You Need To Live:

Should You Choose to Live Forever? Stephen Cave, John Martin Fischer, 2023-11-22 In this book Stephen Cave and John Martin Fischer debate whether or not we should choose to live forever This ancient question is as topical as ever while billions of people believe they will live forever in an otherworldly realm billions of dollars are currently being poured into anti ageing research in the hope that we will be able to radically extend our lives on earth But are we wise to wish for immortality What would it mean for each of us as individuals for society and for the planet In this lively and accessible debate the authors introduce the main arguments for and against living forever along with some new ones They draw on examples from myth and literature as well as new thought experiments in order to bring the arguments to life Cave contends that the aspiring immortalist is stuck on the horns of a series of dilemmas such as boredom and meaninglessness or overpopulation and social injustice Fischer argues that there is a vision of radically longer lives that is both recognizably human and desirable This book offers both students and experienced philosophers a provocative new guide to a topic of perennial importance Key Features Gives a comprehensive overview of the main arguments for and against living forever Uses lively examples from myth literature and novel thought experiments Highly accessible avoiding jargon and assuming no prior knowledge without sacrificing intellectual rigour Includes helpful pedagogical features including chapter summaries an annotated reading list a glossary and clear examples

Magic Potion Mahrouyeh Maghzi, 2014-12-18 A woman has invited 25 women and 25 men to come and listen to her talk about her book and ask them whether or not to publish it In a small square room she finds 23 men have arrived She stays outside the room and speaks to them telepathically about relationships honouring the female principle and the meaning of life What does the story of the Garden of Eden mean Later she comes into

the room and educates them about the role of women and raising the men's consciousness. She embodies light and takes them into another mental realm. She tests their ideas, surprises, and shocks them to help them evolve. One of them finds that the book on the lectern is blank. In the end, we realize she hasn't written a book but lived it. Maghzi states: "This book is one woman's vision which has been reduced to a readable form. This book is about a woman who raises her voice on behalf of those women who have suffered through the centuries. This book is about cutting selfish self's rough and uneven edges in order to become wiser and smarter to circle the wiser and smarter beloved." The Two Voices Within Nickolas Martin, Linda M. Martin, 2015-12-21. Ego and Spirit both speak profoundly within our lives. Can you hear what they are saying to you? These two voices are the main energies that rise up and give shape to our thoughts, feelings, behaviors, and physical health. As we go about meeting life's challenges such as change, adversity, stressors, conflicts, relationships, self-esteem, achievement, and our ability to experience genuine happiness, the voice of an unconscious, imbalanced ego is unfortunately the one we more often hear and heed, leading us into a lesser version of ourselves. *The Two Voices Within: Balancing the Energies of Ego and Spirit to Enhance Your Life* invites you to more clearly hear what both of these voices are saying so that you can speak with more of your true voice and recognize the One Voice of the Universe. This awakening will enable you to be the best version of yourself and optimally meet life's challenges.
