The Youngs The Brothers Who Built AC DC:

The Youngs Jesse Fink, 2014 With sales of over 200 million albums AC DC is not just the biggest rock band in the world It s a family business built by three brothers George Malcolm and Angus Young And as with any business some people prospered while others got hurt along the way The Youngs The Brothers Who Built AC DC is unlike any AC DC book you ve read before Less a biography more a critical appreciation it tells the story of the trio through 11 classic songs and reveals some of the personal and creative secrets that went into their making Important figures from AC DC s long way to the top open up for the very first time while unsung heroes behind the band s success are given the credit they are due Accepted accounts of events are challenged while sensational new details emerge to cast a whole new light on the band s history especially their early years with Atlantic Records in the United States Former AC DC members and musicians from bands such as Guns N Roses Dropkick Murphys Airbourne and Rose Tattoo also give their perspectives on the Youngs brand of magic Their music has never pulled its punches Neither does The Youngs After 40 years AC DC might just have got the serious book it deserves

The Youngs JESSE FINK, 2015-11-03 The best book I ve ever read about AC DC Mark Evans AC DC 1975-77 A savvy new book Fink quite properly can t stand the kind of music critic who feels pleasing a crowd is a suspect achievement somehow antithetical to the spirit of rock In the end he seems to be in two minds about AC DC That seems the right number of minds for an adult to be in about them especially an adult who encountered their best albums during the sweet spot of his youth The Australian Recent books about AC DC didn t offer much to change our perception of the band Jesse Fink s study of the Young brothers takes a different approach giving us a different version of many stories especially when it comes to the wheeling and dealing behind the rock Fink is clearly in love with AC DC but he knows the old bird has some warts under her make up and doesn t shy away from revelations that cast the Youngs in a less than flattering light Rolling Stone four star review I loved it Jerry Greenberg president of Atlantic Records 1974-80 A great job Back In Black and Highway To Hell engineer Tony Platt With sales of over 200 million albums AC DC is not just the biggest rock band in the world it is a family empire built by three brothers George Malcolm and Angus Young One of the most original music biographies of recent times The Youngs The Brothers Who Built AC DC is unlike any AC DC book you ve read before It tells the extraordinary story of the men behind this musical and commercial colossus through eleven classic songs revealing some of the personal and creative secrets that went into their making Important figures from AC DC s long way to the top open up for the very first time jaw dropping revelations are made while unsung heroes behind the band s astonishing success are given due credit Accepted accounts of events are challenged sensational details emerge to cast a whole new light on the band s breakout years in the United States and a cast of AC DC insiders and musicians from bands such as Guns N Roses and Dropkick Murphys give their take on the Youngs brand of magic AC DC s music has never pulled its punches Neither does The Youngs After more than forty years AC DC finally has the serious book it deserves

Case,2021 In this insightful and timely book author George Case shows how an important strain of rock music spoke as much to a working class populist audience as to the rebellious youth audience we typically associate with this music helping to reset the boundaries of left and right in American society **The Decibel Diaries** Carter Alan,2017-04-04 An insider's tour of rock through 50 memorable concerts *The Eagle in the Mirror* Jesse Fink,2023-08-22 Part biography part forensic jigsaw puzzle part cold case detective investigation The Eagle in the Mirror is the story of Charles Howard Dick Ellis The longest serving spy for the British Secret Intelligence Service MI6 Ellis helped set up the Office of Strategic Services OSS now known as the Central Intelligence Agency CIA and the Australian Secret Intelligence Service ASIS In the 1940s he was considered one of the top three secret agents in MI6 and controlled its activities as one journalist put it for half the world But in the 1980s crusading espionage journalist Chapman Pincher in the hugely successful books *Their Trade is Treachery* and *Too Secret Too Long* and retired MI5 intelligence officer Peter Wright in the worldwide bestseller *Spycatcher* posthumously accused Ellis of having operated as a triple agent for Nazi Germany and the Soviet Union In 1965 while under interrogation in London Ellis had allegedly made a confession that he had supplied information to the Nazis before World War II However Pincher's and Wright's accusations against Ellis have never been comprehensively proven No confession has materialised Was Ellis guilty or was an innocent man framed By confessing did he take the fall for someone else Or had the intelligence agencies of the United States the United Kingdom and Australia been fatally compromised by a super mole Internationally bestselling author JESSE FINK Pure Narco Bon The Last Highway The Youngs attempts to find out the truth once and for all The Eagle in the Mirror is not just a long overdue biography of the unheralded Dick Ellis it's a gripping real life international whodunit *The Never-Ending Present* Michael Barclay,2019-05-07 The long awaited first ever print biography of Canada's band A clever touching and very informative book that may well be the definitive work on an important piece of Canadian pop culture Publishers Weekly starred review In the summer of 2016 more than a third of Canadians tuned in to watch the Tragically Hip's final performance Why Partially because Gord Downie's terminal brain cancer made the event much bigger than merely a musical occasion But also because these five men were always more than just a chart topping band They defined a generation of Canadian rock music They were a tabula rasa onto which fans could project their own ideas of performance of poetry of history of Canada itself Acclaimed music journalist Michael Barclay talks to dozens of the band's peers and friends about not just the Hip's music but about the opening bands dealing with disease through art Gord Downie's role in reconciliation with Indigenous people and the Hip's role in Canadian culture It's a book for those who have always loved the Hip and for everyone else As Downie said at that final show watched by millions Everyone is invited Everyone is involved *The Secret History of Rock 'n' Roll* Christopher Knowles,2010-10-01 Sex Drugs Loud music Wild costumes Dazzling light shows These words can all describe a great rock concert or a hot dance club but they were also part and parcel of the ancient cultural phenomenon known as the Mystery religions In this book author Christopher Knowles shows how the

The book describes traditional hot support for West Perth Football Club among teenaged supporters from middle class and working class backgrounds. The author shows how because of neo liberal ideologies and the corporatization of football the new national league the expanded VFL AFL relegated the WAFL to a second tier league in 1987. This move took place over the heads of ordinary football supporters and two WAFL club presidents. Moves to bring the game closer to the people in 1984 such as holding the best and fairest award count night at Perth Entertainment Centre should be seen in this light. This book will allow supporters to relive great teams great players and great matches from a wonderful era in WA football 1984-86 before West Coast Eagles joined the expanded VFL AFL. *A Brief History of Australia, Second Edition* Frances Murphy, Barbara West, 2021-05-01 A Brief History of Australia Second Edition provides a clear lively and comprehensive account of the history of Australia from ancient times to the present day.
