### COMMON ENTRANCE (CE) 13+ SUBJECT GUIDE FOR FAMILIES: MATHEMATICS

CE 13+ exams are taken by pupils at the end of their entrance preparation to select independent schools. For entry into Year 9, Maths is one of the compulsory core subjects assessed in CE 13+ exams, along with English and Science.

This guide provides an overview of the CE 13+ maths exam structure, what knowledge and skills are assessed, and what your child can expect from each paper. It also contains tips and advice for using past papers as practice material, and links to further support to help your child throughout their preparation journey. It's all explained!

#### COMMON ENTRANCE (CE) 13+ EXAM STRUCTURE: MATHS

The CE 13+ Maths exam is designed to test pupils' ability to:

- Understand and use numbers confidently, making connections between multiplication and division with fractions, decimals, percentages and ratio.
- Follow a wider range of problems, including complex properties of numbers and arithmetic, and problems demanding efficient written and mental methods of calculation.
- Use the language of algebra as a means for solving a variety of problems.
- Demonstrate sophisticated knowledge of geometry and measures, including the ability to identify complex shapes and the relationships needed to describe them.
- Show fluency in written methods, including long multiplication and division, and in working with fractions, decimals and percentages.
- Apply mathematical knowledge in other subjects, such as science and geography.

#### COMMON ENTRANCE (CE) 13+ EXAM STRUCTURE: MATHS

The CE 13+ Maths exam is divided into three papers:

- **Calculator paper** (1 hour, 100 marks)
- **Non-calculator paper** (1 hour, 100 marks)
- **Mental arithmetic test** (10/15 minutes, 10 questions)

The calculator and non-calculator papers are the same as other Foundation or First award. The Foundation and First award are part of the same series of the National Curriculum, but the First award is a more challenging question document type.

The online marking system will usually share which level your child achieved after discussing it with prospective entry schools, and assessing your child's entry.

All students will sit the same mental arithmetic test.
