### **Cognitive Liberty** Chris P.

Younce., 2022-08-03 Mankind is at a crossroads Our social systems are breaking down because we've lost touch with our ecological position in the natural world We've become utterly distracted by the fast paced demands of daily life to the point where we've lost track of who we are We've forgotten how to work as a team and nurture the partnerships that helped us be who we are today Our neglected partnerships and abusive attitude toward our homeland reflect a mass symptom of ignorance that begs me to question the sanity of modern culture Our inability to apply our attention to our intention has placed our species into vulnerable territory Nature beckons us to wake up and remember who's in charge The research explored throughout this book is based on the personal evolutionary process of creativity our way of relating to the world The reason this exploration is so personal is that it deals with the universal qualities of consciousness as experienced uniquely by each individual on a subjective level Thus the theme of this project is to identify the objective aspect of evolving human consciousness by means of cognitive liberation This quest is meant to address the peculiar problems of the unconscious and subconscious that shape ordinary experiences This book considers consciousness as the locus of evolutionary change What does it mean to be free from insecurity to not get caught up in the trap of our minds and carried away from what truly matters in life Cognitive Liberty offers our bodies and minds a resolution to our being and embrace life as a journey on its own terms It's a friendly reminder that we're part of a learning process in constant stages of development and indeterminism

The more we are able to have fun with the process the greater the freedom we experience in return      **Healing with the Arts (embedded videos)** Michael Samuels, Mary Rockwood Lane, 2013-11-05 Heal yourself and your community with this proven 12 week program that uses the arts to awaken your innate healing abilities Acclaimed by hospitals and caretakers from around the world Healing with the Arts brings a tried and true program out of the medical field and into your home and neighborhood Improve your physical mental emotional and spiritual health in just 12 weeks Whether you are ill suffering from emotional trauma or looking to unite your community the arts become the conduit to restore your wellness and thrive in life Dr Michael Samuels and Dr Mary Rockwood Lane created and developed this unique and powerful process to help anyone heal Through innovative art projects from the visual arts movement and dance writing and music along with spiritual practices and guided imagery readers learn to get in touch with their inner muse and inner healer Based on years of research and experience in the medical community Healing with the Arts sets the stage for a more meaningful and healthier existence
