Pilgrims' Passage Joe Buda, 2014-09-24 Why does Pilgrims Passage matter Why can greed and deceit still manipulate us Why do people choose power over family Working to address these questions and more Pilgrims Passage Into a New Millennium and Rebuilding the Past are journeys brimming with adventures through turbulent times during the transition into the twenty first century For Paul Bardeck and Claudia Weiss discovering a thousand year old monks journal fuels their quest to rebuild a mysterious ancient monastery perched upon the foothills in the Slovakian High Tatras with the promise of releasing boundless energy stored within ancient ruins as well as the Book of ONE Concurrently Karl Vlodas seemingly unquenchable thirst for wealth and power fueled by the Black Star Pact's dark energy seems to make the quest for ancient truths a sideshow As the pilgrims paths entangle will the promise of timely truths finally come to light Does standing against the powers of darkness really matter today *John Sinclair: Demon Hunter Volume 3 (English Edition)* Gabriel Conroy, 2021-07-30 In John Sinclair's line of work the lines are blurred between supernatural cults and organised crime both lead to extensive violence and upset the peace When the two combine into a force threatening to upheave London's underworld Sinclair has to team up with a new partner to prevent the Black Dragon from rising in more ways than one The aftermath brings equally little peace as Sinclair's new fling finds herself targeted by dark forces as well Can he save her without betraying all he holds dear Fault Lines in Global Jihad Assaf Moghadam, Brian Fishman, 2011-05-10 This book deals with the causes nature and impact of the divisions within the jihadi movement and the splits between jihadis and other Islamic groups Fault Lines in Global Jihad offers a systematic and comprehensive examination of the broad range of divisions that contribute to the weakening of the jihadi movement It separates these divisions into two broad categories namely fissures dividing jihadis themselves and divisions separating jihadis from other Muslim and Islamist groups The first part of the book covers intra jihadi divisions highlighting tensions and divisions over strategic tactical and organizational issues The second part of the book addresses several important case studies of jihadi altercations with other Muslim and Islamist groups of non jihadi persuasion such as the Muslim Brotherhood Hamas and the Shii community More than simply an enumeration of problems and cracks within al Qaeda and its cohorts this book addresses critical policy issues of relevance to the broader struggle against the global jihadi movement The editors conclude that these divisions have and continue to weaken al Qaeda but neither in an automatic nor in an exclusive fashion for these divisions render the global jihadi movement simultaneously vulnerable and more resilient This book will be of much interest to students of jihadism terrorism and political violence Islamism security studies and IR in general *Sanctuary* Ardis Dick Stenbakken, 2009 In the pages of this book women have bared their souls They have revealed how they try every day to follow the pattern that God has given for their lives They share how God has shown His presence in their homes their families and their lives Things have not always gone perfectly for these women but each has found sanctuary in the arms and love of her mighty God the God who is also her Savior **The**

Cherry Harvest Amy Wachspress, 2012-06-19 Three generations of women struggle with oppression in this prize winning historical saga from a natural born storyteller Julia Alvarez When I remember Russia I ache with longing for the village of my birth where the beloved grandparents magically produced candy in a handshake and told stories of long ago when God spoke to humans and enchantments filled the world Two Jewish sisters born in Russia shortly before the Communist Revolution are forced to flee the pogroms and persecution and travel with their parents to British occupied Palestine The girls' parents befriend a widower with two children and join forces creating a blended family When the girls are teenagers World War II tears the family apart sending the girls separately to France and America Their lives unfold in tandem babies are born friendships forged and cherry pies baked despite the brutal backdrop of the Holocaust As the family grows into the next generation one of the daughters an artist drawn to a bohemian lifestyle surrounds herself with a multicultural circle of friends the likes of which her ancestors could not have imagined Subsequently the artist's turns her passion to providing aid to Salvadoran refugees fleeing the death squads in their homeland just as her own grandmother once fled the pogroms of Russia As she follows her vocation of reversing the damage that torturers inflict on their victims she must also overcome a past life trauma that haunts her very core A winner of the Fabri Literary Prize *Memories from Cherry Harvest* spans seventy years and five continents explores the physics of memory and shows how the tenacity of good can ultimately withstand and overcome the memory of tragedy Like Julia Alvarez's *In the Time of the Butterflies* and Doris Lessing's *Martha Quest* novels this story about fighting the injustices of the 20th century will engage readers of politically charged fiction *Library Journal*
