It contains an accurate list of the tools you need, a detailed procedure to do your service but also to check and replace your front brakes pads and discs. You will see an example of the service book you should keep up to date and the scheduled maintenance for all the tasks that have to be done to keep your car in the best conditions. The main goal is to save money. For each maintenance it will cost you from 35€ to 50€ maximum while it costs more than 200€ at your car dealer. You save at least 150€ per service. More than money you save time here. We assure you that after the first learning you will not need more than 30 minutes. Better than going to the car dealer and wait for two hours. The Child's Play Maintenance manuals have the goal to allow anyone to do its car service himself. We think that your mechanic charges far too much for what it is and we want you to avoid this useless expense. Each manual is specific to a single model, location of the parts are different as the way to replace them.
