Defective Institutions Jacques Lezra, 2024-03-05 Defective Institutions overturns the basis of institutionalism Faith in classic institutions exposed as clamorously inadequate by the failure of governance under neoliberalism does not result in greater democracy greater horizontality or more equitable living Nor does trust in the standing of decisions in the authority of antecedent cases in the coherence strength continuity or solidity of the institutions that frame and render legitimate these decisions and the rules they buttress To the contrary the classically imagined institution and our faith in it lie at the heart of neoliberal unfreedom and racialized violence Working at the point of contact and conflict between socialist and anarcho philosophical traditions Defective Institutions offers an alternative which is also an alternative to the figures of governance associated with the liberal conception of the state an aberrant republicanism comprised of defective institutions run through with the necessity of their abolition Lezra's book moves from the primitive scenes of Western political institution the city the family the university the first person race through recent work in the philosophy of translation decolonial studies abolitionism Afropessimism and its critiques psychoanalysis and musicology To offer an original wedding of abolition and institution Lezra brings together genealogies of

Long,1996 Kierkegaard's Indirect Politics Bartholomew Ryan,2014-03-15 This book argues that a radical political gesture can be found in Søren Kierkegaard's writings The chapters navigate an interdisciplinary landscape by placing Kierkegaard's passionate thought in conversation with the writings of Georg Lukács Carl Schmitt Walter Benjamin and Theodor Adorno At the heart of the book's argument is the concept of indirect politics which names a negative space between methods concepts and intellectual acts in the work of Kierkegaard as well as marking the dynamic relations between Kierkegaard and the aforementioned thinkers Kierkegaard's indirect politics is a set of masks that displaces identities from one field to the next theology masks politics law masks

theology political theory masks philosophy and psychology masks literary approaches to truth As reflected in Luk cs Schmitt Benjamin and Adorno this book examines how Kierkegaard s indirect politics sets into relief three significant motifs intellectual non conformism indirect communication in and through ambiguous identities and negative dialectics
