Thomas Merton and the Monastic Vision Lawrence Cunningham,1999 Cunningham theology U of Notre Dame explores Merton s monastic life and his subsequent growth into a modern day spiritual master Starting from Merton s entrance into the Abbey of Gethsemani in 1941 he highlights the development of Merton s monastic life against the cultural background of the American experience and the vast upheavals in the Roman Catholic Church thus showing how his writings and continuing influence can only be understood against the background of his contemplative experience as a Trappist monk Father Timothy Kelley the current abbot of the Abbey of Gethsemani and a former novice under Merton provides a foreword Annotation copyrighted by Book News Inc Portland OR Physician Assistant Programs Directory ,2000

Miracles: An Exercise in Comparative Philosophy of Religion Karen R. Zwier,David L. Weddle,Timothy D. Knepper,2022-11-03 This volume provides a comparative philosophical investigation into a particular concept from a variety of angles in this case the concept of miracle The text covers deeply philosophical questions around the miracle with a multiplicity of answers Each chapter brings its own focus to this multifaceted effort The volume rejects the primarily western focus that typically dominates philosophy of religion and is filled with particular examples of miracle narratives community responses and polemical scenarios across widely varying religious contexts and historical periods Some of these examples defy religious categorization and some papers challenge the applicability of the concept miracle which is of western and monotheistic origin By examining miracles thru a wide comparative context this text presents a range of descriptive content and analysis with attention to the audience to the subjective experiences being communicated and to the flavor of the narratives that come to surround miracles This book appeals to students and researchers working in philosophy of religion and science as well those in comparative religion It represents in written form some of the perspectives and dialogue achieved in The Comparison Project s 2017 2019 lecture series on miracles The Comparison Project is an enterprise in comparing a variety of religious voices allowing them to stand in dialogue *The President's Report to the Board of Regents for the Academic Year ... Financial Statement for the Fiscal Year* University of Michigan,1976 **Consciousness** William G. Lycan,1995-03-02 In this book William Lycan defends an original theory of mind that he calls homuncular functionalism What

is consciousness The answer to this question has been pondered upon grappled with and argued about since time immemorial There has never been an answer that achieved consensus certainly philosophers have never agreed In this book William Lycan defends an original theory of mind that he calls homuncular functionalism He argues that human beings are functionally organized information processing systems who have no non physical parts or properties However Lycan also recognizes the subjective phenomenal qualities of mental states and events and an important sense in which mind is over and above mere chemical matter Along the way Lycan reviews some diverse philosophical accounts of consciousness including those of Kripke Block Campbell Sellars and Casta eda among others and demonstrates how what is valuable in each opposing view can be accommodated within his own theory Consciousness is Lycan s most ambitious book one that has engaged his attention for years He handles a fascinating subject in a unique and undoubtedly controversial manner that will make this book a mainstay in the field of philosophy of mind

Consciousness with these earlier works is a Bradford Book

Blacks and Whites in Christian America Jason E. Shelton, Michael Oluf Emerson, 2012-10-08 2012 Winner of the C Calvin Smith Award presented by the Southern Conference on African American Studies Inc 2014 Honorable Mention for the Distinguished Book Award presented by the American Sociological Association s Sociology of Religion Section Conventional wisdom holds that Christians as members of a universal religion all believe more or less the same things when it comes to their faith Yet black and white Christians differ in significant ways from their frequency of praying or attending services to whether they regularly read the Bible or believe in Heaven or Hell In this engaging and accessible sociological study of white and black Christian beliefs Jason E Shelton and Michael O Emerson push beyond establishing that there are racial differences in belief and practice among members of American Protestantism to explore why those differences exist Drawing on the most comprehensive and systematic empirical analysis of African American religious actions and beliefs to date they delineate five building blocks of black Protestant faith which have emerged from the particular dynamics of American race relations Shelton and Emerson find that America s history of racial oppression has had a deep and fundamental effect on the religious beliefs and practices of blacks and whites across America

In Marx's Shadow Costica Bradatan, Serguei

Oushakine,2010-03-19 Despite its key role in the intellectual shaping of state socialism Communist ideas are often dismissed as mere propaganda or as a rhetorical exercise aimed at advancing socialist intellectuals on their way to power By drawing attention to unknown and unexplored areas trends and ways of thinking under socialism the volume examines Eastern Europe and Russian histories of intellectual movements inspired negatively as well as positively by Communist arguments and dogmas Through an interdisciplinary dialogue the collection demonstrates how various bodies of theoretical knowledge philosophical social political aesthetic even theological were used not only to justify dominant political views but also to frame oppositional and nonofficial discourses and practices The examination of the underlying structures of Communism as an intellectual project provides convincing evidence for questioning a dominant approach that routinely frames the post Communist intellectual development as a revival or at least as a return of the repressed intellectual traditions As the book shows the logic of a radical break suggested by this approach is in contradiction with historical evidence a significant number of philosophical theoretical and ideological debates in post Communist world are in fact the logical continuation of intellectual conversations and confrontations initiated long before 1989 **Writing After Chaucer** Daniel Pinti,2016-12-05

This volume makes available to teachers students and scholars a convenient selection of the most provocative and influential articles from the past 20 years on Chaucer s afterlife in the 15th century one of the most dynamic topics in Chaucer studies today Much recent work in the field of Chaucer studies has shown how our understanding of Chaucer s poetry is mediated by his 15th century readers and scribes Increased scholarly interest in various 15th century Chaucerian poets notably Hoccleve Lydgate and Henryson has prompted medievalists to read these sometimes neglected poems anew The classic essays in this volume plus two written just for this collection investigate the scribes glossators and poets whose reception and transmission of Chaucer s writings influence our own reading of them today focusing chiefly on the Chaucerian influence in their poetry Written by eminent Chaucer scholars these essays cover not only a wide range of Chaucer s writings but also touch on the history of the English language the glosses to Chaucer s poetry English and Scottish poets appropriations of Chaucer the implicit criticism and interpretations of Chaucer s writings in the 15th century and the first printing of Chaucer s works by William Caxton Timely and unique this collection will prove indispensable for research libraries a convenient and valuable resource for scholars and an essential introduction for students **Religion Matters** Paul Babie,Rick Sarre,2020-03-02

This book draws together leaders in science the health sciences the humanities and the social sciences to investigate the role of religion its meaning and relevance for their area of specialization It provides a much needed fresh perspective on the way in which religion operates within the modern neo liberal world The book approaches the topic by way of a critical engagement between religion broadly defined and the individual disciplines in which each of the contributors is expert Rather than simply taking the dogmatic position that religion offers something to every possible discipline each of the chapters in this collection addresses the question is there something that religion can offer to the discipline in question That is the value of the book it

takes a truly critical stance on the place of religion in contemporary society **History Education 101** Wilson J. Warren,D. Antonio Cantu,2008-01-01 Historians and teacher educators nationwide are now engaged in discussions about the importance of history teacher preparation Interest within the history profession about the teaching of K 12 history has increased significantly during the past two decades particularly since the controversy over the National Standards for History s publication This attention is evident not only in the historical professions various publications but also in the federal government s multi million dollar Teaching American History Program and the No Child Left Behind Act Professional historians are increasingly committed to improving the teaching of history at the K 12 level through many forms of collaboration History Education 101 s thirteen essays are organized into three sections context practice and new directions The essays contributors tenured faculty who teach history teaching methods courses in colleges and universities throughout the United States focus on how history education has is and will be taught to new K 12 teachers throughout the United States Perhaps more than ever it is critical for Americans to understand the role of higher education in the preparation of future middle and high school history teachers This book provides important insights for academics in history and education departments as well as other individuals who are concerned with the status and improvement of history teaching in the schools particularly current and future elementary and secondary teachers and administrators **Diz vliegende bîspel** Marian E. Polhill,Alexander Sager,2020-07-13 The volume explores the theme of ambiguity in medieval and early modern literature in essays honoring the life and work of Arthur Groos Avalon Foundation Professor in the Humanities at Cornell University USA emeritus The famous expression diz vliegende b spel from Wolfram von Eschenbach s Parzival is its watchword In the poem the black and white plumage of the magpie represents the characteristic complexity ambiguity and ambivalence of the romance Removed from its historical context the expression is also a figure of Arthur Groos s wide ranging intellectual flight In addition to his work on medieval German verse narrative he has made important contributions to courtly love poetry medieval and early modern scientific literature early modern German literature in general and especially to opera
