Promotion de la Justice, Des Droits de L'homme Et Du Règlement Des Conflits Par Le Droit International Marcelo Gustavo Kohen, 2007 This *Liber Amicorum* is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate Institute of International Studies of Geneva where he served as Professor of International Law for more than three decades and where he has also held the position of Director. It was written by his colleagues and friends from the European Court of Human Rights from universities all around the world from the Swiss Foreign Affairs Ministry and many other national and international institutions. The *Liber Amicorum* Lucius Caflisch covers different fields in which Judge Caflisch has excelled in his various capacities as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces including matters regarding the law of the sea, international waterways, Antarctica and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes both generally and with regard to any particular means of settlement. The contributions are in both English and French. **Genie Civil**, 1884 *Lexicon Of Human Rights / Les Définitions des Droits de l'Homme* Cédric Viale, 2008-10-31 This volume contains terms often found in international human rights instruments together with clear, authentic, objective and easily understandable definitions of them. Human rights are so fundamental and so important for everyone that all human rights documents should be understood by anyone, old or young, educated or uneducated, expert or non expert. Yet many human rights conventions, declarations, instruments and volumes and papers are extremely hard to comprehend or are easily misunderstood because certain expressions and terms are not clearly defined or are written in such a way that only those familiar with UN jargon can understand. This publication is a useful tool for those who face such difficulty in understanding UN human rights documents and other texts. The volume is easy to use yet rich in detail and will be an indispensable tool for practitioners, researchers and students of human rights law.
