Sunday School Lessons Bible Heroes:

Great Men and Women of the Bible Lisa DeVinney, 2012-11-11 Heroes are people we look up to and admire perhaps because of their great feats of strength and courage The Bible is full of godly heroes who lived lives of courage faith and conviction They were not always men and women of great natural ability But God has always delighted in taking ordinary people and using them to do extraordinary things for Him These Sunday School lessons are meant to bring these Bible heroes to life not just so we can admire what they've done but also to encourage us to know that God might just be calling us to be modern heroes of faith for Him We can find courage in reading how God faithfully provided for His heroes of the past Our faith can grow as we study time after time where God's hand moved to protect and strengthen them And we can be resolved that when God calls us we can be ready to follow in the footprints of the Old and New Testament Heroes of faith

Scripture texts for infant classes in Sunday schools, 1854 **The Sunday School Teacher**, 1868 **The African American Guide to the Bible** H.C. Felder, 2018-10-31 The African American Guide to the Bible makes the case for the relevance of the Bible from the perspective of people of color It presents a comprehensive biblical view of topics of interest to African Americans and clarifies racial issues for white people Part 1 addresses the inspiration of the Bible by giving evidence for its authenticity A considerable amount of time is spent on examining the original text of the Bible the archeological evidence and the evidence from predictive prophecy to demonstrate the uniqueness of the Bible Part 2 deals with the black presence in the Bible by demonstrating the prominence of people of color and black people in particular by highlighting their importance in the plan of God It explains what it means to be black and demonstrates that the scientific and biblical evidence are both consistent with respect to race Part 3 is a response to the arguments of racism used by critics of the Bible for example Christianity is the white man's religion and Bible supports slavery and racism These arguments are examined and evaluated in light of scripture and the context of history Part 4 deals with the unity of humanity from a biblical perspective It shows why racism is not only unbiblical but is evil when understood from the perspective of God
