Farrokh,2005-08-23 Toward the end of the 20th century the prevailing prayers of Christians around the world made a profound impact on bringing down the Berlin Wall However at the start of a new millennium the world witnessed on television not the ugly face of communism but that of Islam as two jets crashed into the World Trade Center Suddenly Christians across America were asking What is Islam Who are Muslims and Why would they kill innocent people but more importantly How do we pray for them F J Farrokh addresses this challenging question through this book Dr Tom White Executive Director The Voice of the Martyrs Jailbreak provides a prayer mat for Christian intercessors by weaving together unique historical theological and cultural threads of insight about Muslims and Islam Author F J Farrokh gives a spiritual perspective on the following Beyond the stereotypes what are Muslims really like Why is it so difficult for Muslims to come to Christ How is the Spirit of Islam tied to the Spirit of Humanism What issues are Muslims wrestling with at the heart level that are opening them to the Gospel How can your prayers help bring a great move of God to the Muslim world Jailbreak encourages intensified prayer for the Muslim world in the months and years leading up to a significant historical milestone The year 2010 will mark a 1400 year period since the inception of Islam in 610 A D Could that be the year the reign of the Spirit of Islam is destined to come to an end **Foretold Kingdoms of the Islamic Anti-Christ** Johnny Spencer,2018-09-24 If you don t wish to be left in the dark and base your admiration and acceptance of the religion of Islam on what is less than true assuming it is just as every other religion in the world then you must read Foretold Kingdoms of the Islamic Anti Christ to learn of Islam s true origin and true

Allah Is Not God and Muhammad Is the Messenger of Allah Ross W. Genger, 2010-07-16 Islam presents an astonishing situation as it rejects all except those totally committing their will and mind to Allah Muhammad And The Qur'an along with several other authority figures and traditions The Bible accepts any and all who will come as humble sinners and seek the One God through the sacrifice of the Messiah of the Jews This book is in total agreement with the Qur'an when the Qur'an says that most Jews and most Christians are evil corrupt and liars by the standards of right and wrong found in the Qur'an that is The alternative is also true and again in agreement with the Qur'an Muslims do not and may not adhere To The teachings of the Bible which results in being lost by biblical teachings The simple truth of the Qur'an is that Jews and Christians do not follow the Allah of the Qur'an except a few who become Muslim Also true is that the Muslims do not follow the God of the Bible except a few who accept Jesus God of the Bible is not Allah of the Qur'an and Allah of the Qur'an is not God of the Bible by name by description by personality by judgment or by love The Qur'an has its greatest error when it says it is the completion and continuation of biblical revelation This is fully accepted by Muslims because they have been taught that the Bible is corrupted not the true one and they do not read the Bible

Tenants of Terror Brenden Pumphrey, 2021-06-02 While we are busy viewing the Taliban and ISIS as our main threats there is this hidden army just waiting to wage war with us right next door to our major cities Tenants of Terror A straightforward analysis of the history and development of Islam and its radical factions Brenden Pumphrey sheds light on unpleasant answers to such questions as What is radical Islam What do these radicals believe How prevalent is this threat How can we tell the difference between a radical extremist and a member of the peaceful majority What is happening now Why are these things happening What are the solutions Since its inception Islamic extremism has waged bloody conflict against all those that dare to stand in its path Seeking to untangle and explore the inner workings of these extremist groups Tenants of Terror has developed beyond its humble beginnings as an undergraduate thesis into a comprehensive study of the dogma plans and methodology of radical Islamic terrorists within our society It addresses why the threat of terror and Sharia has not been addressed by our governments and most importantly this manuscript reveals how we can stop the growing tide of radical Islamic extremism before it is too late

Extremist Islam Kumar Ramakrishna, 2022 Since the Bali terrorist attacks in 2002 law enforcement agencies have rigorously combatted terrorist networks in Southeast Asia yet groups motivated by violent extremist interpretations of Islam remain resilient and dangerous This book shines a light on specific beliefs behaviors and policies that impact these challenges ultimately offering cutting edge effective tools for response The book begins by challenging misguided and controversial notions that depict Islam as an inherently violent religion arguing that the theological ideological amalgam of what has been called Salafism is the more useful lens for recognizing closed minded extremist currents The book carefully distinguishes this Salafist extremist mindset from relatively open minded Salafist radicalism paying due attention to nonviolent extremists and the ways they can contribute to rather than reduce violent terrorist activity in the region Using poignant case studies from

Malaysia Singapore the Philippines and Indonesia the book clarifies a bewildering range of terminology associated with Islamist violence and explains how imprecise and oversimplified narratives are destructive to progress and worse empowering to terrorist organizations These chapters build up to research informed policies and rhetorical recommendations for improved outcomes With its novel insights into the root causes of extremist terrorism in Southeast Asia the ineffective policies that prohibit progress and promote unrest in this region and the avenues for positive change this book offers a comprehensive strategy for fostering theologically sound yet culturally authentic counterterrorist measures that defend the complex richly textured tapestry of culture in Southeast Asia **Moon-o-theism, Volume II of II** Yoel Natan,2006 This is
