The Sopranos on the Couch Maurice Yacowar,2003-01-01 If television programming is normally considered a wasteland then The Sopranos may be thought of as a jungle richly colored teeming with life dark with mystery The Sopranos on the Couch is a must for all who are already caught up in the excitement as well as for viewers who are coming to the show for the first time Yacowar helps us understand exactly why we can't get enough of Tony Soprano and that colorful mafia family that we hate to love and often love to hate This pop culture sensation is not only the most controversial series on television but also the most provocative thoughtful and complex Its language and themes have stretched the norms of commercial television many characters and phrases having entered our everyday life The Sopranos on the Couch is the first book to provide a compact lively and authoritative examination of each episode and season the themes inside jokes and allusions thereby putting the series into a broader cultural context *Music Publishing* Ron Sobel,Dick

The Rough Guide to Rock Peter Buckley,2003 Compiles career biographies of over 1 200 artists and rock music reviews written by fans covering every phase of rock from R B through punk and rap Death List Edwin F. Becker,2012-08-15 When incurable pedophiles are released into our society does it give you comfort knowing where they live That is if they bother to register It is only circumstance that allows some dying senior citizens to realize they are exempt from the penalties associated with making the sex offender registry their Death List Targeting the worst of the worst they decide to make the world a bit safer for the children In their rationale even if they are caught they will be dead before they are sentenced This group of flawed unhappy Baby Boomers made up by a cast of very different characters decides that if the law itself is broken then breaking the law does not apply This is a very original story that incorporates many aspects that this gray generation is faced with as well as their personal feelings which transition as they bond in a common cause Make no mistake this is a violent book No one is spared as this heinous disease has spread to those in the most respected positions The solution Personal justice dealt out in large doses Think about it If a tiger was loose in your city what kind of response would it bring from those in authority Yet an incurable pedophile can be a multiple offender and living next door to you The characters in this book are tired of watching the heinous crimes against children on the news They realize they are immune from punishment which for some offers a chance at redemption This book also offers a glimpse of the world from the perspective of those that are a lost generation Losing their jobs to younger workers and without insurance stuck at an age where they are too young for government benefits and recipients of the separation syndrome that has affected so many families These are grandparents that refuse to accept that their grandchildren could become prey to these predators Expect the unexpected as they proceed with assistance and divine intervention This book should make you cheer laugh think and even shed a tear The first book marketing person that read this work called me to say it was in chapter two that he went online to find the 15 sex offenders lived with a two mile radius of his home I have two little girls he told me I hope it makes some people aware and more protective of their children I hope it causes some to write or call these judges that put these incurables back into our society Given the proliferation of these crimes this book may contain the only possible solution and become prophetic The Rough Guide to Classical Music Rough Guides,2010-05-03 The Rough Guide to Classical Music is the ideal handbook spanning a thousand years of music from Gregorian chant via Bach and Beethoven to contemporaries such as Thomas Ad s and Kaija Saariaho Both a CD buyer s guide and a who s who the guide includes concise biographical profiles of more than 200 composers and informative summaries of the major compositions in all genres from chamber works to operatic epics For novices and experts alike the fully updated fifth edition features contemporary composer Helmut
