They kept us locked in walled cities away from the unlucky people who got infected I suppose that made us the lucky ones but for me it was a pretty tough pill to swallow Before everything went down before a combination of rabies and leprosy turned people into something an awful lot like zombies I was a Maryland doctor nearing retirement wealthy and respected even if I was a pompous ass In the walled city all of that disappeared and I had nothing Not until Rosa showed up one day She had dreams making me realize that I had lost mine If not for her I would never have escaped Never seen the world outside the walls Never known hope again But with hope came fear and in our world that came with death Funny how the disease took away life community even civilization itself but gave me one thing I never knew I wanted family Still our life was a cruel life and it taught me one thing clearly We might not all get killed by this world this disease but there s no way we re all getting out alive Includes The Oasis of Filth Part 1 The Hopeless Pastures The Oasis of Filth Part 2 From Blood Reborn The Oasis of Filth Part 3 Winner of the Red City Review science fiction and fantasy book of the year award The book sets up a believable and in many ways terrifying world one which takes the zombie genre in a direction that can actually be called unique While a book about outcasts banding together may seem as overdone a trope as zombie fiction itself once again I have to assure anyone reading this that the author Keith Soares is in all ways a step above those expectations in his ideas and his execution I don t recommend reading this book I recommend reading every book this author publishes as I have no doubt he will continue raising the bar Soares paints a frightening realistic picture of life in a post apocalyptic world It s refreshing to read a book in this vein that allows the reader to explore a protagonist s anguish without relying on a flat twenty something hero Quite different from the majority of novels in the zombie apocalypse genre but in those differences were some truly great decisions by the author in creating a post apocalyptic environment and mind set that is unlike any other I have ever read and I have read literally over a hundred books by now dealing with post apocalyptic worlds A realistic zombie virus great book A zombie trilogy that had me hooked I found it to be unique among books in the zombie outbreak genre and very plausible Fast paced and exciting I couldn t put it down
