Loudspeaker Manufacturers since 1912

In 1912, when Gilbert Briggs founded the Wharfedale Wireless Works, his company was at the leading edge of an exciting new technology, which was dedicated to bringing the pleasure of music and entertainment to a wide range of people. As the technology advanced Wharfedale gave many music lovers their first taste of High Fidelity, mounting a series of live sound demonstrations which excited the audio world and founded the use of the modern hi-fi loudspeaker.

Today, 75 years after our inception, Wharfedale still uses the same uncompromising approach to the design and manufacture of every loudspeaker system, using high quality components and state-of-the-art testing to ensure consistently high performance. And that means that you can continue to count on the quality of all Wharfedale products.
