

## Love Theme in Pride and Prejudice

Love is the suppressing subject in *Pride and Prejudice*. The love narrative between Elizabeth Bennet and Mr. Fitzwilliam Darcy gives rise to the subject that love can suppress over pride, bias, and even societal hierarchies. Jane Austen uses the novel in order to suggest that true love is cherished and can suppress all things. Initially, Austen develops the subject by holding love conquer Mr. Darcy's pride. Mr. Darcy is at first cold and uninterested in the hapless, socially inferior Ms. Bennet. He says, "She is tolerable, but none fine-looking plenty to allure me" (Austen 31). He scorns the ball at Meryton, and says it's a waste of his clip (Austen 32). Mr. Darcy's fondness though begins to alter after Elizabeth comes to Netherfield Park in order to take attention of her sister, Jane.

The storyteller states at this clip, "He truly believed, that were it not for the lower status of her connexions, he should be in some danger" (Austen 159). Mr. Darcy, surprisingly though, extends an offer of matrimony to Elizabeth; He merely proposes with the changeless reference of how he is of higher standing. In so many ways, and how that this lucifer is against his better judgement. Even while humbling himself to the point of inquiring a in-between category adult female to get married him, pride still exudes from his oral cavity. Ms. Bennet, acerate leaf to state, diminutions. This spurning of his proposal humbles him to the point where he one time once more asks for her manus, and this clip meekly.

Austen shows love and fondness repressing the proud Mr. Darcy humbling him to the point where he would merrily get married a in-between category miss of greatly inferior societal standing, repute, and wealth. Second, Jane Austen shows love suppressing over Elizabeth's bias. For the full first half of the book, Elizabeth loathes Darcy and his societal category. She finds him and his category snobbish, pretentious, and disdainful. Elizabeth unrightfully believes rumours about him coming from the untruthful Wickham, and does not allow Darcy support himself against them. Elizabeth's bias starts to lessen though after Darcy's matrimony proposal and she bit by bit starts to swear and look up to him, particularly after Mr. Darcy's servant Mrs. Reynolds's speaks so kindly of him (Austen 755).

Elizabeth Bennet's love for Darcy grew greatly the more cognition she gained about him, which coincidentally destroyed Elizabeth's bias. Last, Elizabeth and Darcy break down immense societal barriers in their matrimony. This is seen in no greater of a manner than in the confrontation between Elizabeth and Lady Catherine de Bourgh. The old lady can not stand the fact that her well-dressed nephew wants to get married a hapless pauper miss. She warns Elizabeth that if she were to get married Darcy that he would shortly go the "contempt of the world" (Austen 1108).

And not merely does Mr. Darcy's category obje

Readings in Writing Courses Richard C. Raymond, 2010-12-01 As the title suggests this six chapter book responds to a question which in Western culture goes back to Plato Aristotle Cicero and Quintilian namely What should rhetoric teachers ask their students to read Primarily historical the first two chapters trace conflicting answers to the question above focusing on two constructive results of the debate the reinvention of rhetoric and writing as a discipline a coherent and growing body of knowledge and as a result the emergence of independent departments of writing free from departments of English free therefore to develop their own curriculum and to manage their own budgets Additionally the second chapter examines two destructive consequences of this debate the ban of literature from writing courses where students might profitably study both and as a result the often painful departmental splits which not only separate former colleagues but also cramp the pedagogy of those trained to teach both writing and literature More than a survey of key publications this chapter encourages readers to honor the discipline of rhetoric but to make a place for literature on their composition syllabi The next four chapters provide pedagogical support for these chief claims that literature can and should be taught in writing courses and that such readings need not distract students from the primary text their own writing On the contrary these readings motivate serious writing when students feel invited into a conversation on issues that touch their lives These pedagogical chapters then move entering professionals from the theoretical debate to the application of theory therefore the book would serve well professors of courses in composition theory particularly those who enjoy teaching the conflicts and preparing their graduate students to design assignments and courses that apply theories of learning reading and composing **Collected**

*American Film Musical Themes and Forms* Michael Dunne, 2004-09-08. The musical has been called the most popular form of entertainment in the world. This work examines the subject's themes and contemporary relevance of Hollywood musicals through their long popularity, placing each show in historical and political context and analyzing it in detail. A chapter is devoted to how *Gold Diggers of 1933* (1933) and *Stand Up and Cheer* (1934) deal with the economic crises of the Depression. Another addresses race issues by examining the prevalence of blackface minstrelsy in the 1930s and 1940s, looking at productions like *Swing Time* (1936) and *Dixie* (1943). Rock and roll culture, which started in the 1950s and threatened America with teenage sex and rebellion, is addressed through such hits as *Girl Crazy* (1943), *Bye Bye Birdie* (1963), and *Grease* (1978). The work also explores dance as a signifier of character, the geography of musicals such as New York or the South, fantasy settings, Fred Astaire and Gene Kelly, and the musical biopic, mentioning biographies of such figures as Ziegfeld, Cohan, Rogers, and Hart, Cole Porter, and Jerome Kern. A later chapter discusses intertextuality in such shows as *Singin' in the Rain* (1952), which refers to many earlier musicals, *Kiss Me, Kate* (1953), which refers to *Taming of the Shrew*, and *All That Jazz* (1970), which refers to the life and work of Bob Fosse. The work concludes with an examination of the continuing popularity of the musical with such hits as *Moulin Rouge* (2001) and *Chicago* (2002). Instructors considering this book for use in
