
Examiners' reports 2017

LA1010 Criminal law – Zone B

Introduction

As in previous years, the examiners attempt to make the examination as straightforward to pass as possible for those who are prepared to put in the hours of study and revision. Your module guide joins together with your textbook, consolidated by the activities appearing in each chapter. These activities direct you to sections of the textbook. If you now go through the examination paper below with your module guide open you will see that everything you need to answer the questions is there. For example, look at Question 6 and turn to your module guide, 12.1.4, the associated Activity 12.13 and the summary, and the references made to the textbook to help you solve the activity. If you do this, you will have all the information, knowledge and understanding to get a very good mark indeed! You will see, for example, that the activity directs you to 14.2.B.1 Wilson, which answers much of the question for you! Indeed Case 19 is essentially part (b) of Question 6. Make life and study easy for yourself: follow the advice and structure your study around the module guide and the textbook.

PART B – problem/essay question examination

Question 1

Mustaq and Somaya are colleagues who work at an art gallery. One day a valuable painting goes missing and Mustaq accuses Somaya of stealing it. This is untrue. Somaya is outraged and picks up a bronze sculpture and hurls it at Mustaq. In attempting to avoid being struck by the sculpture, Mustaq strikes his head on an open door, suffering a fractured skull. Somaya shouts, "You deserved that!", and storms out of the room. When Mustaq is found an hour later an ambulance is called. He is taken to hospital but is not examined for several hours due to the hospital receptionist forgetting to log his arrival. By the time the doctor arrives Mustaq has died. If he had been examined on arrival he would have survived.

Discuss the criminal liability of Somaya.

How, if at all, would your answer differ if Mustaq's accusation was true?
