## **Why Marijuana Is Safer Than Alcohol:**

Marijuana Is Safer Steve Fox, Paul Armentano, Mason Tvert, 2013 In 2012 voters in Colorado shocked the nation's political establishment by making the use of marijuana legal for anyone in the state twenty one years of age or older In the wake of that unprecedented victory nationally recognized marijuana policy experts Steve Fox Paul Armentano and Mason Tvert revisit the Marijuana Is Safer message that contributed to the campaign's success as the first edition of this book predicted in 2009 This updated and expanded version of Marijuana Is Safer includes a new chapter on the Colorado victory and information about how supporters can model similar campaigns in other states along with updates to research that supports the position that marijuana is safer than alcohol The authors through an objective examination of marijuana and alcohol and the laws and social practices that steer people toward the latter pose a simple yet rarely considered question Why do we punish adults who make the rational safer choice to use marijuana instead of alcohol Marijuana Is Safer provides an introduction to the cannabis plant and its effects on the user debunks some of the government's most frequently cited marijuana myths and most importantly provides persuasive arguments and talking points for the millions of Americans who want to advance the cause of marijuana policy reform and educate friends family coworkers elected officials and of course future voters Publisher's description

*A Potent Moment* Jeffrey Moyer, 2023-12-06 A Potent Moment assesses the current state of cannabis

laws in the United States in the context of broader discussions about drug policy and advances a framework for future efforts to use cannabis legalization to advance social equity It describes the racist origins of cannabis criminalization and the ways in which the prosecutors of the War on Drugs have disproportionately harmed people of color It also offers numerous detailed case studies to identify both the successes and failures of the more recent movement to legalize cannabis at the state level particularly in terms of their efficacy at using cannabis policy to redress social inequality At the same time the author considers the difficulty of crafting effective policies in the face of ongoing cannabis criminalization at the federal level a theme which is present throughout the book as well as in a chapter dedicated to weighing the benefits but also real dangers of various proposals for national legalization A Potent Moment ends with a forceful call to reorient American drug policy away from fear stigma and punishment and toward evidence driven approaches that are applied with compassion
