Defining Identity and the Changing Scope of Culture in the Digital Age Novak, Alison, El-Burki, Imaani Jamillah, 2016-05-19 Since the popularization of Internet technologies in the mid 1990s human identity and collective culture has been dramatically shaped by our continued use of digital communication platforms and engagement with the digital world. Despite a plethora of scholarship on digital technology, questions remain regarding how these technologies impact personal identity and perceptions of global culture. *Defining Identity and the Changing Scope of Culture in the Digital Age* explores a multitude of topics pertaining to selfhood, self-expression, human interaction, and perceptions of civilization and culture in an age where technology has become integrated into every facet of our everyday lives. Highlighting issues of race, ethnicity, and gender in digital culture, interpersonal and computer-mediated communication, pop culture, social media, and the digitization of knowledge, this pivotal reference publication is designed for use by scholars, psychologists, sociologists, and graduate-level students interested in the fluid and rapidly evolving norms of identity and culture through digital media.

Law and Religion Wim Decock, Jordan J. Ballor, Michael Germann, Laurent Waelkens, Günter Frank, Ute Lotz-Heumann, Barbara Mahlmann-Bauer, Johannes Schilling, Günther Wassilowsky, Siegrid Westphal, Tarald Rasmussen, Mathijs Lamberigts, Bruce Gordon, David M. Whitford, 2014-09-17 Wim Decock collects contributions by internationally renowned experts in law, history, and religion on the impact of the Reformation on law, jurisprudence, and moral theology. The overall impression conveyed by the essays is that on the level of substantive doctrine, the legal teachings there seems to be more continuity between Protestant and Catholic or, for that matter, between medieval and early modern jurisprudence and theology than usually expected. As it is illustrated with regards to topics ranging from just war doctrine over business ethics to marriage law, at the very least there appears to have been an on-going conversation between jurists and theologians across the confessional divide. This does not prevent some contributions from highlighting that on the institutional level, for instance in university politics, radical tensions between Reformers and Counter Reformers played a paramount role. This book also offers approaches to the relationship between Churches and States in the early modern period and to the practical as well as doctrinal use of natural law in both Protestant and Catholic lands.

Assessment, Evaluation, and Accountability in Adult Education Lilian H. Hill, 2023-07-03 This book is intended to help practitioners in adult education become better informed about assessment, evaluation, and accountability as these are critical functions of administering and running adult education programs. The book is for adult educators who have been asked to serve on assessment committees, produce detailed reports for funders and accreditors, create a culture of assessment within their program and organization, and/or develop reports for accountability purposes. Section one presents an introductory overview of assessment and evaluation in adult education.
