Written by the American Sport Education Program ASEP in conjunction with Rob Ash the head football coach at Drake University this book allows players to gain valuable gamelike playing experience in practice by putting them in key tactical situations like the scramble man to man and zone pass coverage and onside kick. Each skill is clearly described and nearly 150 photos are used to further help you understand and implement the techniques in specific situations. Included are quick tips on how to detect and correct errors cues athletes need to be aware of in various tactical situations and key information your athletes need to know to make the appropriate decisions on the field. Skills are cross referenced to show how they relate to each other and to enable you to plan practice situations quickly. Eight detailed practice plans incorporating gamelike situations and a season plan are included to help you get the most out of each practice. Endorsed by the American Football Coaches Association AFCA Coaching Football Technical and Tactical Skills serves as a companion resource for ASEP's Coaching Football Technical and Tactical Skills online course which along with Coaching Principles and Sport First Aid courses and CPR certification makes up the curriculum for ASEP's Bronze Level coaching certification program.
