Physics David Stapleton,2024-06-20 *Advanced Calculus for Mathematical Modeling in Engineering and Physics* introduces the principles and methods of advanced calculus for mathematical modeling through a balance of theory and application using a state space approach with elementary functional analysis This framework facilitates a deeper understanding of the nature of mathematical models and of the behavior of their solutions The work provides a variety of advanced calculus models for mathematical physical science and engineering audiences with discussion of how calculus based models and their discrete analogies are generated This valuable textbook offers scientific computations driven by Octave MATLAB script in recognition of the rising importance of associated numerical models Adopts a state space functional analysis approach to advanced calculus based models to provide a better understanding of the development of models and the behaviors of their solutions Uniquely includes discrete analogies to calculus based models as well as the derivation of many advanced calculus models of physics and engineering instead of only seeking solutions to the models Offers online teaching support for qualified instructors for selected solutions and study materials for students MATLAB Octave scripts *Statistical Physics of Fracture and Breakdown in Disordered Systems* Bikas K. Chakrabarti,Lucien-Gilles Benguigui,1997 Under extreme conditions the

mechanical or electrical properties of solids tend to be destabilized and failure or breakdown occurs In practice these instabilities in the solid often nucleate or spread from disorders in the structure of the solid This book investigates the modelling of such failure and breakdown processes The basic principles are illuminated with a large number of computer simulations and laboratory simulations or table top experiments Three particular case studies of failure are presented electrical failures like fuse and dielectric breakdown mechanical fracture and earthquakes as an example of dynamic failure
