

"A novel of ideas that also happens to be entertaining. And yes, fun. And like those maverick classics *Alice in Wonderland* and *Gargantua*, *Nine Kinds of Naked* is as fanciful and inventive in its form, its structure, as it is in its observations." — Tom Robbins

Nine Kinds of Naked Tony Vigorito, 2015-02-17 Part quirky love story part philosophical manifesto and part metaphysical mystery right at home with the works of Tom Robbins and Christopher Moore Sacramento Book Review A prisoner spins a playing card into a somersault stirring a whirlwind that becomes a tornado that takes the roof off a church in nearby Normal Illinois Elizabeth Wildhack is born in that church and someday she will meet that prisoner a man named Diablo on the streets of New Orleans where a hurricane like Great White Spot hovers off the coast But how is it all interconnected And what does it have to do with a time traveling serf and a secret society whose motto is Walk away This surreal novel exploring chaos theory comes from the acclaimed author of the cult favorites Just a Couple of Days and Love and Other Pranks As fanciful and inventive in its form as it is in its observations It fed tasty crackers to all the hungry parrots in my mental aviary Tom Robbins Linguistic gymnastics abound Vigorito demonstrates once again that he s a wild stylist startlingly original an entertaining anarchist Chicago Sun Times A whimsical tale of time space coincidence and cause and effect The author displays most of the linguistic acrobatics and playful rumination that made his debut a cult classic In the tradition of Douglas Adams and Tom Robbins Kirkus Reviews

Just a Couple of Days Tony Vigorito, 2015-03-17 Winner of the Independent Publisher Book Award for Best Visionary Fiction A lyrical thoughtful viral meme of a book Christopher Moore author of Noir It all starts when a mischievous artist kicks off a game of graffiti tag by painting the phrase Uh oh on an overpass Next an anonymous interlocutor writes back When Then someone slyly answers Just a couple of days But exactly what will happen in just a couple of days Readers don t have long to wait before Professor Blip Korterly is arrested and his molecular biologist friend Dr Flake Fountain is drafted into a shadow government research project to develop the ultimate weapon a biological agent that will render its targets unable to understand symbols thus disrupting humanity s ability to communicate Soon an accidental outbreak turns into a merry hearted babble inducing apocalypse that will either destroy humankind or take it to the next step in evolution Praised by Tom Robbins who said it may be the most unusual the most original novel I have ever read Tony Vigorito s debut novel is an underground hit that ponders what might happen at the end of time Vigorito s irreverent whimsical style has attracted a cult following The final apocalyptic vision is a twist not seen since Kurt Vonnegut s Cat s Cradle Recommended Library Journal

Alexanderson, 2011 This book is the second volume based on lectures for pre college students given by prominent mathematicians in the Bay Area Mathematical Adventures BAMA This book reflects the flavor of the BAMA lectures and the excitement they have generated among the high school and middle school students in the Silicon Valley The topics cover a wide range of mathematical subjects each treated by a leading proponent of the subject at levels designed to challenge and attract students whose mathematical interests are just beginning In addition the treatments given here will intrigue and enchant a more mature mathematician It is hoped that the publication of these lectures will expose students outside of the San Francisco Bay Area to interesting mathematical topics and treatments outside of their normal experience in the classroom Mathematical educators are encouraged to offer the students in their own localities similar opportunities to come into contact with exciting adventures in mathematics
