

The background of the slide is a collage of structural steel-related images. At the top, there are several technical drawings: on the left, a side elevation of a truss bridge with various joints and supports labeled; in the center and right, floor plans or cross-sections of a building's steel frame, showing a grid of columns and beams with some areas highlighted in red. Below these drawings is a 3D perspective rendering of a large steel bridge. The bridge features a complex truss system with multiple vertical and diagonal members, supported by numerous concrete piers. The bridge deck is shown in a dark grey color, and the overall structure is rendered in a light blue-grey tone.
