book manages to educate and entertain in equal measure and this dare I say well informed retrohead actually learnt a good deal A thoroughly enjoyable read Mark Howlett aka Lord Arse Hugely funny and full of fantastic facts about the history of video games But enough about me Steve s book is also quite good Ellie Gibson Eurogamer A hilarious history of the golden period of computer games from the creator of Dara O Briain s Go 8 Bit It is fair to say Steve McNeil likes video games He took a Nintendo Wii with him on his honeymoon obviously and spent so much time playing smartphone games in bed in the dark that he got eye strain and had to wear an eye patch The locals nicknamed him the pale pirate Steve s obsession with video games can be traced back to the golden period from the early 70s to the late 90s In this book he will delve into these games from the appallingly bad to the breathtakingly good He will also take us through the nerdy geniuses who created them their fierce rivalries and risks often leading to some of the most farcical moments in the history of entertainment This is a story of obsession full of tales of Space Invaders Donkey Kong Mario Sonic Wolfenstein 3D Worms and many more It will also answer important questions about the golden age Questions like Why did Namco feel they had to change the name of Puck Man to Pac Man because they were worried about graffiti when Nintendo were more than happy to bring out Duck Hunt Joysticks at the ready Let s do a gaming
