Jahrhundert Antonio Carbone zeigt dies exemplarisch am Beispiel von Buenos Aires wo sich an einem Wendepunkt der Geschichte des modernen Argentinien und der globalen Stadtgeschichte nach dramatischen Cholera und Gelbfieberepidemien eine breite Diskussion um die Krise des Urbanen entfandete die zu einer partiellen Umgestaltung der Stadt führte In seiner Kultur Sozial Global und Umweltgeschichte nimmt er besonders drei urbane Brennpunkte in den Blick die industriellen Schlachthöfe die von Migrant_innen bewohnten Mietshäuser und einen Park im Stadtteil Palermo

Shumway, 2019-11 Mariquita s and Juan Manuel s lives corresponded with the major events and processes that shaped the turbulent beginnings of the Argentine nation many of which also shaped Latin America and the Atlantic World during the Age of Revolution 1750 1850 Esteban Echeverría Edgar C. Knowlton, 1986 *Narratives of Dictatorship in the Age of Revolution* Moisés Prieto, 2022-12-30 Between the mid eighteenth and the mid nineteenth century the idea of dictatorship changed drastically leaving back the ancient Roman paradigm and opening the way to a rule with extraordinary powers and which was unlimited in time While the French Revolution produced an acceleration of history and created new narratives of dictatorship with Napoleon Bonaparte as its most iconic embodiment the Latin American struggle for independence witnessed an unprecedented concentration of rulers seeking those new nations sovereignty through dictatorial rule Starting from the assumption that the age of revolution was one of dictators too this book aims at exploring how this new type of rulers whose authority was no longer based on dynastic succession or religious consecration sought legitimacy By unveiling the role of emotions hope fear and nostalgia in the making of a new paradigm of rule and focusing on the narratives legitimizing and de legitimizing dictatorship this study goes beyond traditional conceptual history For this purpose different sources such as libels history treatises encyclopedias plays poems librettos but also visual material will be resorted to This book is essential reading for scholars and students of modern history the history of emotions intellectual history global history cultural studies and political science *Darwin's Savages* Matthew Carr, 2025-05-29 In December 1832 Charles Darwin sailed into Tierra del Fuego down at the tip of South America and encountered Indians for the first time I would not have believed how entire the difference between savage and civilised man is he wrote It is greater than between a wild and a

domesticated animal But he was shocked by the war of extermination he witnessed in northern Patagonia waged by the colonising army of Buenos Aires Darwin's *Savages* explores how these experiences influenced Darwin's writings as well as the justifications for racial exterminations that others drew from his work In a sweeping account of soldiers missionaries anthropologists and skullcollecting scientists Matthew Carr traces the connections between colonial expansionism and scientific racism and the tragic extinction of indigenous peoples in one of the most remote places on Earth Combining travelogue history and essay this is a compelling journey through Patagonia past and present from indigenous graveyards and military memorials to archaeological sites and natural history museums Amid global battles for historical memory culture wars over race and empire and ongoing struggles for indigenous rights Carr chronicles the conquest of Argentina's First Peoples and the ideas that made it possible

Violated Frames Victoria Ruetalo, 2022-01-11 When Armando B and Isabel Sarli began making sexploitation films together in 1956 they provoked audiences by featuring explicit nudity that would increasingly become more audacious constantly challenging contemporary norms Their Argentine films developed a large and international fan base Analyzing the couple's films and their subsequent censorship *Violated Frames* develops a new roughly constructed and bad archive of relocated materials to debate questions of performance authorship stardom sexuality and circulation Victoria Ru talo situates B and Sarli's films amidst the popular culture and sexual norms in post 1955 Argentina and explores these films through the lens of bodies engaged in labor and leisure in a context of growing censorship Under Per n manual labor produced an affect that fixed a specific type of body to the populist movement of Peronism a type of body that was young lower classed and highly gendered The excesses of leisure in exhibition enjoyment and ecstasy in B and Sarli's films interrupted the already fragmented film narratives of the day and created alternative sexual possibilities

Latin America since Independence Alexander Dawson, 2014-09-22 What is Latin America after all While histories of the other Americas often link disparate histories through revolutionary or tragic narratives Latin America since Independence begins with the assumption that our efforts to imagine a common past for nearly thirty countries are deeply problematic Without losing sight of chronology or regional trends this text offers glimpses of the Latin American past through carefully selected stories Each chapter introduces students to a specific historical issue which in turn raises questions about the history of the Americas as a whole Key themes include Race and Citizenship Inequality and Economic Development Politics and Rights Social and Cultural Movements Globalization Violence and Civil Society The short thematic chapters are bolstered by the inclusion of relevant primary documents many translated for the first time including advertisements and posters song lyrics political speeches government documents and more Each chapter also includes timelines highlighting important dates and suggestions for further reading Richly informative and highly readable Latin America since Independence provides compelling accounts of this region's past

and present This second edition brings the story up to the present with revised chapters new primary documents and images and a new At A Glance feature that uses a selection of maps and tables to illuminate key issues like the economy the environment and demographics For additional information and classroom resources please visit the Latin America since Independence companion website at www.routledge.com/cw/dawson

Hybrid Nations Patricia Lapolla Swier, 2009 This book is an interdisciplinary study that addresses the critical role that gender plays in the formation of national identities in Latin America that are negotiated and challenged within extreme struggles for power This study which traverses the national landscapes of Argentina Cuba Venezuela and Guatemala and covers the time span between 1837 and 1946 is linked by the author's common strategy of employing gender codes in order to challenge overtly masculinist hegemonic political orders One of the goals of this investigation is to explore the fissures that surface as a result of the ongoing fluctuations of gender codes due in part to the diverse shifting of institutions of power during the late nineteenth and early twentieth century By disturbing deleterious conceptualizations associated with femininity and masculinity one can embark upon new and open ended readings of these historical national texts and appreciate the groundbreaking strides of early revolutionary Latin American writers Publisher description
