ANCIENT SECRETS OF CREATION Dr. Fred Reiss, 2007-06-20 Sepher Yetzira is a second or third century Hebrew

book that is considered to be the seminal work of Kabbalah because it is a mystical interpretation of the Old Testament's creation story and Kabbalists delve beneath the surface of the Bible to understand the unspoken mysteries of how the world came to be. *Ancient Secrets of Creation* is a new translation and reinterpretation of *Sepher Yetzira* that provides the answers to questions about how God created the world, especially how the expression *And God said* is used. Because of *Sepher Yetzira*'s succinctness and the passage of time, its implicit meanings have been lost. However, this work provides a fresh understanding of *Sepher Yetzira* by rediscovering and clearly explaining those mathematical, scientific, philosophical, and theological foundations on which it rests. These include pertinent pre-Socratic Greek philosophies, the ideas of Plato, Plotinus, Iamblichus, Neopythagoreanism, and Neoplatonism, as well as the works of Philo of Alexandria, the Old Testament, and rabbinic understandings at the time that *Sepher Yetzira* was written. This translation and explication unlock the secrets hidden within the Hebrew language text of *Sepher Yetzira*, the book that started Kabbalah.

Evil Archaeology Heather Lynn, 2019-04-01
An investigation into the historical and archaeological evidence of demons, curses, and possession, featuring some of the most gruesome artifacts and sites ever discovered. Demons, jinn, possession, sinister artifacts, and gruesome archaeological discoveries haunt the pages of the new book by Dr. Heather Lynn. *Evil Archaeology* investigates the archaeological record for artifacts and evidence of evil entities, revealing how demons from the ancient world may be dwelling among us. It also looks at the history and lore behind real relics believed to be haunted and includes historical accounts of demonic possession that go as far back as King Solomon invoking demons to help him build his famed temple. Is there really a prehistoric fertility goddess figure that has been known to bring death to the families of anyone who holds it? Are there real vampire graveyards? Can the archaeological record prove the existence of demons and malevolent entities? Some tantalizing questions *Evil Archaeology* addresses include: What is the origin of demons? What role did Sumerian demons play in the development of civilization? Are curses real? Can material objects contain evil? What about places? What can we do to protect ourselves according to historical records? Was Jesus an exorcist?
