Prayers for the Road Currie,2000-01-01 Designed for college bound students this collection of 30 Psalms and reflections is perfect as a gift book for teens from Presbyterian churches and other Protestant denominations After each Psalm the author shares memories from his own experience and a brief meditation in the form of a letter **Searching for Truth**

Thomas W. Currie,2001-01-01 How can we speak the truth as truth yet speak it in love How can we avoid the temptation either to think that we alone possess the truth or to trim the truth to make it less offensive to the world These are some of the questions that this clearly written book attempts to answer questions about the challenge of claiming and trusting the truthfulness of gospel in a time when all such truth claims are suspect The Foundations of Christian Faith series consists of twelve volumes on major theological themes such as the Trinity the Holy Spirit and the person and work of Jesus Christ This series enables readers to learn about contemporary theology in ways that are clear enjoyable and meaningful It examines the doctrines of the Christian faith and stimulates readers not only to think more deeply about their faith but also to understand their faith in relationship to contemporary challenges and questions Individuals and study groups alike will find these guides invaluable in their search for depth and integrity in their Christian faith The Joy of Ministry Thomas W., III Currie,2008

American Book Publishing Record ,2000-07 **Meditative Prayer** Richard Peace,2015-06-22 Our prayers should go

as deep as our souls Spiritual disciplines are simply ways to open ourselves to God They help us become aware of the many ways God speaks to us and provide us with ways to respond to God This book explores and explains how the historical disciplines and perspectives of the Christian faith can deepen both our walk with God and our community with others In today s society we are often handicapped in our spiritual growth by too narrow a horizon when it comes to spiritual practices Each generation suffers a kind of collective amnesia forgetting the practices and perspectives that nourished countless followers of Christ in centuries past Rediscovering these skills is one way to respond to our culture s and our own deep spiritual hunger While it is seemingly preposterous for us to suppose we can interact with the God of this universe Scripture repeatedly invites us to do that very thing Prayer is not a minor idea tucked into the cracks of the text it is central normative and expected Why is it then that our prayers are so often dry and difficult In *Meditative Prayer* you will discover those ways of prayer that make use of your mind and imagination that address your needs as well as strengthen your spirit By drawing from a number of different sources from Scripture from wise men and women who have gone before and from one another this study guide will enable your soul to drink deeply from the inexhaustible well of prayer Though you can use this guide for a personal journey of prayer it is ideally suited for exploration with a small group of like minded friends

Mullen,2017-08-28 *The Chance of Salvation* offers a history of conversions in the United States which shows how religious identity came to be a matter of choice Shortly after the American Revolution people in the United States increasingly encountered an expanded array of religious options Evangelical Protestants began an effort to convert Americans while

developing new practices that emphasized conversion as an immediate choice Their missionary effort extended to Native American nations such as the Cherokee in the Southeast who received Christianity on their own terms Enslaved and newly freed African Americans likewise created a variety of Christian conversion that was centered on religious hope and eschatological expectation Mormons drawing on earlier Protestant practices and beliefs enthusiastically proselytized for a new tradition that emphasized individual choice and free will By uncovering the way that religious identity is structured as an obligatory decision this book explains why Americans change their religions so much and why the United States is both highly religious in terms of religious affiliation and very secular in the sense that no religion is an unquestioned default
