will conclude that Fatima died prematurely and that ironically those who were responsible for her early death have since the very first Islamic century been glorified by the vast majority of the Muslims that even the whereabouts of her grave remain unknown something which she herself desired and planned Who were those people Why did they disrespect the Head of the Women of the World the mother of the two masters of the youths of Paradise and wife of the Prophet s right hand the people who even confiscated her inheritance from her revered father This book answers all these questions and many more **The Bedouin Girl** Sarah Jane

Scot Aghaie,2009-09-15 Commemorating the Battle of Karbala in which the Prophet Mohammad s grandson Hosayn and seventy two of his family members and supporters were martyred in 680 CE is the central religious observance of Shi i Islam Though much has been written about the rituals that reenact and venerate Karbala until now no one has studied women s

participation in these observances This collection of original essays by a multidisciplinary team of scholars analyzes the diverse roles that women have played in the Karbala rituals as well as the varied ways in which gender coded symbols have been used within religious and political discourses The contributors to this volume consider women as participants in and observers of the Karbala rituals in Iran Iraq Lebanon India Pakistan and the United States They find that women s experiences in the Shi i rituals vary considerably from one community to another based on regional customs personal preferences religious interpretations popular culture and socioeconomic background The authors also examine the gender symbolism within the rituals showing how it reinforces distinctions between the genders while it also highlights the centrality of women to the symbolic repertory of Shi ism Overall the authors conclude that while Shi i rituals and symbols have in some ways been used to restrict women s social roles in other ways they have served to provide women with a sense of independence and empowerment
