## **The Sage Handbook Of Political Communication:**

The SAGE Handbook of Political Communication Holli A Semetko, Margaret Scammell, 2012-04-03 This authoritative and comprehensive survey of political communication draws together a team of the world's leading scholars to provide a state of the art review that sets the agenda for future study. It is divided into five sections. Part One explores the macro level influences on political communication such as the media industry, new media technology and political systems. Part Two takes a grassroots perspective of the influences of social networks, real and online, on political communication. Part Three discusses methodological advances in political communication research. Part Four focuses on power and how it is conceptualized in political communication. Part Five provides an international, regional and comparative understanding of political communication in its various contexts. The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students, researchers and practitioners in the fields of politics, media and communication, sociology and research methods.

**The SAGE Handbook of Political Advertising** Lynda Lee Kaid, Christina Holtz-Bacha, 2006-06-14. The SAGE Handbook of Political Advertising provides a comprehensive view of the role political advertising plays in democracies around the world. Editors Lynda Lee Kaid and Christina Holtz-Bacha, along with an international group of contributors, examine the differences as well as the similarities of political advertising in established and evolving democratic governments. Key Features: Offers an international perspective. This Handbook examines the political television advertising process that has evolved in democracies around the world, including countries in Asia, Europe, Australia, Africa, Latin America and North America. In addition, a comparative overview addresses the effects of political advertising on the voters and the systems of which it is a part. Provides comprehensive coverage. For each country presented, an analysis is given of its political advertising history, its cultural implications, the political and regulatory systems related to political advertising, the effects of media system structures and the effects of new technologies. Includes examples from recent elections. The role specific candidate or party controlled television plays in a specific region's electoral process is examined. Original research on recent elections confirms the expanding significance of this form of political communication.
